This year's Carnival in Montreal, now opened, is attracting thousands of prominent people from all parts of the world. With truly wonderful enterprise the publishers of the Montreal Stan have often published a Carnival number of the Stan, which has astonished the world and made the publishers of other great illustrated papers look aghast. A School Girl's Difficulty.

Mr. Editor, Will you please explain a matter which has been occupying my mind since I came from the political meeting on Tuesday last.

You know Mr. Liberal, I have been always led to believe that the Conservatives were the only truly loyal people in our country, that none others loved their country and reverenced their Queen a they did, and Reformers was only another name for rebels. Well Mr. Editor, at that meeting they first gave three cheers for Hon. T. White, then three for Mr. C. Wallace, and were leaving the hall, when the chairman called them back and proposed the same compliment to the Queen Now it did seem very strange to me that these loyal men who love their Queen and country so very dearly, should forget to pay her this slight mark of respect until reminded of it by the chairman. It would have been bad enough for such a thing to happen at a Grit meeting, but My! What a shock to the patriotic ar dor of us school girls, who had gone to the meeting hoping to learn much in reference to the affairs of the Dominion. Well, Mr. Editor, I do not think I will venture to any more such meetings, for in addition to the matter of placing our loved Queen at the foot of the list of honored ones. I got my verbs all mixed up, and I am sure it will take a fortnight to place them in order, and such perplexities are not helpful to the work of
