

WESTON.

From Our Own Correspondent.
At the Sons of England's picnic, a number of the Brocton roughs came on the Ground and behaved in a most ruffianly manner. An effort was made by the proprietor of the Ground during the afternoon to put them out, and a fight ensued in which the Brocton youths came out second best. They returned to Dr. Fisher's, near the West-Toronto Junction, to repair damages. They next visited the Hotel, but being refused liquor, they commenced to wreck the house and abuse the inmates. At this juncture, Constable Brown came on the scene, and succeeded after a hard tussle in arresting five of them, procured a conveyance and landed them about 11 o'clock in the Weston lock-up. Tuesday morning, Justices Tyrrell and Cruickshank held a Court and promptly ordered them to contribute to the funds of the County and cost the aggregate sum of \$84.59, or in default thereof, thirty days each. The names of those convicted were Daniel Wood, Thomas Jordan, Nicholas H. Davin, James Randal and Thomas Grey; Daniel Wood paid the fine, the others were sent down.

Joseph Hollingsworth, late an employe of the Woollen Mills here, having accepted a similar situation in Messrs. Phillips & Berrey's Mill at Lambton, returned on Thursday with a team to remove his family. On proceeding down the hill on Dundas St. entering the village, a portion of the furniture fell off the load, frightening the horses which ran down the hill at a terrific rate. When opposite Hunwick's Hotel sheds, they suddenly wheeled toward them, upsetting the load and hurling the occupants, Mr. McDonald, driver, Mr. and Mrs. Hollingsworth and three children, off the wagon with terrible force on the ground. Those present rendered immediate assistance in extricating the unfortunate family, who were under the furniture and all badly hurt. Mrs. Hollingsworth fatally, she never regaining consciousness and died about an hour after the accident. Mr. Hollingsworth and the children, though badly bruised, are fast recovering. The driver, who, by the way, appears to have acted with great courage and presence of mind, came off with scarcely a scratch. Mrs. F. A. Howland, who happened to be passing when the accident happened, and several other ladies near the scene, behaved to the sufferers in the most praiseworthy manner, as did every one, the village demonstrating their sympathy in the most tangible way by subscribing a handsome sum to defray funeral and necessary expenses, and support the children until the father is able to work.

The semi-monthly meeting of the Council was held on the 22nd inst. Routine business, ordering payment of some accounts for sidewalks, repairs, &c., and the introducing of a By-Law to open certain streets was the only business before the Council.

To the Editor of THE LIBERAL:
SIR,—You will kindly allow me a short space in your paper to answer a communication which appeared in the York Herald a few weeks ago. I was not aware before, that our little village had another correspondent, but such appears to be the case; the great difference however is, that your humble correspondent gives the true facts as they occur, while that of the opposite is not at all particular about sticking to the truth, but rather the opposite. He suggests that I should take some lessons before writing for a paper, and feels horrified to think that I should speak of the increase of calves &c. In regard to the former, I must confess I am not a professor in an educational institution, but when referring to calves again I may not forget to class him as one of the number.

When I first wrote for your paper I did not think of continuing, but as I found our citizens were anxious to hear the home news, I came to the conclusion to write occasionally. You may expect to hear from me again soon, when I will furnish you with some news items, and in the meantime if "Wide Awake" wishes to speak to me either privately or publicly, let him call around; or if he wishes to know anything more about himself, I am prepared to furnish him with the pedigree. Leaving the public to judge which is the "pumpkin,"

I am, yours &c.

NOBLETON.

From Our Own Correspondent.
The I. O. G. Temple's purpose to have a picnic on the 20th instant. A good time is expected; arrangements are being made for a match game of base-ball with some of the neighboring clubs.

Mr. Chas. Hambly, Merchant and Postmaster of this village has resigned his business in favor of his sons, George and Edward. The young men are well and favorably known and no doubt they will even increase the good business done by their father; we wish them every success.

Mr. Robert Kennedy of the 9th of King had a narrow escape from severe injury the other day. He was putting back sheaves on a scaffold, and by some means fell to the floor, bruising himself very badly.

HALL'S
Vegetable Sicilian
HAIR RENEWER

was the first preparation perfectly adapted to cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and youthful beauty. It has had many imitators, but none have so fully met all the requirements needful for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause: the entire fulfillment of its promises.

The proprietors have often been surprised at the receipt of orders from remote countries, where they had never made an effort for its introduction.

The use for a short time of HALL'S HAIR RENEWER wonderfully improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever, and dryness, and thus prevents baldness. It stimulates the weakened glands, and enables them to push forward a new and vigorous growth. The effects of this article are not transient, like those of alcoholic preparations, but remain a long time, which makes its use a matter of economy.

MAY DEW

The Great French Lotion for Beautifying The Face.

It conceals the evidence of age. One application will make the most stubbornly red and rough hand beautifully soft and white. Remember that "MAY DEW" is not a paint or powder that fills up the pores of the skin, and that is injurious to the skin, but a new and great discovery, a vegetable liquid, that causes the cheek to glow with health, the neck arms and hands to rival the lily in whiteness. Impossible to detect in the beauty it confers any artificial character. It cures Greasy Skin, Freckles, Wrinkles, Pimples, Black Head, Crow's Feet, Blisters, Face Grubs, Stunburn, Jan, Ringworm, Chapped Hands, Sore or Chapped Lips, Barber's Itch, Tetter, &c. It frees the pores, oil glands and tubes from the injurious effects of powders and cosmetic washes. By its use all redness and roughness are prevented; it beautifies the skin and will make it smooth, soft and white, imparting a delicate softness; producing a perfectly healthy, natural and youthful appearance. The best Face Lotion the world ever produced. We will send a LARGE BOTTLE to any address on receipt of price—\$1.00. When ordering mention this paper.
