THE WEEK'S NEWS.

HOME.

Cattle are reported to be wintering well at Fort McLeod this winter.

Immigrants continue to a rive in Winnipeg by every train from the East.

The North-West Mounted police will shortly be supplied with the Munlicher rifle. Winnipeg capitalists have formed a company to construct a line of railway to the boundary.

Protests have been filed against every member of the Manitoba Legislature except those returned by acclamation.

Only six miles of track remain to be laid to complete the Canadian Pacific air line from Smith's Falls to Montreal.

Two men have been arrested on suspicion of being the murderers of Harris at the month of the Fraser river, B. C.

It is said that a warrant for the extradition of Hoke, the Peoria, Ill., forger, will be at once issued by the Department of Justice, Ottawa.

The Government steamers Neptune and Northern Light are still making daily trips each way between Prince Edward Island an l the mainland.

Messrs. McLaughlin Bros., mill owners, Ottawa, sold a few days ago their entire season's cut to the New York Exportation Company. The figure was close on \$500,000.

Dr. G. S. Lafleur, of Point Levi, died rather suddenly the other morning. He was in his fifty-third year and was one of the best known medical practitioners of the district. district.

A son of Lieut.-Col Holmes, commandant of C Battery, British Columbia, was killed recently, near Victoria, through the accidental discharge of a rifle in the hands of his elder brother.

J. R. Booth & Co., of Ottawa, have petitioned the Government to locate a light-house in Southeast bay, Lake Nipissing, claiming that it would prove of great advan-tage to lumbermen.

An unknown schooner was recently wrecked on a rocky reef at Upper Prospect, about 25 miles west of Halifax, N. S., and her crew, supposed to consist of six or eight men, all perished.

Mr. Sandford Fleming states that work on the Bennett-Mackay Pacific cable is at a standstill pending the conclusion of negotiations with the Governments interested in the completion of the enterprise.

Two new townships, comprising some of the richest agricultural lands in the Province of Quebec, have been added to the surveyed portion of Ottawa County by the recently completed survey of the Lievre district.

At a meeting of masters, mates and seamen, held in Kingston, it was decided to petition the Government not to change the law so as to enable lake barges to run with only one certified officer on board, as proposed by the Canadian Marine Association.

Benjamin Hagaman, of Thorold, Ont., is under arrest in San Francisco on the charge of embezzling \$15,000 from his employer, Sir William Howland, of Toronto. Government Detective Murray has started for San Francisco to secure Hagaman's extradition.

At the Basilica, Ottawa, Vicar-General Routhier again severely denounced skating, tobogganing and such pastimes, and expres-sed surprise that, in obedience to the wishes of the church, parents hadnot for-bidden their children to indulge in them.

Application has been made to Chancellor Boyd at Toronto on behalf of the Ontario, Sault St. Marie Railway company for an injunction to restrain the Canadian Pacific railway from interfering with the plaintiff's line. This is looked upon as a preliminary step to a big railway suit.

At the inquest on the body of Mrs. Essy Moore, of Toronto, the jury brought in a verdict that deceased had come to her death by means of a blow received on her head at the hands of a party or parties unknown. She was found a few days ago in the rear of her house in a dying condition, with an axe lying beside her.

Rev. Father Labelle has completed arrangements with Mr. H. J. Beemer to build that section of the St. Jerome & Desert Col-onization Railway from St. Jerome to St. Three. Agathe, a distance of eighty miles. A staff of engineers will be sent out at once, so that

towards getting up a military review and sham battle for the 20th of June. He at-tributed the present lack of interest displayed to the excitement of the Dominion elections, but trusted that, despite this, some-thing tangible would shortly be done to start the movement. "Some other of the Canadian cities may take the initiative," said the General, "and we will get left."

Newfoundland imported \$6,698,000 worth of goods during the last fiscal year, and ex-ported \$4,581,000 worth. The Newfound-landers sell chiefly fish and fish oil, and buy from abroad almost every other commodity. For example, they imported last year 303,-693 barrels of flour, 19,035 hundred weights of butter, 858,333 gallons of molasses and 75,057 tons of coal. Canada supplied the larger proportion of the coal and the butter. Political economists will differ as to the effect of the excessive imports upon the pros-perity of the colony. To some they portend ruin; to others they indicate that the colony is getting tremendous values in return for its products.

AMERICAN.

It is stated that Jay Gould is about to have a direct line of railroad from Denver to Newport, N. J.

The United States Senate has rejected the constitutional amendment affirming the right of women to the suffrage.

