Sure Sign.

Wiggins and other weather prophets predict a mild winter for 1883-4. It is a sure sign that we will have one of the most severe winters we have had for years.

Leap Year.

It will be leap year in three months. Keep up your spirits—you ladies who are yet unengaged.

A fine Residence.

Mr. Wm. Harding has moved into his new house, just south of this village. This is one of the finest farm residences in this section of country.

A Million Dollars.

It is roughly estimated that the holding of the Industrial Fair has been the means of causing to be set in circulation in the city of Toronto, between eight hundred thousand and a million dollars.

East York Fair.

The E. R. York and Markham Fair, held in Markham on Thursday and Friday last, was quite a success, though for some reason it was scarcely up to that of some previous years. The exhibits in some lines were excellent and the attendance was pretty good.

The new Readers.

Gage & Co's Series of Canadia ers has been adopted here by the Board of Education for use in the Public and High Schools, but it is not probable they will be extensively used in the Public School until after the next Entrance Examination. We are of the opinion the Board made a wise choice.

North York Fair.

The North York show, held at New-market on Tuesday and Wednesday of last week, though fairly successful, was not by any means up to that of former years, either in exhibits or attendance. The 25 cents admission fee gets credit for greatly reducing the attendance. The Lieutenant-Governor visited the grounds on the second day.

Under new Contro.

A meeting of the Board of Directors of the Toronto, Grey, & Bruce railway was held on Saturday, when the arrange-ments were completed for the control of the line by the Canada Pacific Company. The orders were issued appointing Mr. Whyte, the general manager of the Ontario and Quebec and Credit. Valley railways, to the general managership of the large amount of money. line and that gentleman took charge on

The late Harvest.

The harvest this year has been later than any within the memory of the celebrated endurdual "the oldest inhabitant." Last week we observed several fields, of grain not yet garnered, and one uncut. As the winter of 1882.3 was one of the longest and severest on record, so the summer of 1883 has been one of the coldest and the harvest the latest on record. These will be points for the oldest in-

A successful Anniversary.

The Dedication Anniversary held in connection with the Methodist Church here on Sunday and Monday were fairly successful. Excellent sermons were preached on Sunday by Rev. I Tovell, of Toronto. On Monday evening an excellent tea was served, after which in-teresting addresses were delivered by Revs. J. H. Starr, Newmarket, J. W. Totten, Thornhill, and E. Barrass, M.A., Kleinburg. The attendance was good and the financial success satisfactory.

Action and Counter-action.

The firm of W. J. Gage & Co., whole-sale booksellers, and the publishers of "Gage's Canadian Readers," have entered an action for \$10,000 damages against James Campbell & Son, the publishers of the rival set of Readers, because the latter inserted an advertisement in the city papers which, it is alleged, damaged the business of the former. The advertise-ment stated that one Smith, an electro-typer, had sued Gage & Co. for a large The advertisesum of money for altering the title plates of his readers from "English" to "Can-It is said that Campbell & Son have entered a counter-action against Gage & Co. for \$50,000 for libellous statements in connection with their agency of the Oxford University press edition of the Revised New Testament.

Examination Appeals.

There was some six or seven appeals made from the decision of the Examiners in connection with the examinations held in July last. The result, as far as learned, is: Lilian Gladdish raised from a Third to a Second B; Eleanor M. Miller, Thir 1; Ella M. Marsh, Third; George Gray, Inter. There are other appeals that have not yet been heard from. This adds three, and one a higher standing, to the list already published, making in all twenty-three out of the twenty-six who went up. Richmond Hill is making for itself a grand record in High School

Maple Church Re-Opening.

Maple Methodist congregation, determined not to be behind the other congregations on the circuit in church enterprise, have been enlarging, repairing and beautifying their church. Their re-opening is being held as we go to press, Thursday, p. m. At 3 p. m. Rev. Hugh Johnston, M. A., B. D., of Toronto, will preach, after which tea will be served and then addresses delivered by Revs. Hugh Johnston, Geo. Cochtane, D. D., President of the Toronto Conference, and Dr. Stone, of Hamilton. The services will be continued on Sunday, when Rev. S. Rice. D. D., President of the General Conference, and one of the General Supertendents elect of The Methodist Church, will preach morning and evening.

The Smellie Farm.

The following is an extract from the report of the judges appointed by the Agricultural and Arts Association of Ontario on Prize Farm competition, made at the Provincial Exhibition at Guelph:—Mr. David Smellie's farm—second silver medal. This farm comprises 175 acres; it is situated in the township of Vaughan, in the west riding of the county of York. It is everything included, the most beautifully fitted up farm we ever remember seeing. From the rail fences to the last touch of the painter on the front door, everything is absolutely perfect, as far as appearance goes. The homestead is composed of a lot of the finest looking farm buildings that are to be seen in the country, and must in the aggregate cost a

Heroes of the Plains.

Mr. J. W. Buel, the well known author and traveller, spent a large part of the past summer among the Indians of the West, and during the same time visited the renowned Chief, Sitting Bull, at Standing Rock Agency, Dakota. there he obtained from Sitting Bull and his principal Chiefs a full account of the massacre of Custer and his men in June, 1876. This is the first and only time the Indians have told their side of the story, which is more intensely interesting because none of Custer's men lived to relate the horrors of that unparalleled massacre. Mr. Buel has added a full history of this great historical event, and his own experience among the savages, to his celebrated book, "Heroes of the Plains," with fine portraits of Sitting Bull and his principal Chiefs, and many other illustrations. He has also added the life and adventures of "White Beaver," the great Medicine Man of the Sioux, with many new and spirited illustrations, forming one of the most complete and thrilling works on Western life ever written. book is highly recommended by Maj. Gen. Merritt, Commander of the West Point Military Academy, and other distinguished people. Agents are wanted; see advertisement elsewhere.

PERSONALS.

On Tuesday last Mr. Joseph Gibson, ex-Reeve of Yorkville, called on us. Mr. Gibson and family are readers and appreciators of THE LIBERAL.

Messrs, A. S. and R. Patterson returned on Monday from their trip to the south, and not as announced last week. They went as far as St. Louis, visiting the Illinois State Fair in Chicago, and the Missouri State Fair at St. Louis. They made good use of their bicycles while away, at one time making the run from Chicago to Pullman and return, a distance of thirty, two miles. They thoroughly enjoyed there in the chicago in the c
