Saturday last.

Mr. A. G. F. Lawrence, of the firm of Mc-

Mr. J. McBride, Head Master of our High

High School here, has received an appoint-
ment in the Brampton High School, at a
salary of \$900.

The Rev. J. E. Starr delivered his farewell
address in the C. M. Church on Sunday
evening last, which was one of the most
earnest and eloquent sermons ever given in
Richmond Hill. Mr. Starr takes charge of
the Berkley St. Church, Toronto.

The Rev. W. R. Barker preached an earn-
est and touching farewell sermon here Sat-
urday evening 28th ult., in the Presbyterian
Church, which was very kindly offered for
the occasion by the managers. That com-
modious edifice was crowded to the doors by
eager and attentive hearers. Many were
deeply affected by the reference to the separa-
tion about to take place between a pastor
and his people. Mr. Barker leaves here
deeply beloved by his own people and highly
respected by all other denominations.—*Can-
adian Statesman*, Bowmanville.

Mr. G. E. Riggins, Beamsville, writes;
A customer who tried a bottle of Northrop
& Lyman's Vegetable Discovery says it is
the best thing he ever used; to quote his
own words, 'It just seems to touch the
spot affected.' About a year ago he had
an attack of bilious fever, and was afraid
he was in for another, when I recom-
mended this valuable medicine with such
happy results.

Jos. Beaudin, M. D., Hull, writes:—
Dr. Thomas' Electric Oil commands a
large and increasing sale which it richly
merits. I have always found it exceed-
ingly helpful; I use it in all cases of
rheumatism, as well as fractures and dis-
locations. I made use of it myself to
calm the pains of a broken leg with disloca-
tion of the foot, and in two days I was
entirely relieved of the pain.

NORTH ETOBICOKE.

From our own Correspondent.

On Sunday and Monday last the
Methodists of this neighborhood held their
Sabbath School Anniversary, which
was a grand success in every respect. On
Sunday able sermons were delivered by
Mr. Isaac Wilson in the morning and by
Mrs. Wilson in the evening and were at-
tentionally listened to by crowded houses.
On Monday a tea-meeting was held and
large numbers availed themselves of the
opportunity of meeting together for
amusement, social intercourse, and to do
justice to the good things, provided by
the best cooks of our neighborhood. In
the evening excellent addresses were de-
livered by Revs. C. O. Johnson of York-
ville, and Wood of Malton. Receipts of
the day about \$55.

Changes have been taking place in this
section of the country in the shape of
deaths, marriages, removals, &c. One
party about to move, expecting that his
goods were about to be seized upon by
the Sheriff, distributed them round
amongst his neighbors, and fearing that
in failing to find anything else to take
possession of, they should seize upon him,
he made good his escape across the bor-
der, leaving his wife in possession of the
premises. Mrs. —, believing the danger
over, proceeded to collect the scattered
goods, part of which had been sent to
the house of another Mrs., whom I shall
call Mrs. X., and who lives west of our
school-house, but who, it is said, refused
to give them up. A Lawyer's letter was
then procured by Mrs. —, threatening
legal proceedings if the goods were not
released. But Mrs. X. was not to be
caught with chaff like that and refused
to take the letter or hear Mrs. — read
it, drowning her voice by ringing a cow
bell when she attempted to do so. The
local J. P. was then appealed to, who
wrote another letter something to the
same effect as the first, but whether it
will bring about the desired result or
whether the cow bell will again be made
use of remains to be seen.

There never was, and never will be, a
universal panacea, in one remedy, for all
ills to which flesh is heir—the very na-
ture of many curatives being such that
were the germs of other and differently
seated diseases rooted in the system of
the patient—what would relieve one ill,
in turn would aggravate the other. We
have, however, in Quinine Wine, when
obtainable in a sound undiluted state
a remedy for many and grievous ills. By
its gradual and judicious use, the frailest
systems are led into convalescence and
strength, by the influence which Quinine
exerts on nature's own restoratives. It
relieves the drooping spirits of those with
whom a chronic state of morbid despond-
ency and lack of interest in life is a dis-
ease, and, by tranquilizing the nerves,
disposes to sound and refreshing sleep—
imparts vigor to the action of the blood,
which, being stimulated, courses through-
out the veins, strengthening the healthy
animal functions of the system, thereby
making activity a necessary result,
strengthening the frame, and giving life
to the digestive organs, which naturally
demand increased substances—result, im-
proved appetite. Northrop & Lyman of
Toronto, have given to the public their
superior Quinine Wine at the usual rate,
and, gauged by the opinions of scientists
of this wine approaches nearest perfection
of any in the market.

VELOPE.

From our own Correspondent.

The farmers in this locality are busy
haying. Some of them say that the old
meadows are light, but that the new ones
are very heavy; if we have favorable
weather this week the most of the haying
will be through in this neighborhood.

Last Wednesday morning our village
blacksmith was taken ill very suddenly,
but we are glad to learn that he is well
again, and able to attend to his business.

The Celebration in this place on Do-
minion Day was a grand success. The
committee spared no pains in trying to
make everything agreeable, and deserve
credit for the able manner in which they
carried out the amusements. The follow-
ing is a list of the prizes given to the
successful competitors:—

Trotting Race—R. Douglas, C. McBride.
Running Race—J. Hugill, B. Rolland.
Tug of War.—The tug of war contest be-
tween King and Vaughan did not come
off, on account of some misunderstanding,
but for all that it was not a failure. Two
Captains were chosen on the ground; they
had two draws, each side winning once,
they would not draw the third time, there-
fore the money was divided.

Almost every person has some form of
scrofulous poison latent in his veins.
When this develops in scrofulous sores,
ulcers, or eruptions, or takes the form of
rheumatism, or organic diseases the suf-
fering that ensues is terrible beyond de-
scription. Hence the gratitude of those
who discover, as thousands yearly do,
that Ayer's Sarsaparilla will thoroughly
eradicate this evil from the system.

SPRINGHILL.

From Our Own Correspondent.

On Monday evening, a number of the
young people of Springhill set out for
Boid's Lake to do a little boating on
that beautiful sheet of water, and to have
a picnic in the grove adjoining. Every-
thing turned out a success. All spent an
enjoyable evening and returned home at
a reasonable hour.

The teachers and pupils of Springhill
Sabbath School held a picnic on Saturday
June 28th. Swings were erected by the
committee, so that young as well as old
might sow aloft. A game of quoits was
entered into with much energy. The
good things were numerous. One feature
rather suited us, which was the partaking
of two meals instead of one.

We are glad to see our esteemed friend
J. W. able to get around once more. In
a short time, he thinks he will be able to
resume work as usual.

Farm laborers in this part of the coun-
try are getting pretty high wages. Some
are receiving \$80 and \$85 for two months
labor.

Mr. A. Latter's strawberry patch has
remunerated him well this season. The
boys of Springhill seem to entertain a
wholesome regard for Mr. L. and the law.

Mr. and Mrs. Saigeon have gone to
Hollin to spend a few weeks with their
parents. Mr. Saigeon intends returning
as soon as harvest commences to lend a
helping hand.

The following is the standing obtained
by the pupils of S. Section No. 2, King,

To most children the bare suggestion
of a dose of castor oil is nauseating.
Why not, then, when physic is necessary
for the little ones, use Ayer's Cathartic
Pills? They combine
