**An Inspector Needed.**  
 Some of our citizens are saying it would be well to have a Wood Inspector appointed as some of the oords (?) which find their way into the village are piled so loosely that it would be no remarkable feat of dexterity to throw a cat through in many places.

**Railway Bill.**  
 The Bill for the incorporation of the Richmond Hill Junction Railway Company has been printed and distributed among the members. Mr. G. W. Badgerow is looking after the interests of the provisional directors.

The new Prints which have just arrived at the Concrete House are ahead of anything that have previously been shown in the town. Call and look through them and be convinced even if you don't buy.

**Re-elected.**  
 Mayor Beaupre, of Montreal, the enterprising editor of *La Patrie*, has been again elected over his opponent by about 600. This large majority is no doubt owing to Mr. Beaupre's successful grappling with the small pox, as well as to the increasing influence of the English speaking population.

## Art Class.

The drawing lessons in connection with the Mechanics Institute were brought to a close on Monday evening, when the examination was held. The papers proved difficult, as the class had not commenced in time to complete half the course. We predict a most successful class for next autumn.

## Second Fancy Carnival.

Mr. James Starkey, the manager of the Patterson Skating rink has asked us to state that the second carnival will be held next Saturday night, March 6th. A commodious bar will be erected where he will have on hand choice cigars, candies, hot lemonade and other delicacies. Friends from the village and surrounding country are cordially invited.

## Championship Flag.

The Local Championship Lacrosse Flag for the Province of Ontario, won by the "Young Canadians" at Peterboro' last season, has at last arrived, and may be seen with the other trophies in Skeele's show window. Some of the boys had begun to think that patience had ceased to be a virtue.

## Oysters.

An oyster supper and concert in connection with the Methodist Church, Concord, will be held on Friday evening, March 12th. The concert will consist of speeches and readings, interspersed with music by an excellent choir. Dr. Nelles, of Thornhill, will occupy the chair. Supper served from 5 to 7, concert to commence at 7.30. Admission 30 cents; children 20 cents. No extra charge.

## Thanks.

At the Methodist S. S. last Sunday, the following resolutions were passed: Moved by Master H. Barker, seconded by Miss Mary Miller, on behalf of the Bible Classes, That the thanks of our school be tendered to Revs. Savage and Chapman, and Mr. Truman Mapes for the kind reception given our school at their recent visit to Aurora. Moved by Master David Powell, on behalf of the Intermediate classes, That the thanks of the school be given to Rev. W. E. Wilson, and others who kindly furnished the necessary conveyances for the trip to Aurora. Moved by Mr. H. Sanderson, Assistant Superintendent, on behalf of the Infant class, That the thanks of the school be extended to the ladies who had provided such an excellent Tea for the school, on their return. On behalf of the whole school, the Sup't, Mr. Wm. Harrison, thanked the Lord for a fine day, and for having had no serious accident.

## School Board Meeting.

The Richmond Hill School Board met last Monday, Mr. Mersk in the chair. Members present, Messrs. McCouaghy, Duncan, Trench, Glass, Switzer, Brown, Savage and Dr. Wilson. The minutes of last meeting were read and adopted. The chairman read the agreement entered into between the Council and the School Board in reference to the appointment of a school care-taker. On motion of Mr. McCouaghy, seconded by Mr. Trench, the report was received and concurred in. A communication was received from the Head Master of the High School asking the Board to provide extra chemical apparatus. The committee of management were instructed to confer with the Head Master, take an inventory of the apparatus on hand, and procure what is necessary for the school. The secretary's bill for postage, stationery, &c., since August, 1883, was handed in, and after the chronic objections of Mr. Duncan, was ordered to be paid. The secretary was instructed to have printed a number of blank certificates for pupils entering the High School. After a motion of Mr. Savage, seconded by Mr. Trench, to build new school houses during the coming summer, the meeting adjourned.

## Fire Alarm.

On Monday evening, about 6.30, the fire alarm sounded, and in a few minutes the village was astir with active firemen, and scores of others always ready in case of an emergency. The soot in the stove pipes and chimneys of a dwelling house on Elizabeth Street, occupied by an old gentleman, Mr. Corey, had taken fire, and judging by the thick volume of smoke which enveloped the house, the neighbors thought that the inside was in a blaze. The engine, hooks and ladders were soon on the spot, but fortunately no water was required to be passed through the hose. The pipes were in a blaze from the stove to the place where they entered the chimney, but buckets of water thrown on, kept the wooden part from taking fire. Mr. Corey was burning pine roots, which no doubt was the cause of the sudden outburst. No damage was done, unless it was that the old gentleman's chickens, which were roosting upstairs near the stove pipes, were more or less scorched. Every member of the Brigade appeared to be in his place except the Steward, who was absent. This was quite a disappointment to some, who maintain that, after a fire, the Steward is the most important personage in the company.

