ANOTHER PACIFIC SCANDAL.

Unearthed by the *Globe* in section B Contract—But Denied Point Blank by the Parties Implicated—The Charge and the Answer—Jimmy Cotton and Gen. Hewson Again to the Fore.

The *Globe* of Friday gave its leading editorial column to a double-headed article with a six line heading, showing up what it and the *London Advertiser* synchronously called "A second Pacific Scandal."

THE GLOBE'S CHARGE amounts to this: That Section B of the Canada Pacific railway has been in the hands of a contracting firm consisting of Alexander Manning of Toronto. Peter McLaran of Perth, John (represented by James) Shields of Toronto, and J. J. Macdonald; that Mr. John Shields and Mr. Macdonald had the firm's business and its funds; that these two contributed vast sums to aid the conservatives in the general elections of 1882 and the Ontario elections of 1883; that in one single instance they withdrew \$40,000 for this object; that Mr. Shields went round the country bribing right and left; that he paid Gen. Hewson \$2,500 to silence him and his suit against Sir John Macdonald; that he helped the U. E. club out of its difficulties; that all these advances of money had to be reconced to the firm, and that it was done under their contract, and this was accomplished by transferring an honorable engineer to British Columbia who made way for another who allowed the contractors an increase of \$300,000; (2) that a further sum of \$120,000 was allowed these contractors for the transfer of the line to the syndicate before the stipulated time; (3) that provisions had been made for still further allowances in the future; (4) that the Canada Pacific has been compelled to take the contractors' plant over and pay \$70,000 for it. The *Globe* further represents Mr. Manning as totally disapproving of the advances made to the conservative fund, and that as soon as he learned thereof he refused to bear his share of it; hence the row. Lastly, the *Globe* says Shields and Macdonald made \$50,000 out of ties of which he got no share.

Mr. Shields published letters in the *Globe*, *Mail* and *World*, on Saturday denying the charges in toto, and accuses Messrs. General Hewson, James Cotton and T. W. Anxlin of being the instigators of the affair, and also demands the retraction of the statements made, failing in which he will enter an action for criminal libel. General Hewson writes to the *Globe* stating that he knows nothing of the affair therefore could not give any information, but states that on the 14th April 1881 he received from the contractors of Section "B" \$2,500 to withhold proceedings against Sir John Macdonald. Mr. Manning also writes the *Globe* and *Mail* denying the correctness of the *Globe's* disclosures. The *Globe* daily reiterates the charges, and gives additional evidence in proof of its statements.

The Foot Ball Match.

To the editor of the LIBERAL:
In reading over the comments on the recent foot-ball match between the H. S. clubs of Richmond Hill & Weston, as published in the *Herald* it may not be out of place for me to rectify several unfair and incorrect statements, no doubt calculated to convey false impressions. In the first place, it is stated that the Weston team averaged fifteen lbs. per man more and were two or three years older than their opponents. With regard to the weight, we were perhaps a little heavier, but certainly not so much as alleged, and with reference to the age I have no hesitancy in saying that the Weston Club had no advantage whatever, several of the Hill boys being older than any of ours. It is further stated that the Weston team was not wholly composed of High School pupils, was taken from different quarters and was picked from the whole country side. Regarding this, it is true that we played three ex-pupils, but permit me to say that the team was not chosen from the whole country side, and did not contain players that were not bona-fide members of the club. The account further says that the referee decided the first game as a disputed one. Now this is not the case! The referee, Mr. Cody, gave his decision impartially in our favor, no one had any right whatever to dispute it, for his decision should be final. The second game was taken by the Weston team and not, as stated, by their opponents. The match therefore resulted in a victory for our club, on the referee's own ruling, by three to one. To conclude, Mr. Editor, surely a friendly foot-ball match should not be the subject of so much dispute. The Weston team went to Richmond Hill, as gentlemen, to play a gentlemanly game; and that so many misstatements should have been made about the match and so many uncomplimentary remarks about the team, is, to say the least of it, unfair, unkind, and quite unnecessary.
Thanking you for your space,
I remain,
Yours respectfully,
C. P. GLASSFORD.

Signed on behalf of
Weston, H. S. F. B. C.,

KLEINBURG.

(From Our Own Correspondent.)
ACCIDENT.
On the 31st ult Mr. James Orr was so unfortunate as to get his leg broken while assisting at the raising of a barn on Mr. Wm. Mitchell's farm. At the same raising Mr. White, carpenter, of Nobleton, was knocked down by a blow on the head from a pike-pole. He regained consciousness in a few minutes and attended to his work but it is feared the consequences are more serious than at first supposed.

