Richmond Hill.

The Liberal.

RICHMOND HILL, Thursday, Feb. 14, '84.

The C. P. R.

Some years ago we were told that the Canada Pacific Railway would be constructed without involving any additional taxation on the country; this was the promise given by the Dominion Government, and any person knowing the amount of grants, and privileges already given will naturally say that such a promise might easily be fulfilled, as no other government would dare to lavish on a few speculators such an immense amount, the appropriations up to the present being some sixty millions of dollars, not taking into consideration the land grants to British Columbia and other advantages, such as exemption from taxation of their lands and works for twenty years; exemption from duty on the material and plant to be imported in the construction of their work; a monopoly of the railway system of the North-West for twenty years, together with many other privileges of which our readers are quite familiar.

That the Syndicate received enough, and more than enough for the construction of the road may be imagined from the well-known fact that another company composed of some of the strongest capitalists and foremost business men in the country came forward and offered to build the railway for nine millions of dollars less than the Syndicate were to receive, and without the protection of the monopoly clause of the contract. This last consideration could not, however, for a moment be entertained by the government; however, as the Syndicate had completed their bargain extremely favorable to themselves, and had received their charter on their own terms, it was never suspected that they would ever come back to the people of Canada and ask for additional assistance, but, notwithstanding all this, they now petition the government, and the government asks Parliament for help by way of loan to the extent of over twenty two millions of dollars.

Let the company be made to give up the monopoly of transportation of freight from the North-West and its immunity from taxation and duty; then it may have some plea for fresh demands; but until some more plausible reasons are brought forward for the taxation on our people, we certainly think it would be more in accordance with justice and give much better satisfaction to Ontario, Quebec and the older Provinces to stay the construction of the unremunerative parts of the railway, and leave the twenty-two millions in the pockets of the people.

Canadian Horticulturist.

We have received the January number of this handsome monthly magazine which is devoted to the development of Canadian horticulture. It is adorned with a colored plate of a new strawberry, and illustrated with numerous engravings, and full

of interesting and instructive information on fruit, flower and vegetable growing in Canada. The Editor is the well known and veteran horticulturist and long time Secretary of the Fruit Growers' Association of Ontario, by which society it is published. Every subscriber, in addition to the magazine, each number of which has a beautiful colored plate will receive also a copy of the annual report of the Fruit Growers' Association and Entomological Society of Canada, and have sent to them by mail their choice between a yearling of the Canada Baldwin apple, a vine of the Prentiss grape, a shrub, Dentzia Crenata or three packages of flower seeds, namely: one each of Pansy, Drummond Phlox and Rose-flowered Asters, procured direct from the most celebrated raisers in Europe. The price for all this is only One Dollar a year which may be sent direct to the Editor, D. W. Beadle, St. Catharines Ont. We advise you to send at once.

From a circular issued by the Minister of Education asking High school Head Masters for their views on points connected with our Educational system, it would seem that Mr Ross has some idea of doing away with the Intermediate Examination and the substitution of County examinations in their place. Mr Ross is a practical man, and has knowledge of the educational needs of the Country, and will not we are sure, make any changes, unless after careful consideration and when convinced of their wisdom.

KLEINBURG.

(From our own Correspondent.)

On the evening of the 26th ult., Kleinburg Lodge No. 10, I. O. G. T., was successfully re-organized by County Deputy Geo. J. Farmer, assisted by a number of Templars from Noyleton and Woodbridge. A lively interest is manifested in the matter by staunch temperance men and the Lodge will no doubt become an influence for good to the village.

On the evening of the 8th inst., a Concert was given in the school house here, under the auspices of the Kleinburg Literary and Debating Club. The entertainment was very good, but the audience was not sufficiently large to make it a financial success. Mrs. Mackie, of Woodbridge, Miss Wells, of Stranage, Miss Barriss, of Kleinburg, Dr. Brown, of Toronto, Mr Edwards and Mr McNeillie, of Woodbridge took part in the entertainment. While the rendering of all was excellent, the singing of Dr Brown, and the elocution of Mr McNeillie, were treats such as we seldom or never before, enjoyed in Kleinburg.

OAK RIDGES

(From Our Own Correspondent.)

Miss Craven, of Toronto, is visiting friends in this vicinity.

The Salvation Army has already made flying visits to Aurora and threaten to open an active campaign at an early date.

Sleighting on the street was never better than during the past two days, and has been used to good advantage by those engaged in teaming logs, wood, &c., which has given the Ridges quite a business like appearance.

Mr. James Thompson, of Temperanceville, has sold his farm of 150 acres to Mr. Thomas Legge, of Oak Ridges, for the sum of \$8,000. This farm is a good one, and makes the third purchased by Mr. Legge within the last twelve years. Not bad for Tom.