## First Grand Carnival.

For the past two weeks Patterson has been on the Qui Vive in eager expectation of the festivities that were programmed for the first carnival on their magnificently expansive rink. Under the able management of Mr. James Starkey, preparations were made for this affair on a scale worthy alike of the occasion and the man; and when Tuesday night rolled round everything was complete for the untrammelled enjoyment of the gay revellers who were expected to take advantage of the attractions billed, from the broad glistening sheet of ice to the no less desirable accessories of a cozy room for the ladies and a refreshment booth? As soon as the Dog Star began to blink his roguish eye in the wintry heavens, a large concourse of "Coy and dalliant maidens" and festive swains had gathered to witness the evolutions of the fantastic masks who trooped down to this brilliantly illuminated theatre of nature bent on doing homage to King Carnival. We shall not attempt a description of the various costumes worn by the participants in the fun; but will just single out as worthy of special mention in the characters they represented; the everpresent Pluto, Mr. Hugh Dillon, La Belle Canadienne, Mrs. R. Street, Russian Grizzly, Mr. J. D. Patterson, Sylph, Miss Laura Kelley, and Puss in Boots, Mr. A. S. Patterson. Everything considered, the severity of the weather and the short notice given to prepare for the event, the affair was a huge success and its repetition is eagerly looked for in the near future.—Com.

## Bachelors' Concert.

Don't forget the Bachelors' oyster supper and concert to be given in the Methodist church, Maple, to-morrow (Friday) evening. Should the weather continue favorable as at present, those wishing a comfortable seat will do well to be at the church in good time. The talent secured for the programme, and the address by the chairman, Rev. W. F. Wilson will amply repay those who attended, not saying anything about the oyster supper which no doubt, will be up to that of last year.

The Concrete can show you the nicest and cheapest Cretonnes you ever saw.

## Fatal Accident.

It is often said that misfortunes scarcely ever come singly. The terrible accident that happened on the Northern a few weeks ago near Newmarket has been followed by another by which a newsboy named Wallace lost his life, and about twenty others more or less wounded, some very seriously. On Friday evening, as the mail or evening train was nearing the crossing about a mile north of Thornhill station, the engine whistled, and frightened a team of horses driven by a farmer named Watson, causing them to run into the train, and knocking several cars off the track. Watson pulled with all his might to stop the infuriated animals, but to no avail, as they dashed forward, striking between the tender and the baggage car. One of the horses was killed, but strange to say, the other escaped unhurt, whilst the driver, though a little stunned, also escaped uninjured. The baggage car, mail car, and a passenger coach left the track, and rolled over, down a high embankment. The baggage car immediately took fire, and in a short time was consumed to ashes. The baggage-man, Mr. McCormack, had his leg broken. The mail car contained three clerks, one of whom, a Mr. Hynes, was badly hurt by being thrown violently against the stove. When the smoking car went down the embankment, the stove was knocked to pieces, and the coal was thrown around in all directions, burning the news agent, Wallace, so badly that he died in a few hours. Medical aid was secured at once, and the unfortunate patients were removed, some to Thornhill, and the remainder to Toronto, where the special train sent to their rescue, arrived about mid-night.

Previous to his departure, the Richmond Hill Cornet Band, of which he was leader, treated him to an oyster supper at the Palmer House, where a pleasant evening was spent. Many regret Charlie's departure and none more than the "Young Canadian" Lacrosse Club.

## DEATHS.

Mr. R. C. Winlo, Toronto, writes: "Northrop & Lyman's Vegetable Discovery is a valuable medicine to all who are troubled with indigestion. I tried a bottle of it after suffering for some ten years, and the results are certainly beyond my expectations. It assists digestion wonderfully. I digest my food with no apparent effort, and am now entirely free from that sensation, which every dyspeptic well knows, of unpleasant fullness after each meal."

Free and easy expectoration immediately relieves and frees the throat and lungs from viscid phlegm and a medicine that promotes this is the best medicine to use for coughs, colds, inflammation of the lungs and all affections of the throat and chest. This is precisely what Bickle's Anti-Consumptive Syrup is a specific for, and wherever used it has given unbounded satisfaction. Children like it because it is pleasant, adults like it because it relieves and cures the disease.
