A Column of Interesting Reading Matter

One trial of Mother Grave's Worm Exterminator will convince you that it has no equal as a worm medicine.

It has been decided to submit the Scott Act in Lennox and Addington.

Robert Lubbeck, Cedar Rapids writes. "I have used Dr. Thomas' Electric Oil both for myself and family for diptheria, with the very best results. I regard it as the best remedy for this disease, and would use no other." When buying Dr. Thomas' Electric Oil, see that you get the genuine. Beware of imitations.

Gunner Thompson was drummed out of "B" Battery, Kingston.

P. M. Markell, West Jeddore, N. S., writes: I wish to inform you of the wonderful qualities of Dr. Thomas' Electric Oil. I had a horse so lame that he could scarcely walk; the trouble was in the knee; and two or three applications cured him."

The Hebrews of Montreal are moving for a testimonial to Sir Moses Montefiore

The rock on which many a constitution goes to pieces is Dyspepsia. The loss of vigor which this disease involves, the maladies which accompany it, or which are aggravated by it, the mental despondency which it entails, are terribly exhaustive of vital stamina. Its true specific is Northrop and Lyman's Vegetable Discovery and Dispeptic Cure, which likewise overcomes bilious maladies, female ailments, and those coupled with impurity of the blood.

Two hundred loaves of bread under weight were seized at London Monday.

Mr. T. C. Wells, Chemist and Druggist, Port Colborne, Ont., writes: "Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure sells well, and gives the best of satisfaction for all diseases of the blood." It never fails to root out all diseases from the system, cures Dyspepsia, Liver Complaint, etc. purifies the blood, and will make you look the picture of health and happiness.

A man named Daforte choked to death while eating a beefsteak at an Ottawa saalon Monday evening.

Ayer's Cathartic Pills are suited to every age. Being sugar-coated they are easy to take, and though mild and pleasant in action, are thorough and searching in effect. Their efficacy in all disorders of the stomach and bowels is certified to by eminent physicians, prominent clergymen and many of our best citizens.

A rumour is circulated that the Grand Trunk work-shop will be transferred from Belleville to Kingston.

Perfect soundness of body and mind is possible only with pure blood. Leading medical authorities of all civilized countries endorse Ayer's Sarsaparilla as the best blood-purifying medicine in existence. It vastly increases the working and productive powers of both hand and brain.

At a late Council meeting of the Six Nation Indians, Chief John Buck, on behalf of the chiefs, was authorized to express sympathy with the Queen in her late bereavement.

Three boys arrested for stealing a gold watch were sentenced at Hamilton Monday to four years in the Reformatory.

NOBLETON.

From Our Own Correspondent. Fall wheat looks well in this neighborhood. It was feared it would be smothered on account of the great weight of snow during the winter. The next two weeks are more to be feared than the last three months.

Sugar-making has commenced, but so far the run has been a poor one. The woods here are ill-adapted to the business now. They are too open and exposed.

Mr. H. McMullin, merchant of this village, lost a fine little boy last week. Brain fever was the cause.

Mumps are prevalent now, and as it is many years since they visited us before some who are too old for infantile diseases have still to submit. The boys are hoping the school master will get them so that they will get some holidays.

Mr. E. G. Snider returned to the States after spending the winter in Canada. He thinks Canada is the place for health, and the States for business. Mr. William Walker returned from the States after a winter's absence. He thinks Canada is the place for business. There is no accounting for tastes.

VELLOFE.

(From Our Own Correspondent.) The farmers are preparing for seeding around here.

Good Friday was spent quietly here until evening, when a few of the young people visited the house of Mr. Joseph Harrison, for the purpose of having what might be called a taffy-pull. They had a very amusing time for a short while, after which they dismissed in pairs, the little chap taking the lead with his big mate.

Last Sunday afternoon, a young gentleman from a short distance, drove into this place for the purpose of spending a few pleasant hours with his loved one, and while unhitching his horse from his rig, forgot to do it properly; the horse started, running the shafts into the ground and turning the buggy up which made a bad smash, fortunately no one was hurt.

As the villagers are talking of building side-walks it is necessary to remove the wood into the back yards.

LASKAY.

(From our own Correspondent.)

A farmer living about one mile north of Laskay, by the name of McCallum, went down to Toronto by train, on the 29th day of March, to sell his Alsike clover. Being interested in his clover, he stopped talking to Mr. Renne rather long for his own good, as he arrived at the station just in time to be too late for the train. It being Saturday, he was anxious to get home, but not being able to do so, he went to the Royal. Sunday morning, he got out of bed in good season and walked home, the distance being twenty-seven miles. He is now an old gentleman, of over seventy years of age, notwithstanding which, the long walk did not seem to stiffen him in the least, as he is a staunch Highland grit from the old sod.

Last Friday night, some of the young folks of this village went to spend the evening at Mr. Lehman's. The evening was spent very pleasantly playing a harmless game called "consequence," but the consequence resulted in rather a sensational style. There were in the company, three fair maids of the village. On retiring, the young gentlemen, of course thought it proper to accompany the ladies home. The miller, and the shoemaker had a fair one each; the miller had to go south about eighty rods from the village. He got along very well till he arrived at her destination, when he was attacked by the big dog Caesar. The shoemaker had to go west about the same distance. He hadn't any bother going but the consequence was he got mired in the flats coming home and almost lost his boots. These young gentlemen say they will not play consequence any more.
