The best way to repair strength and inincrease the bodily substance is to invigorate the stomach and improve the circulation with Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. Simultaneously with the disappearance of indigestion it relieves that morbid despondency, and the nervouness which are as much the product of dyspepsia as the weakness of the stomach and loss of vigor and flesh which proceed from it; as a blood purifier it has no equal.

YONGE STREET.

From our own Correspondent.

The Bachelors' Social came off last evening Nov. 19th, and for a week back the elect of this locality have been on the alert, anxiously enquiring, " how will they manage the tables and eatables without our aid ? " But they were more than surprised when they beheld the grand spread which awaited them. Fruit in large quantities, and of different kinds; some cooked, some half cooked and some raw, to suit different tastes. Game also in abundance, besides the sweet-cakes of different kinds, such as people supply at ordinary first-class tea-meetings, (minus tarts, etc.,) all of which were prepared by the young men only. The bachelors were all provided with aprons, caps and cravats, of lily-whiteness, which seemed to light up their levely countenances, and each with his eagle eye and his other eye, anxiously watching every opportunity to make the festival the most gorgeous ever held. And all went merry as a marriage bell. A thousand hearts beat happily (more or less). The entertainment which followed was of a choice character. A number of choruses were given by the Mr. and Misses Fisher in a very pleasing manner. Readings were given. by Miss Miller, and from different members of the fraternity, and all who were present can congratulate themselves upon having attended one of the most enjoyable entertainments ever held in this

In these sketches an effort is made to hit off not only the facial expression, but the general figure as well, each subject being given in some characteristic pose. Wherever possible the drawing will be made from life, so as to ensure accuracy in these respects. At the same time a staid matter of fact portrait is not aimed at, but that far more attractive and unique thing-a caricature embracing a likeness. Each portrait is accompanied by a brief biographical notice

written in a spirit to correspond with the picture. When we call upon Canadians to encourage this enterprise we are after all not asking them to do anything vast. They already have in GRIP abundant value for \$2 per annum, and as has been already stated the GALLERY, which alone is worth more than the amount of subscription, is a free gift. All we request therefore is that those who are not already upon our list shell subscribe for GRIP: We decline to argue asi to whether \$2 per year can be spent in any better way intellectually. There is no question to argue. The intelligent citizen of Canada who has that amount per year to invest for his mental pleasure may safely take our word on this point, he will certainly find nothing to buy for the money which will be so satisfactory as a receipt for a subscrittion to GRIF.
