Aurora M. I.

The Directors of the Mechanics' Institute in Aurora are spending \$150 on books, periodicals, &c., this season. Ten years ago this same institution was almost defunct, but an energetic Board of Directors has placed it on its former good footing. Richmond Hill, when art thou going to do likewise?

Temperance Meeting.

The next monthly temperance meeting will be held in the lecture room of the Methodist Church next Monday evening. F. S. Spence, Esq., of Toronto, manager of the Canada Citizen, will address the meeting. Mr. Spence is one of the ablest speakers on the Temperance Question in the country, and we hope there will be a large attendance. A collection will be taken to defray expenses. Rev. W. F. Wilson will preside over the meeting.

Story of a Saw.

A distinguished citizen of this place had lately a terrific experience. In mending his saw, the blade was oddly enough turned with smooth side down and teeth upwards. The distinguished citizen, perceiving nothing wrong, proceeded to saw, and actually cut five large sacks of wood before he discovered the mistake. He states that he noticed no difference, except the absence of noise, until a friend called his attention to the slight inversion. Such is the story of the distinguished citizen.

Persian lamb, Astrachan, and Alma Caps in great variety at Grennan's.

Meddling.

It is said that several of the stakes along the route of the proposed railway branch, which were driven into the ground last week by the surveying party, to act as guides, have been pulled up and thrown away. The mischievous persons who engaged in this childish business certainly did it to annoy, but they may not have known that they laid themselves liable to prosecution in case of their detection. To make an example of those who do not know enough to simply mind their own business, often has a very salutary effect.

The "Man of one Newspaper"

It is not so often met with nowadays. The public-spirited reader must have his good local paper, such as THE LIBERAL, for information on questions concerning his immediate neighborhood. He wants also a metropolitan paper, and he wants it interesting and enterprising, as well as thoroughly reliable. The Witness, whose special announcements on the occasion of its fortieth anniversary appear in another column, is certainly of that description. An honorable career of 40 years is no small matter of congratulation to the publishers; and our vigorous contemporary gives promise of excelling its past record by its future.

Just opened at the Concrete, a splendid lot of Feathers, Wings, Birds and Crapes.

Greatly Needed.

Some time ago, the village council granted \$50, to be expended in graveling Vaughan road commencing at Dunce's corner. The work has been commenced and certainly not before it has been required. It would take a good many \$50 to put the road between the village and Maple in a desirable condition, but our village council, as well as the council of the township, should be praised for what they have already done. The gravel which is now being hauled is from Mr. N. Playter's pit near the toll gate.

Seaside Libraries, American Libraries, and all the latest Standard novels for sale at the Liberal Store.

Laskay News.

The Laskay Methodist Church Sabbath School has been progressing favorably for a little over two years under the able superintendency of Mr. W. A. Harvey. A meeting was called a week ago last Friday for the purpose of arranging for the annual Entertainment and Christmas tree. This, as well as a committee meeting which was held on the Friday evening following was well attended, and quite an interest manifested. Last year's anniversary was the most successful ever held in this place, the proceeds amounting to over forty dollars. By present appearances the coming entertainment will eclipse that of last year. So far there has been perfect harmony, and every person seems willing and anxious to assist with the work. Speed the plow.—Com.

New Teas, Raisins, Currants, Figs, Dates, and Peels at the Concrete, lower than any house in the trade.

Select Party.

Last Friday evening, in response to an invitation from a competent committee, a number of guests from Markham, Vaughan, Newtonbrook, and a few from this village assembled at the Dominion hotel and spent a very pleasant time. Dancing was the order of the evening, and those who were favored with an invitation made good use of their opportunity. About twenty couples glided gracefully through the various figures with measured steps in accord with the music, which was supplied by Mr. D. Patton, the well-known violinist. Supper was served about 12 p.m., after which the company repaired to the hall and completed the programme. The party broke up at a reasonable hour.

Still Unsettled.

It almost looks as if the long cherished ill-feeling and personal spite between the trustees and masters of the Markham High School were going to be handed down from generation to generation. Last Saturday, the case for perjury preferred against Rev. Frederick Smith, trustee, by Wm. Elliott, formerly head master, was dismissed before John Baxter, J. P., Toronto. The parties connected with the case, however, were required to give bonds that they would appear before the Grand Jury if further action should be taken in the matter. The charge of perjury against a minister of the Gospel is a most serious accusation, and cannot prove otherwise than injurious to the community. Surely the residents of Markham are sick and tired of the whole affair.

Carrville Gossip.

Since last writing, our village has been very dull. But a short time ago one of our gentlemen gave the young people a grand party for all those that wished to "trip the light fantastic toe," which has given new life to our village. I wish to urge upon the young gentlemen to secure their ladies for the grand Sunday school entertainment which takes place on the 23rd inst. There have been great attractions on Mill Street lately. Our two bachelors have just been away and purchased a new steam Model Thresher. It will be well for the young ladies to persuade their parents this winter to have those experts to thresh their grain. Our merchant is occupied at present digging potatoes. The Flying Dutchman is improving the appearance of his buildings by pulling down an old one.—Com.

