Ladies, call and see the immense variety of mantles and ulsters at Grennan's Cheap Cash House.

A Large Drive.

A large drove of cattle, numbering 170 head, belonging to the Pugsley Bros., of Eglington, passed through the village last Saturday morning. The greater part will be stable and fed in Toronto for some time, and the remainder shipped to the other side of the line. They were purchased in the northern country, during the last few weeks, by Arthur, the "Captain," who evidently understands the art of handling money as well as the science of horsemanship.

Lamp Explosion.

Last Saturday evening, without any apparent reason, a coal oil lamp exploded at the residence of Mrs. W. Slaney, near the toll gate, a short distance north of this village. When the fire began to flame up, one of the Slaney boys, with presence of mind, but with the risk of being badly burnt, seized the vessel and threw it out of the door. The fire was extinguished before any injury was done.

Everybody who buys the 30 cent Tea at the Concrete says it is the best that can be got at that figure.

Hanlan Defeated.

Edward Hanlan, ex-champion oarsman of the world, was defeated last Saturday, in a three mile race, by John Teemer of Pennsylvania. At the stake boat, Hanlan was four boat lengths behind his opponent, and in turning the buoy, he struck and was thrown out of the boat, when he gave up the race. After the contest, Hanlan acknowledged he was beaten fairly. If the race was rowed on its merits, the Torontonian may as well hang up his oars, as the day for this modern child of victory is past. The race was for \$1000 a side and the championship of America.

Fur goods in great variety at the Concrete. Persian lamb and seal caps Astrachan jackets and capes &c. cheap.

Presbyterian Concert.

The concert to be given in the Presbyterian Church on the evening of Thanksgiving Day, Nov. 12th, promises to be a grand affair. The very best talent procurable in Canada has been secured, and consists of the following:—Mrs. Caldwell, of Toronto, soprano; Miss Patterson, Toronto, contralto; Miss St. Croix, Toronto, elocutionist, graduate of Boston, Mass.; Mr. Sims Richards, Toronto, tenor; Mr. Schueb, Toronto, bass; Miss Cowley, Toronto, solo pianist and accompanist for the evening. Without doubt this will be the treat of the season. The programme will be given in next issue.

Putting Up Stoves.

This is the time of the year when many a man's temper is sorely tried by replacing the winter stoves and re-arranging the pipes, so as to be in readiness when the cold weather puts in an appearance. We fear that some of our good people credited with possessing a sweet mental disposition have been forced to lengthen their evening prayers after grappling for hours with old stove links, which, a few months before were thought to be a perfect fit, but which now will go neither inside nor outside its mate. We would recommend those who are inclined to be "short in the grain" to call upon Mr. C. Mason, our obliging tinsmith, who will cheerfully attend to this detestable work.

Hallowe'en.

Next Saturday, Oct. 31st, will be hallowe'en. We presume the boys will be at their pranks as usual. Would it now be well if those who are bent on having a little diversion on that evening would meet in little circles, and revive some of the old time and innocent plays which still linger in parts of England, Ireland and Scotland. Being blindfolded and grabbing for an apple suspended from the ceiling, or diving for money in a vessel of water, are among the sports of former times. But this taking off and carrying away gates is something which should be abandoned, as the joke, if it ever could be called such, has worn thread bare.

Village Council.

The Village Council met in the Council Chamber on Monday evening, Oct. 26th, at 8.30. The Reeve in the chair. Members present, Messrs. Redditt, Savage, McConaghy and Powell. The minutes of last meeting were read and adopted. Mr. Redditt introduced By-Law No. 112 to provide for the levying and collecting of taxes for the year 1885. After the By-Law had been read a first and second time, the council resolved itself into a committee of the whole for the purpose of filling up blanks, Mr. Savage in the chair. Said By-Law was afterwards read a third time and passed. Mr. Jas. Daniels was appointed collector of taxes for the present year. It was resolved that all persons paying their taxes to the treasurer, at his office, on or before the 25th of Nov. next, should receive a reduction of five per cent. Mr. Savage suggested the advisability of purchasing a quantity of hose for the fire department. Mr. Redditt, as chairman of the fire and water committee, was asked to give his views respecting the same. He stated that three or four sections required replacing at once, as they could not be depended upon in case of a fire. It was moved by Mr. Powell, seconded by Mr. Savage, that 100 feet of hose be purchased for the fire department.—Carried. The council then adjourned to meet on Monday, Nov. 23rd, at 8.30 p. m.

