On Friday last the Maple Meshodist Sunday School held its steighing party. It passed through Richmond Hill with flying colors, there being several large loads, with four horse teams. They were apparently happy, singing their Sunday School songs.

Twenty-five a Week.

The Toronto gaot is being filled by paupers and laborers out of employment, and who have nothing to live on, at the rate of twen-ty-five per week. This is a terrible state of affairs, and no time should be lost in ascertaining the cause of so much rauperism.

Almost a Repetition.

There was almost a repetition of the Humber disaster on Friday afternoon in the same spot as the late accident by a freight train running into the rear end of a suburban train. It was averted by getting the freight stopped within three yards of the suburban. Several jumped, but only one woman was

Annual Meeting.

The officers and teachers of the Presby terian Subbath School in this place held their annual meeting on Thursday evening of last week. After the usual study of the lesson for the succeeding Sabbath, the following officers were elected for the ensuing year:—Superintendent, R. Marsh; Asst. Super. and Secretary, Geo. Trench; Treas-arer, E. Sistey; Organiet, Miss Baillie.

The Comet that has been so long talked about is now visible in the north-western heavens, and in the evening is about midway between the horizon and the zenith. Look for it between the Northern Cross and the Great Square of Pegasus-pearer the latter. You may require a glass to find it, but if you know exactly where to look you can see it with the naked eye. A good opera glass will LLOYD—At Kettleby, on the 8th inst., Ada & show it up to good advantage. Lloyd, aged 24 years, 11 menths and 22 days.

Fratefnal Visit.

County Council.

The political complexion of the York County Council is most decidedly Reform. Less than one third of the members are Conservative, and for this they have in great measure to thank themselves. During the year they threw down the gaundet and the deaucoses for the purpose of controlling the election politically, and now they have their reward. Thirteen out of forty-five is a weak showing.—N. Y. Reformer.

A new Theory.

A new theory has been advanced by some people that Susan Gibbs, the victim of the Humber tragedy, did not meet her death by foul play as is generally believed, but that she was seized with a fit and dropped dead before the could summon assistance. Those who advance this theory think the house was robbed afterwards by some one who chanced to go to the house. The police do not place much faith in this surmise.

Temperance Lecture.

Mr. Thomas McMurray, the well known temperance lecturer, delivered a lecture in the Temperance Hall on Wednesday night. The attendance was very small owing to other meetings at the same hour, but the lecture was one of more than ordinary interest, and those who failed to hear it failed to hear what every temperance worker ought to know and facts of great interest to all concerning the progress of the great temperance reform.

Well Treated Employees.

Perhaps few firms would treat their em-Pernaps iew nrins would treat their employees as those of the Patterson Agricultural Works are treated. A large number of the hands reside in this village, and have therefore a walk of about 1½ miles morning and evening. The big snow storm of last week made the roads difficult to walk on, and Mr. Patterson ordered one of his teams out night and morning bringing them to work and taking them home again until the roads had become beaten down, which was several

Missionary Services.

The annual Msssionary Services in connection with the Methodist Church here were held on Sunday. Rev. J. W. Totten, of Yonge Street Centre, preached in the morning. In the evening the annual Missionary Meeting was held. Dr Wilson was appointed chairman. Rev. J. E. Starr read the report, which showed that the Methodist Church sustained 394 missions supplied by 397 missionaries, contributed for their support \$169 836, of which Yonge Street North circuit contributed \$436, and Richmond Hill, of that amount, contributed \$134. After the reading of the report Rev. Orrin German, who for the past ten years has been a mis sionary among the Indians of the North-West, delivered an address of over an hour, which was filled with interesting sketches of missionary work and what he knew of it. After the taking up of the collection, passing around the subscription list, putting the us ual vote of thanks, and some clapping of hands-which could have been as well dispensed with on Sunday evening, though perhaps there was nothing exactly wrong about it—the meeting was brought to a close,
