Accident.

What might have been a serious accident occurred in Thornhill on Tuesday evening. Mr. J. M. Davis, of this village, was driving through in his buggy when he was run into by Thompson's mail waggon and thrown violently to the ground. Mr. Thompson's horses had run away, hence the accident. Mr. Davis' head was cut and his back was injured, but had he not been well wrapped in robes when he struck the ground his injuries would have been serious. Thompson's bus line appears to be noted for run-away

A Town Bell.

handl.

Is it not about time that something should be said or done in the procuration of a bell for village purposes? It is well known that the trustees of the Methodist Church gave notice several mouths ago that their church bell could not be used after the close of this year. This being the case the matter should be taken up by the villagers at ouce. At present the rent paid for the use of the church bell, together with the amount the church bell, together with the amount the ringer receives, is \$45 per annum. This is rather expensive, and now that we have a village officer who could attend to the ring-ing of the bell without any extra charge, there should be no difficulty in purchasing one without delay. Only a few years would elapse before it would be paid for out of the surplus between the interest, if the money were borrowed, and the \$45 now naid every were borrowed, and the \$45 now paid every year. Perhaps the village Courcil will give it their consideration.

Reform Meeting.

The Vaughan Reform Association held a Raisins, Currants, Dates, Figs, Lemon, Orange and Citror Peels at The Concrete, all of first quality and et ionest price in the trade and Dr. Lynd were present, and delivered stirring addresses. Dr. Gilmour is making a therough canvas of the Riding, and is well satisfied with the result of his labors. He reviewed carefully the si-called charges which the Opposition, led by Mr. Meredith, are bringing against the administration of the Hon. O. Mowat. He showed the absurdity of the Conservatives in this contest raising the cry that Roman Catholics are receiv-Heavy all-wool Shirts & Drawers ing more than equal rights with their Protestant neighbors in the education of their children. Both Dr. Gilmour and Dr. Lynd are proving themselves strong men, and their chances of election are exceedingly hopeful.

The engraving on the STAR's picture is something of a rare delicacy. Besides the twenty-eight pages of illustrations there are stories, sketches and poems by the best authors.
