

**Presentation.**

The following correspondence gives in brief the history of the new set of flags recently presented to the Young Canadian Lacrosse Club of this village, and now on exhibition at A. L. Skeele's:

RICHMOND HILL, Aug. 22nd, '84.

Mr. S. Searle, Sec. Young Canadian Lacrosse Club,

DEAR SIR,—My son, R. Baldwin Teefy, requests me on his behalf to present to the Young Canadian Lacrosse Club of this village, a set of Flags which he sent to me by express. I therefore hand you the Flags, and request you will present them to the club with R. B. Teefy's compliments.

I remain, very truly yours,  
M. TEEFY.

RICHMOND HILL, Aug. 26th, '84.

DEAR SIR,—I beg to acknowledge the receipt of your letter of the 22nd inst., in which you have kindly complied with the request of your son, Mr. R. Baldwin Teefy, to present on his behalf to our Lacrosse Club the magnificent set of Flags, of which he is the very generous donor. I am sure that you will be interested to learn the deep impression which the handsome and costly gift of an old companion has made, and accordingly I give you a copy of a resolution which was carried unanimously at a meeting of the club held to-night:

Moved by B. Brown, seconded by M. Wilson, that the thanks of this club be tendered to Mr. R. B. Teefy for the beautiful set of flags, which he has so kindly presented to us.

I am, yours respectfully,  
S. S. SEARLE,  
Sec. Young Canadian Lacrosse Club.  
M. Teefy, Esq., Richmond Hill.

RICHMOND HILL, Aug. 26th, '84.

DEAR SIR,—In thanking you for the splendid and valuable set of Flags which the Young Canadian Lacrosse Club has just received through the hand of your father, M. Teefy, Esq., I have been instructed to convey to you the deep sense of pleasure which your magnificent gift has caused, coming, as it does, from an old fellow villager, in whom absence serves only to increase interest in our welfare. I only express the unanimous opinion of the Club when I assure you that no prize or victory which we have ever gained has produced more satisfaction than this fine token of your regard for us. Enclosed I send you a copy of a resolution which was carried unanimously at a meeting of the Club held to-night.

I am, Yours very truly,  
S. S. SEARLE,  
Secy. Young Canadian Lacrosse Club.  
R. B. Teefy Esq., Toronto.

S. Chadwick, of Arcadia, Wayne Co. writes, "I have had severe attacks of Asthma for several years. I commenced taking Dr. Thomas' Electric Oil. The first dose relieved me in one hour. I continued taking it in teaspoonful doses for a few days, and have not had an attack of it since, now nearly one year."

**SPRINGHILL.**

From Our Own Correspondent.

A large number of the young people of the 3rd and 6th concessions of King, invited a number of friends from Springhill, Stouffville and Toronto to attend a picnic at Bond's Lake on Saturday evening. The evening was spent in tripping the light fantastic and in boating. Some hearts beat freely for none were there to stay their boating.

Our Station Agent takes an occasional visit to Barrie. We suppose some fond remembrance formed when there has not died out of his young breast yet. Report says some of the Springhill fair young damsels are doing all in their power to quench it.

On Saturday evening Mr. Herbert Lloyd returned from Galt. He speaks in glowing terms of the fair sex to be found in that town.

Mrs. B. Lloyd and Masters Erne and Melville are now visiting their friends, Mr. and Mrs. Dodds, formerly of King, now of Hagarville.

Mrs. Crossley has been confined to the house for a few days by illness.

The Public school of this place re-opened on Monday, 18th inst. During the vacation some restless spirit or spirits gained access through a broken window and prying the folded doors open made a way into the main building, where they tore the face off the clock. We are sorry that such desperate characters could not be found out and justice meted out to them.

Mr. John Hogan is the possessor of a fine horse colt, whose dam is Minnie Hogan and sired by Rysdyk. The colt cost Mr. Hogan in the neighborhood of \$200, but he is amply repaid by the action and appearance of the animal. We think it is the finest colt to be found in Canada.

The return cricket match between King and Maple juniors was played on Springhill cricket grounds on Saturday last, resulting in an easy victory for King gaining the day by one innings and 43 runs.

Mr. John Ross has built an office at the rear of his shop.

(Crowded out last week.)

Our barber is quite busy. Shaving off the whiskers and wearing moustaches is quite fashionable in our town; old as well as young have the infection.

