### Creditors' Notice.

Malloy, Purpleville, on or before the 15th day of November next, the full particulars of their claims, &c. After that date the executors will proceed to distribute the assets of the deceased among the parties entitled. See notice on another page.

### A Warning Needed.

Would it not be well for our Village Fathers to caution, and if necessary punish, boys or others who may be found injuring or committing any nuisance in or around the New Park. They should see that the fences and buildings are not used as advertising mediums by any quack who may chance to come along with his paste pot. It would be most satisfactory if notices were placed up in conspicuous places, then if the rules are broken the culprit should be made to feel that the law must take its course. There is nothing like starting in time, and the park is worthy of being well taken care of.

### Temperance Meeting.

One of the most successful of the Monthly Temperance Meetings, which have been held in this village for some time past, was held in the School Room of the Methodist Church on Monday evening last. Although the night was extremely dark and otherwise unpleasant, the large room was well filled by a most appreciative audience. The meeting was presided over by Rev. W. R. Barker, who, after the opening exercises, made a few remarks in his usual earnest and pleasant manner, after which he called on the speaker of the evening, Rev. W. F. Wilson, who began by disclaiming his title of lecturer, but before the address was finished we think there were few, if any of his hearers, who would not gladly listen to a "lecture" from him very often. A more pointed, eloquent, and at the same time practical address, it has seldom been our privilege to hear, and while especially intended for the young, was of such a character that all, old and young, must surely be benefitted thereby. The speaker brought the various evils, which lie in wait for the young, so forcibly before them that if any one heard him fall into those pitfalls, it will not be because they were not forewarned. He also referred to the action taken by the Temperance Convention held lately in Toronto in regard to making politics subservient to temperance, a step which he thinks the present phase of the temperance question demands, and which the narrow creeps made by the Scott Act at the hands of the House of Commons justifies. The Rev. gentleman called on the young men to be not only temperance men, but to be truthful men, to be honest men, to be industrious men, and above all to be common-sense men, illustrating each point in a very pleasing manner. The address was listened to with marked attention throughout, the only disappointment felt was that it was too short. We hope we shall have more of such appeals to the young, feeling sure that though some of the seed thus sown may fall among thorns by the wayside and on stony places, a portion must fall on good ground, and bring forth an abundant harvest. At the close of the lecture the president called for remarks on the political features of the temperance question, which were advanced at the above-mentioned convention. Opinions were given by Messrs. Harrison, Stodolson and Rossdale, which gave the idea that all agreed that the time had come when Christians should vote as they pray, after which the meeting was brought to a close.

### DEATHS

GURVIN.—New Richmond Hill on Tuesday, Oct. 6th, Robert Gurvin, aged 79 years.

### Village Council.

The Council met in the Council Chamber on Monday evening, Oct. 5th, at 8:30 o'clock. The Reeve in the chair. Other members present, Messrs. Redditt, McConaghy, Savage and Powell. The minutes of last meeting were read and on motion approved. The following accounts were ordered to be paid:—To Henry Peters, work, \$2.00; Mrs. Tricker, \$2.00; Jos. Hall, nails, \$17.86; Geo. Redditt, posts for park, \$8.55. The Clerk read copies of letters which, according to instructions, he had sent to parties who had failed to pay their subscriptions for opening the road now known as Lorne Avenue. It was moved and seconded that a committee composed of the Reeve and Messrs. Redditt and McConaghy, be authorized to expend the sum of \$50 in graveling Vaughan St., provided other interested parties contribute for the purpose of putting the road in a proper state of repair.—Carried. The Council adjourned to meet on Monday evening, Oct. 26th, at 8:30.

### Magistrate's Court.

On Saturday afternoon last, a case for trespass and assault was heard in the Council Chamber here, before R. Marsh, Esq., J. P. The parties concerned reside in the Township of Markham, a few miles east of Thornhill. The complainant was a Mr. Cummer, who charged a Mr. Becket, his wife and son with trespassing on his premises after having been repeatedly warned not to do so. It appeared from the evidence that Becket's chickens had gone into Cummer's orchard, and that young Cummer, who is about twenty years of age, shot or shot at them. Becket hearing the shot fired went down to the fence, when Cummer warned him not to come on his premises. Becket then put his little boy in the orchard, whom Cummer threw down, not however, he (Cummer) swore until the boy had pelted him with stones. After hearing the evidence, the Magistrate said that a trespass had been proven, but owing to the provocation caused by shooting the chickens he did not feel justified in inflicting a fine. The charge of assault was then taken up. Several witnesses swore that Becket struck at young Cummer several times, and that Mrs. Becket raised a stick over his head in a threatening attitude, but that no blows were struck. This case the magistrate also dismissed. Mr. Davison, of the firm of McDonald, Davison & Patterson, appeared for the defendant.

Few are the remedies whose beneficial qualities and real merits have made them so popular with the public, and increased from year to year their consumption, which, whilst possessing the most valuable remedial properties, are yet so simple in their compound, and so easy to take, as The Quinine Wine, prepared by Northrop & Lyman, of Toronto. This article is prepared from the pure Sulphate of Quinine, combined with fine Sherry Wine, and choice aromatics, which relieves the Quinine of its bitter taste and does not impair in the least degree the efficacy of its action upon the patient; while small doses, frequently repeated, strengthen the pulse, increase muscular force, and invigorate the tone of the nervous system, and thus, by the general vigor which it imparts, creates an appetite, which gives to the stomach tone and energy, and fortifies the system against all infectious diseases.