Ladies! See the stock of Ulsters, and Mantles at Grennan's Cheap Cash House.

Who is responsible?

Night after night a number of unruly and foul-mouthed boys, averaging perhaps, from ten to fifteen years of age congregate in front of the stores, and constitute a great annoyance to the passers-by. Of late, the language used by those young urchins has been so disgraceful that ladies do not feel safe in passing along the side-walks. It is not necessary to mention names as they can be recognized almost any evening at a time when their guardians should see they are preparing school lessons, or at least have them under the parental roof. We have a constable on our midst, and if orders were given him by our village fathers to arrest those youthful miscreants for their bad behaviour it might prove a blessing to them in after life, and put a end to a constant source of annoyance. Or better than this, if parents will look sharply after their own children this village nuisance will speedily pass away.

School Board Meeting.

The Richmond Hill School Board met in the Council Chamber on Tuesday afternoon, the 1st inst. Members present: Messrs. Marsh, (chairman), Skeele, Trench, McConaghy, Boyle, Switzer, Naughton, Patterson and Dr. Wilson. The minutes of previous meeting were read and confirmed. The first business taken up was reading the applications of candidates for the position of assistant master in the High School. The following applied for the position:—A. R. Innes, Alliston; T. Townsend, Kingston; D. H. Lent, Nobleton; John Bell, Kingston; A. Orr, Hawkesbury; J. H. Markle, Sydenham; T. C. Somerville, Cornwall; T. H. McGuire, Sarnia; G. Sharman, Simcoe; R. F. Greenless, Bracebridge. After consideration, it was moved by Mr. Trench, seconded by Mr. Skeele, that the application of Mr. Innes be accepted. Moved as an amendment by Mr. McConaghy, seconded by Mr. Boyle that the position be offered to Mr. Bell. It was also moved as an amendment to the amendment by Mr. Naughton, seconded by Dr. Wilson, that Mr. Greenless receive the appointment. The original motion carried, giving Mr. Innes the position. A communication was received from W. E. Wiley, in reference to renting part of the lecture room of the Masonic Hall for fortnightly meetings of the A. O. F. On motion of Mr. McConaghy, seconded by Mr. Naughton, the A. O. F. were granted the room on the same terms and conditions as it had been previously rented to the United Workmen. An account for printing from T. F. McMahon, amounting to \$1.00, was ordered to be paid. The secretary was directed to draft a testimonial for Mr. McBride, head master of the High School, after which the Board adjourned.

A special meeting of the School Board was held in Mr. A. L. Skeele's store, on Wednesday evening, to select an assistant master for the High School, Mr. Innes, who was offered the appointment on Tuesday, not being able to qualify. Mr. Naughton, in the absence of Mr. Marsh, was called to the chair. Members present: Messrs. Boyle, Switzer, French, Brown, Skeele, McConaghy, Savage and Dr. Wilson. It was found that several of the applicants, not having attended the school of training, were not eligible for the position of assistant. Mr. Trench moved, seconded by Mr. Brown, that the application of Mr. D. H. Lent, of Nobleton, be accepted. Moved as an amendment by Mr. McConaghy, seconded by Mr. Boyle, that Mr. John Bell be appointed. The original motion carried. Moved by Mr. McConaghy, seconded by Mr. Boyle, that in case Mr. Lent does not accept, the position be offered Mr. Bell. Moved as an amendment by Mr. Switzer, seconded by Dr. Wilson, that in case Mr. Lent does not accept, Mr. Markle's application be accepted. The amendment was carried.

THORNHILL.

From our own Correspondent.

Mrs. Reid is slowly recovering from her illness.

Rev. S. C. Philp is slightly better, but his family are suffering from colds.

Mrs. John Ramsden fell the other evening and broke a limb; she has been suffering very much.

Vaccination patients are making loud complaints of the soreness of the ordeal, frightening those who should undergo the operation.

Applications keep pouring in for the situation of teacher for our school.

The Ladies' Aid of the Methodist Church are anticipating a busy season of business.

Quite lively discussions take place in the shops and on the corners in reference to the toll-gates. Public opinion is about evenly divided on the question of their abolition.

The Salvation Army still receives attention from the shop and corner debaters. Whether they receive much of their money is another question.

Grit and Tory are earnestly discussing the outcome of Sir John's pleasure trip to England.

Mr. Alexander Robinson, of Exeter, in writing about one of the most popular articles, and one that has done more good to the afflicted than any other medicine has during the short time it has been in existence, says:—"I have used four bottles of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, and have been cured of dyspepsia, that troubled me for over ten years. Part of that time I had it very bad, and I was at considerable expense trying to get relief; but this excellent medicine was the first and only relief I received."