The Richmond Hill Fair

To the editor of THE LIBERAL:

DEAR SIR,—Will you allow me to make a few remarks in regard to your Fair, and let me state that I am friendly to the Institution, and wish it every success, but it must be apparent to every one that has attended the Fair for the last two years, at least, that in some things it is a failure, and to my mind the business men of your village are to a great extent the cause. Now sir, I think the Fair would have been very much more attractive if your mechanics had made a general display of at least leading articles in their respective callings. And to commence with the printer, could they not exhibit specimens of their craft? Your sewing machine agent might have had two or three sewing machines on exhibition. Your milliners ought to have had a case of millinery, your tinsmith ought to have had several stoves as well as other things in the Hall. Your furniture dealers, your watch makers, your shoe makers, your harness makers, and I might go on through the various industries in your village. I am certain that if you wish the Fair to continue a success that the people of Richmond Hill will have to exert themselves more in the future than they have in the past. If each one would do their part the Fair would be to the ladies at least the most attractive part of the Show and the business men of the village would find that it was the cheapest way of advertising they could adopt. Another thing I might direct your attention to is the lack of Special Prizes. In Woodbridge and Markham the business men give (and they can well afford to) Special Prizes for special attractions, and thus help the Society in that way. I hope sir that these remarks may do good and stir the people of Richmond Hill to take more interest in the Fair in the future than they have in the past. The dinners in the churches are a grand arrangement. May they never be given up! The officers of the Society are extremely courteous and kind, and I hope to see them next year assisted by every artisan in the village, each making a good display.

MORALITY.

County Commissioners.
Special to THE LIBERAL.
The commissioners of the County met on the 29th ult., passed several accounts, principally for repairs to Court House. The 30th they visited the Kingston Road. Gravel is used to a great extent upon this road. The eastern part of the road is very little travelled; it will require considerable time to pay for the \$10,000 bridge over the Rognie erected by the liberal commissioners of 1879. It is outside of the County and when the roads are abandoned Ontario County will have the benefit of it. The 31st the Lake Shore Road and Dundas Streets were visited after a very heavy rain of the night previous. Paris of Dundas St. requires very little repairing probably from the nature of the soil. Two bridges were considered unsafe and new ones ordered—one at Springfield, the other at Cookville—June 1st. Yonge St. was inspected—protection ordered for York Mills embankment. All the roads are in a much better state than the Toronto macadamized Streets.

EMERY GOSSIP.

(From Our Own Correspondent.)
The public school teacher has returned from his examinations, looking as well as usual. The pupils rejoiced at his return, which speaks well of his standing among them. His success is not yet known. The solemnity of the choir practise was broken the other evening by a number of young men from the country entering the church. We are not fully aware of their business, but from the merchant being aroused from his slumbers about midnight by the same party. The fact that the young ladies were at the bottom of this act is clearly presented.
We would ask the members of the Emery Literary Society not to forget the meeting on the first Wednesday evening of each month. We are annoyed by the farmers every time they enter town complaining of the wet weather and mourning for fear of no potatoes this season.

For all disorders of the Stomach, Liver, and Kidneys, Dr. Carson's Stomach Bitters are unsurpassed. They strengthen the whole system, give a healthy complexion, bring back the keen edge of appetite and arouse into action the whole physical energy of the human frame.
Peter Kieffer, Buffalo, says: "I was badly bitten by a horse a few days ago, and was induced by a friend, who witnessed the occurrence, to try Dr. Thomas' Electric Oil. It relieved the pain almost immediately and in four days the wound was completely healed. Nothing can be better for fresh wounds." See that you get the genuine Dr. Thomas' Oil, as there are imitations on the market.

MISCELLANY.

Give Holloway's Corn Cure a trial. It removes ten corns from one pair of feet without any pain.

Pleasant as syrup; nothing equals it as a worm medicine; the name is Mother Graves' Worm Exterminator.

*The man who knows nothing of Mrs. Lydia Pinkham and her sovereign remedy for women is wanted for a Juryman. The fact clearly proves that he does not read the papers.—N. H. Register.

A PLEASANT ACKNOWLEDGMENT.—"Had sour stomach and miserable appetite for months, and grew thin every day. I used Burdock Blood Bitters with the most marvelous results; feel splendid." MRS. JOSEPH JOHNSON, Pittsburgh, Pa.

A MINISTER'S EVIDENCE.—The all prevalent malady of civilized life is Dyspepsia. Rev. W. E. Gilford, of Butwell, was cured of dyspepsia and liver complaint that rendered his life almost a burden. The cure was completed by three bottles of Burdock Blood Bitters.

A REMARKABLE FACT.—It is a remarkable fact that W. A. Edgers, of Frankville, who was so far gone with liver and kidney complaint that his life was despaired of, was cured with four bottles of Burdock Blood Bitters. At one time he lay a fortnight without an operation of the bowels.

ONE OF MANY.—Mr. R. W. Carmichael, Chemist and Druggist, of Belleville, writes as follows:—"Your Burdock Blood Bitters have a steady sale, are patronized by the best families here and surrounding country, and all attest to its virtues with unqualified satisfaction."

A VOICE FROM THE UNITED STATES.—I have suffered for the last 20 years with Dyspepsia and General Debility, and tried many remedies, but with little success until I used Burdock Blood Bitters, when relief was quick and permanent.

A. LOUGH, Alpena, Michigan, U. S. Miss Mary Campbell, Elin, writes: "After taking four bottles of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, I feel as if I were a new person. I had been troubled with Dyspepsia for a number of years, and tried many remedies, but of no avail, until I used this celebrated Dyspeptic Cure." For all impurities of the Blood, Sick Headache, Liver and Kidney Complaints, Costiveness, etc., it is the best medicine known.
