Play or No Play.

Our Lacrosse boys are particularly anxious to meet the Bradford team, and settle the point as to who has the better Club, but on the other hand, Bradford appears just as arxious to keep at a distance. Some time ago the Hill boys sent a challenge asking them to play in Aurora on Saturday, May 17th. They received an answer saying it would not be convenient to play on a Saturday, but that about the 20th would suit them, Word was immediately returned, that that arrangement would answer, and our boys settled down to work, but having received no answer as to whether they would play on that date a telegram was sent north on Monday evening, to know if the game was to come off, and on Tuesday morning-the day on which they proposed to play -- an answer was received in two letters N-O, without any explanation whatever. The boys say if they received such treatment from any other Club except Bradford they would be surprised.

Lecture,

The lecture delivered in the Temperance Hall on Thursday evening last, by the Rev. T. Patterson, Rector of Deer Park, on "The The duck has a double head, having two Holy Land," proved to be a very interesting and intellectual feast. The lecture was illustrated by the aid of the stereopticon. The lecturer, while in Palestine, evidently paid particular attention to the country, as he was able to give a very true and minute description of numerous ancient scriptural and historical places. The city of Jerusalem, the Mount of Olives, the Garden of Geth, semene, the Golden Gate, the Valley of Jehosephat, together with a great many others were beautifully pictured, and the accounts given of them were very fine. In the course of his remarks, the lecturer stated that, alone of Toronto's sinbs. We wish our boys suc- | though the cities showed great architectural cess.
