Lacrosse Association.

The Annual Meeting of the National Amateur Lacrosse Association of Chnada, was held in Toronto on Good Friday. There were fifty-four delegates present The following are some of the amendments which were made :- The size of the ball to be from 73 to 8 inches in circumference, and from 4 to 5 ounces; no player with his crosse, or otherwise, shall hold, strike, or trip an opponent, nor push him with his hand; no player shall be allowed to jump at or shoulder an opponent from behind, while running for, or after reaching the ball. A proposition that a match should be decided by the winning of the greatest number of games in a match of two hours' duration was lost.

#### " House Cleaning."

We wonder if there are any two words in our vocabulary which brings so many scenes to the mind as these. To the mind feminine, they are very refreshing, bringing up a general campaign of white-washing, papering, painting, &c., &c., which, after the tiresome routine of dish washing and pie-making, is too utterly delightful. But to the masculine part of the community; Great Cæsar! imagine a man, tired and hungry, Good stabling and attentive hostlers. Sample coming home for ainner and finding whitewash pails and brushes, scrubbing pails, &c., blocking up his way, and in heu of the dining table spread for a meal he finds its place occupied by a papering board. Words fail me to attempt to describe his sensations, but we may rest assured that "man wants but little here below" during house cleaning

## American Newspapers In 1664.

From the edition of Messrs. Geo. P. Rowell & Co's American Newspaper Directory, now in press, it appears that the newspapers and periodicals of all kinds at present issued in the United States and Canada reach a grand total of 13.402. This is a net gain of and exhibits an increase of 5,618 over the total number published just ten years since. The increase in 1874 over the total for 1873 was 493. During the past year the dailies have increased from 1,138 to 1,254; the weeklies from 9,062 to 10,028; and the monthlies from 1,091 to 1,499. The greatest increase is in the Western States. Illinois, for instance, now shows 1,009 papers in place of last year's total of 904, while Missouri issues 604 instead of the 523 reported influence. Sales attended on the shortest notice | in 1883. Other leading Western States also exhibit a great percentage of increase. The total number of papers in New York State is 1,523, against 1,399 in 1883. Canada has shared in the general increase.

## Lacrosse Concert.

The "Young Canadian" Lacrosse Concert, held in the Temperance Hall, in this village, on the evening of Good Friday, was a decided success in many respects. Indeed it could scarcely be otherwise, when we consider the many favorable features of the evening. To commence with the chairman, our worthy friend Dr. Coulter of Aurora, we cannot speak too highly of the manner in which he performed his part on that occasion, and who by his genial manner and pleasant remarks contributed greatly to the pleasure of the evening, and we are sure that his old friends felt a glow of pride in the remembrance that he was formerly a Richmond Hill boy. The Concert was opened by the Club, dressed in their uniform, and with Lacrosse sticks in hand sang "Our Club is out to-night," in a very spirited and pleasing manner; and we may remark here, that too much praise cannot be awarded the boys for the way in which they rendered several selections during the evening. Mr. Cameron, of Toronto, gave a number of recitations in fine style, "The Fireman," being decidedly grand. Mr. Sheppard, of Barrie, was very amusing in his comic songs and dances, and succeeded in eliciting hearty encores from the juvenile portion of the audience. Misces Wilson and Speight, of Markham, gave a duett with great sweetness and expression, and being encored kindly responded by a song. Miss Flora Coulter sang a song very beautifully, and although she has in time past delighted audiences in this village by her singing, we can safely say that on this occasion she surpassed all her previous efforts. Mr. Brodie, of Aurora, favored the audience with a song and was deservedly appreciated. This completes the vocal part of the programme, and the instrumental part was ably rendered by Miss Nicholls and Mr. C. Savage in cornet and piano duetts; Miss and Mr. Bailey in violin and piano, while the accompaniments to the various songs were very ably played by Misses Nicholl and Hewison. Miss Helena Wiley played for the Club. At the close of the programme the company sang God save the Queen-thus closing a very pleasant evening. Refreshments having been prepared in the dining-room of the Hall those who had contributed to the entertainment, together with Lacrosse boys and their friends | John Ross' machine shop, and a picket to the number of fifty sat down to a very nicely spread table, and we are sure all went home delighted with the evening's performance, and heartily wishing our boys success in their coming campaigns .- Proceeds clear of expenses \$31.55.

Having held a Policy in the Fire Insurance him without giving me any trouble whatever in the matter, and I would recommend Mr. Redditt and the Company he represents to the public.

Lumber and shingles are apparently in great demand from the stir about the Saw-mill. Mr. Burkholder found it necessary to make several improvements in the mill to meet pressing demands. The steam pipe gave out the other day, which caused no little commotion among the mill hands, the cause being soon khown, the excitement soon subsided. The deraugement has been remedied, and work commenced in good earnest.

> The special services which have been held in the C. M. Church for the past three weeks have come to a close. As a result some fifteen or twenty will in all likelyhood unite with the Church. The Rev. J. E Starr sonducted the services throughout. Many were the stirring appeals he made to sinners to give their hearts to the Saviour. No doubt many who refused to avail themselves of the invitations given will have to regret it, as it was in the days of Christ so it is today. "I have called but ye have refused

I observe that the Herald's correspondent made choice to give me a kindly notice in a late issue of that paper.