The Methodist church was filled to overflowing on Sunday evening. On account of the large congregations and strangers feeling at a loss where to find a seat, ushers have been appointed. The seats in the church are free, but judging from the countenances of some, who when late, find the seat in which they are accustomed to sit occupied, one would suppose they were sole possessors.

Mr. R. Ross has cut and bound a great deal of grain in this neighborhood with the Brantford binder, for which he is an agent. The work has been inspected by many and in every case has given satisfaction. Mr. Ross cut wheat for Mr. J. Lloyd and J. Gillies which was lying flat on the ground; in fact, Mr. Gillies was told to take a sickle or a scythe and cut

his wheat as no binder could work in it.

Not being fond of this kind of work he waited for the binder, which did its work neatly and in an incredibly short time.

We are informed that every machine is giving satisfaction.

Last week, Mr. John Hogan went to pick thimble berries. The berries were all that could be desired, but he came home very dry on account of some damsels getting possession of his ale.

Our village carpenters are going to show us something soon. What is it?

If a few grains of common sense could be infused into the thick noddles of those who perpetually and alternately irritate and weaken their stomachs and bowels with drastic purgatives, they would use the highly accredited and healthful laxative and tonic, Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure which causes "good digestion to wait on appetite, and health on both."

**Terrible Tragedy.**

MARKDALE, Aug. 25.—About eleven o'clock this morning, when the school was dismissed for intermission, Mr. Norris, head teacher of Markdale school, shot Miss Ford, second teacher. Three shots took effect, one in the face below the cheek bone and two in the side of the head. Those in the head glanced off the skull and out again; the one in the face is still lodged in at the side of the upper maxilla. He then shot himself, the ball entering the skull over the right eye, and lodging somewhere in the brain. Mr. Norris expired in about an hour. Miss Ford, although very low, is quite conscious, and hopes are entertained of her recovery.

Mr. Norris is an unmarried man of about twenty-eight years of age. He came to this place from Lion's Head, County of Bruce, on the first of January of the present year and began teaching. He has always conducted himself in a very orderly manner, and gave universal satisfaction as head teacher in the Markdale public school, where three teachers are engaged. During the early part of the present summer he paid his attentions to the unfortunate young lady, Miss Ford. For some time past he paid but little attention to her, because she discouraged him. This morning the teachers were all on duty as usual. At the forenoon intermission Norris went from his room into the room of Miss Ford and they were engaged in conversation for over half an hour, when Miss Ford gradually approached her desk, and while leaning with her elbow on the desk and her hand on her face Norris approached the other side of the desk. He then asked her to marry him, and she refused. He then drew a revolver from his pocket and fired at her, the ball going between her fingers and into her face. She immediately dodged down under the desk, when he caught her by the arm and dragged her out and fired two more shots, which struck her in the head as before stated. She then ran out screaming, and ran to the first dwelling, about one hundred yards. Dr. Sproules, of Markdale, and Dr. Barnhart, of Owen Sound, are attending the young lady, and up to the present time have not extracted the ball which entered her face. She lies in a very weak condition, having lost a very large quantity of blood. Norris, before moving from the place where he shot her fired one shot at himself, the ball entering his right temple. He dropped to the floor insensible, never spoke, and died in about an hour afterwards. Two or three children were in the room during the time of the tragedy.

Miss Ford is an exemplary young lady, under twenty years of age. Her people live about a mile out of the village, her father having a large grist-mill. Mr. Ford and family are highly esteemed, and they have the deepest sympathy of the whole community. The greatest excitement prevails.

The Great French Lotion for Beautifying The Face.

It conceals the evidence of age. One application will make the most stubbornly red and rough hand beautifully soft and white. Impossible to detect in the beauty it confers any artificial character. It cures Greasy Skin, Freckles, Wrinkles, Pimples, Black Head, Crow's Feet, Blisters, Face Grubs, Sunburn, Tan, Ringworm, Chapped Hands, Sore or Chapped Lips, Barber's Itch, Tetter, &c. It frees the pores, oil glands and tubes from the injurious effects of powders and cosmetic washes. By its use all redness and roughness are prevented; it beautifies the skin and will make it smooth, soft and white, imparting a delicate softness; producing a perfectly healthy, natural and youthful appearance. The best Face Lotion the world ever produced. We will send a LARGE BOTTLE to any address on receipt of price—\$1.00. When ordering mention this paper.