The latest novelty in this locality is a Beef Society, which has for its object the furnishing to its members during the summer months good fresh beef at whole sale figures. This is an American in situation and is said to flourish well under a Republican form of Government, but how it will answer here under a N. P. time alone can tell.

The Revival Services going on in Aurora have been eminently successful in bringing many to a knowledge of the truth as it is in Jesus. Those engaged in the good are so thoroughly fixed with zeal for the cause that they have on several occasions formed themselves into procession and marched through the streets singing hymns and exhorting sinners to repentance. The testimonies of those lately brought into the church are very impressive, and show conclusively the effectual working of the Holy Spirit on the believer.

To assist nature most effectually in her efforts to throw off or resist serious disease, it is essential that an impulse should be given to functions which growing ill health suspends or weakens, namely, the action of the bowels bilious secretion and digestion. Ointments, though this is impracticable by the use of ordinary remedies, it proves an easy task when Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure is resorted to.

Much distress and sickness in children is caused by worms. Mother Graves' Worm Exterminator gives relief by removing the cause.

LOCALS

Upset.

As Miss Bella Duncan, accompanied by the Misses Reid, were leaving their residence in Thornhill Tuesday, to take part in the Entertainment in connection with the Anniversary in the Methodist Church here, the cutter, owing to a sideling place, suddenly capsize, and precipitated its fair occupants in the snow. Fortunately however, as might well be expected, a number of gallants were soon to the rescue, who, after complimenting the young ladies on their skill as equestriennes, and getting things put to rights again, started them on their northern journey. Although they did not escape scatheless, the affair might have proved far more serious.

High School Concert

The entertainment, on Friday evening last, given by the University Glee Club, composed of 25 or 30 undergraduate of Toronto, under the auspices of our High School, proved such a success that our people will long remember it and speak with pleasurable pride of the management under our able, popular and efficient new Head Master. The programme was a varied one of instrumental and vocal music, relieved here and there by readings and recitations. The Glee Club were encored at each effort and so heartily that they were compelled to respond. We have not space to speak of individual parts but we cannot overlook the special parts by Messrs A Henderson and W A Frost. The former gave two readings in a most effective manner, which elicited much applause. Mr Frost brought the house down with an unimitable pantomime, representing two presidential candidates, each of a different type and character, making campaign speeches. Several solos and a duett, "Love and War," were pleasing and enchantingly recited. The entertainment was presided over by Mr C J Arthur, M A, an ex-confederate gentleman. In his opening address he took occasion to speak of the Head Master's former popularity and success as a teacher. The last by the Glee Club, entitled the "Regular Army," was an unimitable representation in song and acting of a rag-muffin regiment. This was so well performed in all its parts, so ludicrous and mirth provoking that the spectators indulged in uncontrollable delight and laughter.

PERSONALS.

Mr Baldwin Teedy, of Toronto, spent Saturday night and Sunday with his parents here.

Rev J E Sanderson, M A, of Aurora, gave two able addresses, morning and evening in the Methodist Church here Sunday last.

Mr A G F Lawrence, of the firm of McDonald, Davison & Paterson, spent last Friday night with his parents in Richmond Hill.

Miss Alice Myers and Miss Libbie Scott, of Barrie, formerly of Richmond Hill, have been visiting here during the past week and are the guests of the Misses Teedy.

Mr J A. Surgeon Stewart has had the offer of a very lucrative and responsible position in Toronto, but as he has been negotiating for the purchase of a newspaper in a leading western town he has not yet decided to accept the offer.

Miss McQuarrie, of Maple, who was cured of an almost incurable disease, by faith and prayer, on June 5th, last, and of which a full account was given in this paper, still continues in good health, symptoms of her disease never having shown themselves since that time.

The Rev. J. E. Betts, of this place, preached in the C. M. Church, Aurora, last Sunday evening, to a large congregation, taking his text from Acts 24th Chap., 25th verse. The Rev. gentleman handled the subject well, giving his hearers a very powerful and impressive discourse upon the dangers and folly of procrastination.

Mr. C. J. Arthur, M. A., of Elizabeth City, North Carolina, spent Sunday in our village. He is an ex-Confederate Southern Planter, who is residing temporarily in Ontario in order to get a thorough insight into the working of our excellent educational system—which he considers one of the most perfect in the world—with a view to the improvement of the educational interests of his native state, which is far behind the age in this respect. Mr. Arthur is a gentleman of rare ability.

BIRTHS.

WILEY—At Holland Landing, on the 5th inst. the wife of D. G. Wiley, of a son.

MARRIAGES

SNIDER—CAMPBELL—On the 5th inst., by the Rev. E. Barriss, M. A., at the residence of the bride's parents, Mr. William Snider, eldest son of Martin Snider, Esq., to Sarah Campbell, daughter of Archibald Campbell, Esq., all of the Township of King.