There is an epidemic of malarial fever and measles at Tarentum, Pa., a thriving town is entirely cut off by floods from its suburbs. of 3000 inhabitants, and many deaths have Reports saymany persons have been drowned. occurred.

screams brought her mother into the room, and a messenger was sent after Dr. Suter, who arrived soon. In the meantime the unfortunate young man was carried into the next room, and placed upon a bed. The Doctor examined him and found that his broad was swollen, and that he experienced great difficulty in breathing. All night long, and up to the time of his death, Miss Pfeffer sat by his bedside, and everything possible was done to relieve his sufferings.

ing unable to breathe at all.

Hay Fever.

the work may be ready for commencement early in the spring.

At the late meeting of the Montreal Board of Harbour Commissioners, the President read a comprehensive and exhaustive report of the present condition and future prospects of the harbour, showing the great increase in its trade in recent years and the necessity for enlarged facilities for shipping, accompanied by suggestions as to the means by which they may be obtained.

Five of the crew of six men of the schooner C. Graham, who were believed to have per-C. Graham, who were believed to have per-ished when the vessel was wrecked off Dover West, N. S., succeeded in escaping to the rocks, whence they were rescued by fishermen after terrible suffering from cold and exposure. The sixth and missing man was the captain of the ill-fated vessel.

The first twenty miles of the Baic de Chaleurs Railway have been completed, and ten miles more will be ready for the iron in a few weeks. The work will be prosecuted vigorously during the winter months, and before the close of the present year the contractor hopes to have seventy miles in oper-ation. The total length of the road will be 170 miles, from Metapedia to Gaspe.

The Department of Agriculture at Ottawa has received advice that the Royal Commis-sion in connection with the Colonial exhibition is preparing commemorative details to be presented to all the exhibitors. The pro-posed awards are not in any sense to be regarded as competitive. Each exhibitor will receive a critical report of his respective exhibit, prepared by professional experts in every department of the exhibition.

The St. James' Gazette says the fishery dispute is exciting attention in naval circles, and that the protection of the Canadian fishing interests will probably be taken over by the Colonial authorities and the fleet reinforced for that purpose. A special says the Gazette stands alone in the expectations of English interference to the extent indicated on behalf of the Dominion.

nd, have struck for an advance of a snil ling per day.

The Northumberland miners have decided to go out on strike to resist a proposed reduction of $12\frac{1}{2}$ per cent.

The Liberals of Wales have determined to ntroduce into Parliament during the coming session a land bill for Wales.

The Island of Quelpaert, at the entrance of the Yellow Sea, has been evacuated by the British and handed over to China.

Two gentlemen paid £1000 each for the privilege of accompanying Mr. Stanley on his expedition for the rescue of Emin Bey.

Spanish Government spies report that Zorilla has obtained loans to the amount of \$400,000, and has been plotting for a fresh uprising.

The most promising of all the Jubilee schemes yet afloat, and one favoured by the Queen, is a woman's subscription of from a penny to a pound.

It is reported that a small force of Abyssinians have attacked Mossowah and have been repulsed with a loss of 200 killed.

Le Nord, the Russian organ at Brussels, repudiates the proposal to submit the Bul-garian difficulty to mediation. It says me-diation implies that there is a dispute, whereas no dispute exists between Russia and Bulgaria.

A party of Salvationists, which had gone to meet General Booth upon his arrival at Northampton, was mobbed by the populace. Missiles of all kinds were thrown by the mob and the general himself was made a target for lumps of ice. The police were powerless.

The London Daily News professes to know that there is an extreme danger of war. It

are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose of living parasites in the lining membrane of the nose and custachian tubes. Microscopic research, however, has proved this to be a fact, and the result is that a simple remedy has been formulated whereby catarrh, catarrhal deafness and hay fever are cured in from one to three simple applicatione made at home. A pamphlet explaining this new treatment is sent free on receipt of stamp by A. H. Dixon & Son, 308 King Street West Toronto, Canada.

Sufferers are not generally aware that these diseases

street West Toronto, Canada. "Did you ever," said one preacher to another, "stand at the door after your ser-mon and listen to what people said about it as they passed out?" Replied he : "I did once"-a pause and a sigh---"but I'll never do it again."

The Hamilton Scale Company have a continental reputation for making accurate scales. The Farmers' Improved Platform Scale, and the Improved Five Beam Dairy Scale, are specialties which no farmer or lairyman can afford to be without. The "Detective" scale for the household enables the good wife to check the dishonest grocer, and pays for itself in a short time. Accuracy, durability and reasonable prices are what this company guarantee.

Five Italians were killed. Turkey has recalled othe Governor of Crete owing to the opposition of the people to his administration, and has appointed Anthopulus Effendi, a more popular man, to replace him. Lea Weich is a loss of 200 killed. The man who works with his hands alone is no better than another who works by his brains alone, while he who employs both is certainly superior to either, and if he takes the right direction will leave the world better than he found it.
