THE IMPROVED PORCELAIN CHURN!

We offer This Churn solely on its merits, knowing that wherever it goes it will make a clean record.

The following are a few of the many advantages conceded to the Porcelain Churn by all who have used it: Its great advantage over all others, being made of Agate Iron, which presents a surface the same as your porcelainware dishes, will not break or scale off, will not rust or corrode, is impervious to heat or cold, does not shrink, swell or leak, nor take in or absorb any of the acids of cream, and consequently is as easily kept clean as a china bowl; it is a great saver of labor and so light-running that a child can work it; the quality and quantity of butter made; the ease of removing the butter and cleaning the churn.

Buy a Porcelain Churn if you want the Best. Call and see them.
