#### THORNHILL

From Our Own Correspondent. Mr. Johnston Wilson has taken a trip over to see his friends in Boston. As he is Superintendent, the Sabbath School will miss him and be glad to welcome his return. We hope that the change of air and scenery may prove beneficial to his health.

Mr. Robert Cox is busily engaged in digging a cellar in order to be prepared for the erection and rapid completion of

his new brick house. There has been some talk of late that the Salvation Army, from the City of Torento, intend renting the Victoria Hall in which to carry on some meetings. We sincerely hope they may have more common sense than to come to Thornhill as we have as many Ministers and Churches to sustain now, as we care about. We notice that public opinion has greatly changed with regard to it. It is only now being found out, by the different Denominations, that the Salvation Army is beginning to develop into a distinct Religious body, having Churches (Barracks) of its own and preachers at paid salaries. Now we are of the opinions that since union is being consummated, that for another church to spring up, so similar to the Methodist Church, is nothing but a down right humbug. The Army may be doing good work and we do not doubt but what it is; but we say let it do its work like an Evangelist and not seek to found a Society and establish a Church.

#### WESTON.

(From Our Own Correspondent.) SUDDEN DEATH. -Thomas Sutton a young man employed at the Woolen Mill died very suddenly on Saturday last, at his father's residence, the cause of death being paralyses, the result of an accident on the cars while returning from the Exhibition at Toronto in 1880, as may be remembered by your readers. When a short distance west of Union Station, being on the rear platform he leaned over to look at some object they had passed, his head struck against one of the pillars of the Bathurst St. bridge fracturing his skull. He lay unconscious for some days until a portion of the bone pressing on the brain was removed, he then recover-

Leading Druggists on this continent testify to the large and constantly increasing sales of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, and pronounce its beneficient effects upon their customers troubled with Liver Complaint, Constipation, Dyspepsia, Impurity of the Blood, and other physical infirmities, and as a female medicine, it has acomplished remarkable cures.

#### MAPI.E.

From our own Correspondent.

A fashionable wedding took place near this town on Thursday last; the happy couple being Charles Rumble and Miss Clement. From what I have heard the public are unanimous in wishing them a long, happy and prosperous life.

I think being a staunch supporter of law that it is my duty to notify the public, through the medium of your illustrious weekly, that any young gentleman or gentlemen standing around the Post Office are not to be taken for the proprietor thereof. You may think the assertion which I have made is without foundation, but I will refer to an incident that took place last week. A young gentleman having occasion to call at the Post Office was standing on the yerandah when a young lady mistook him for the Post-boy. Such a mistake, of course, aroused the feelings of the youth who was by nature inclined to be nobby. Mistakes of this kind should be avoided as far as possible

Mr. James McBride, one of our esteemed citizens, who lately had two ribs broken by a horse stepping on him, is recovering rapidly and will soon be able to begin work again.

It will be a source of great pleasure to some of our citizens and also to some in the surrounding country to be informed that the side-walk between the centre of the town and the station has been repaired. It is one of the greatest benefits that has befallen our town for many a

Quantity in medicine is no indication of value. Ayer's Sarsaparilla is concentrated and powerful; requires a smaller dose, than any other Sarsaparilla. It is the best of all blood medicines.

### VICTORIA SQUARE.

Frem Our Own Correspondent.

It gives me unbounded pleasure to state that a happy reconciliation is gradually taking place amongst some of the most conspicuous performers in last winter's drama, and everyone has assumed the appearance of "peace and good will."

Last Sunday our village gents were completely eclipsed by the appearance of two young gentlemen from Richmond 29 Wm. McDougall, jr Hill, Of course Messrs. F. G. and F. M. are now the chief mash for the ladies | 32 Jacob Snider

I am sorry that the young gentlemen | 35 James Malloy of this village do not find our evening service more attractive for I know it must be a great inconvenience to them to travel so far south for the purpose of hearing a fresh sermon.

The farmers have commenced seeding

The fall wheat looks well and has grown rapidly for the past few days.

#### WOODBRIDGE.

From Our Own Correspondent.

The revival services in connection with the C. M. Church, after a duration of eleven weeks, have come to a close. During the services there were about 125 seekers for religion; of these about eighty joined themselves to the C. M. Church, and it is likely that others will unite. The church for some time past did not seem large enough for the congregation, and now it is entirely too small. The Methodists have the largest congregation and least accommodation. Your correspondent thinks they ought to put forth

an effort to build a new church. Woodbridge is again blessed with the smiling face of our M. P. He has not lent health and found no inconvenience long a session. No doubt he feels a great from the opening in the skull until about | burden rolled from his mind after deten hours before his death. In parading the streets it seems very much like the Woodbridge of oll to see the Montreal House doing business as formerly. Internally the improvement has made a very great change, and the stock, all new, is worth examining.

The new store, one door west of the

Woodbridge Hotel, is being stocked and will be opened in a few days. The farmers are very busy seeding. Fall wheat, they say, looks well.

Fishing is the order of the day. Mumps are very prevalent, and no doubt the scholars of our school wish that all the teachers would get them and then they could fish without a hindrance. The assistant teacher of Pine Grove school has been sick for some two or three weeks, but Mr. Franks, the principal, will not let the scholars have a chance to fish, for he has the whole school under his control.