Wizard Oil Company.

How little we know about the future, and what is often in store for us. Last Thursday evening, some of our restless citizens were, with long faces, confiding with each other about the quiet and dullness of the village, when what should come along but the Wizard Oil Company, who made things lively during the three following nights. The members of the company were well dressed, put on a good appearance, and created quite a sensation. They drove a beautiful pair of Arabian horses in their illuminated covered carriage, and each evening while here, gave an open air concert, which rivalled most of entertainments where a fee of a quarter of a dollar is charged. Of course, the object of their visit was to cure all diseases by their Wizard Oil, which certainly found a ready sale. The only mistake they made was in neglecting to put a notice in THE LIBERAL of their intended visit, in which case the large crowd which attended would have been greatly augmented by the imaginary invalids from the surrounding localities.

Men's and boys' heavy wool shirts and drawers in great variety and extra value at the Concrete.

PERSONALS.

Mr. B. Teefy, of Toronto, spent last Sunday with his relatives in the village.

We are glad to know that Mr. Fred Lawrence, who has been confined to his bed for several weeks with an attack of typhoid fever, is recovering nicely.

At the West York Fair, Miss Louise Wright obtained first prize in the class of lady riders, and Miss Sara Wilkinson, of Woodbridge, received a valuable gold ring, as the prettiest young lady on the grounds.

If a few grains of common sense could be infused into the thick noddles of those who perpetually and alternately irritate and weaken their stomachs and bowels with drastic purgatives, they would use the highly accredited and healthful laxative and tonic, Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, which causes a good digestion to wait on appetite, and health on both.

BIRTHS.

DEVLIN—In Richmond Hill, on Tuesday, Oct. 27th, the wife of Mr. Jos. Devlin, of a son.

Dr. J. D. Kellogg's Dysentery Cordial is a speedy cure for dysentery, diarrhoea, cholera, summer complaint, sea sickness, and complaints incidental to children teething. It gives immediate relief to those suffering from the effects of indiscretion in eating unripe fruit, cucumbers, etc. It acts with wonderful rapidity and never fails to conquer the disease. No one need fear cholera if he have a bottle of this medicine convenient.

Epitaph.

The miles were many Jamie drove
 In search of men he wanted;
 And many were the domiciles,
 That Jamie's visage haunted;
 If ever bailiff went to heaven,
 Then Jamie's with the best,
 And now enjoys with the eleven,
 A well deserved rest.

O'CAKES.

S. Chadwick, of Arcadia, Waine Co., writes: "I have had severe attacks of asthma for several years. I commenced taking Dr. Thomas' Electric Oil. The first dose relieved me in one hour. I continued taking it in teaspoonful doses for a few days, and have not had an attack of it since, now nearly one year."

JEFFERSON.

From our own Correspondent.
 This week our burgh has been as lively as usual.

Considerable hunting after ducks is done at the lake. Mr. Jas. Mosley, of Aurora, shot four nice brace on Saturday last.

A select party from Whitechurch is to have a hop in Bell's hall on Friday evening next.

The boat race, which was to have come off on Tuesday last, fell through, owing to two of the would-be-oarsmen not putting in an appearance. The day being too windy was the excuse, but the single man claimed the stakes, which is likely to cause a little more wind.

The main sport in this locality is raffling for geese and ducks. Your correspondent got a goose the other evening, which he thought he would bring home, and invite his girl down on Sunday to help him dispose of it, but I am sorry to say it was so tough she loosened some of her teeth.

Chicken thieves are helping themselves to the products of people's henroosts; in Whitechurch Mr. Carr chased a couple from his barn one night last week.

Mr. Robt. Thompson's new model threshing is going its last round for the season; it still retains its excellent reputation.

Our village blacksmith is about to leave us shortly, having made an engagement at Wright's carriage works, Richmond Hill.

Worms cause feverishness, moaning, and restlessness during sleep. Mother Graves' Worm Exterminator is safe, sure and effectual. If your druggist has none in stock, ask him to procure it for you.
