Wiley, were appointed to represent Richmond Hill Union.

### "Switching" in Sabbath Schools.

A number of visitors attended the Review service in the Methodist Sabbath School last Sabbath, and although some of those who conducted the service showed a disposition to "switch off" from the main line, the time passed very pleasantly and we hope profitably.

Grennan's Cheap Cash House is the place to get the most fashionable patterns in Scotch and Canadian Tweeds.

Petley & Petley.

This firm is said to be the leading carpet house in Toronto. Persons about to furnish rooms should call and see their immense stock of Wiltons, Brussels, Tapestry and Kidderminster carpets. The stock is new and choice and was purchased in England previous to the advance in prices. Read change of ad.

Seeds.

Wm. Rennie, the well-known seedsman, of Toronto, has an ad. in another page, relative to his illustrated catalogue for 1887. This catalogue gives a description of the choicest field and garden seeds, and is illustrated free to farmers and gardeners, on application.

Protection Wanted.

Would it not be well if the brethren of the A. F. & A. M., would order a blind for the south window in the Masonic Hall, facing Young Street. It would prevent the sun from striking on the wood pile within, and also keep the public from seeing that the ante-room has been converted into a wood shed.

Waiting for Spring.

Our robin has fled to a warmer clime, hopes for pancakes and maple syrup are abandoned for some time to come, the poets on the "beautiful spring" are looking downcast and impatient, and "King Cow" is every day besieged by parties inquiring for more fuel. Surely when the warm weather arrives it will have come to stay.

Promotion Exams.

The Uniform Promotions for North York, will be held on the 15th April. It seems a pity that they had not been placed on the 12th instead of the 15th. That being the day following Easter Monday would bring the holiday for those classes not engaged in exam., together, instead of making another break in the school work on the following Friday.

Voted Down.

The Bill for the extension of the Franchise to married women possessing the requisite property qualifications, and also to allow those already in possession of a vote in municipal matters to vote on all occasions, was voted down by a large majority of the Ontario House on Wednesday of last week. We notice that the members for East and West York were on the side of "the weak" and voted against the "lords of creation."

Fire Brigade Meeting.

To-morrow (Friday) evening, the Fire Brigade will hold its regular monthly meeting in the Council Chamber. After the business is transacted the second trial of the Hose contest will take place in the Lorne Hall. Five teams entered the last night and apparently did good work, but some of the competitors guarantee to pull the time down several seconds at the next trial. We are glad to see such an interest taken.

Rejected Contributions.

We are at all times thankful to our correspondents in different places for sending us items of general interest, but must inform "Sly-Fox," of Edgely, and "Sherwood Belle" that such communications as they send from time to time must be at once conveyed to the waste paper box. We have not even time to spend in reading them over ourselves. If they would stop and consider they would certainly come to the conclusion that the reading public have a desire for loftier themes.

A Sign of the Times.

In the Nova Scotia House in Parliament assembled a member moved the re-opening of the liquor saloons, but this motion received no seconder, until the Premier, out of courtesy, it is said, seconded the resolution. When the vote was taken, the mover and seconder, only voted for the measure. The Premier stated that, judging from appearances, the license system was drawing to an end, and that liquor dealers should take warning, and be prepared. This occurred last week, and may be considered "a sign of the times."

Oak Ridges.

Mr. P. Rutledge is indisposed at present, having been injured by the kick of a colt. We hope he will soon be able to be around again. Mr. Rankin Hughey who has worked with Mr. Rutledge for several years, has secured a position in Ramsey's works, Onillia, and leaves for that place next Monday.

Spring Fair.

No doubt the villagers, the surrounding farmers, and others interested in our annual Spring Fair, will be called together very soon to talk over the programme for the 24th of May. To-morrow ushers in the 1st of April, and there is much work connected with the Exhibition which should be taken hold of in good time. We think it would be satisfactory to all parties concerned if the Secretary and Treasurer, at the first meeting, would read a financial statement showing the amount of money received and expended last year. This would give an idea as to how much would be required for the coming Fair. It is to be hoped a meeting will be called by the proper authorities at once.

Since the above was put in type we have learned that the annual meeting in connection with the Agricultural Society will be held in the Lorne Hall on Thursday the 7th of April, at 2 p. m.

### Lacrosse Meeting.

A meeting of the Young Canadian Lacrosse Club is called for Monday evening, the 4th of April. It will be held in the Lorne Hall, and members are requested to attend.

Lacrosse Concert.

The Young Canadians are preparing a programme for the concert to be given on the evening of Good Friday. Further notice will be given next issue.

### York Herald and the School Teachers.

MR LIBERAL.—What's the matter with the Herald and the school teachers? Scarcely a week passes without some fault finding on his side. Sometimes he wants "Manual drill;" sometimes he wants to know why they are never "prayed for in public" like other sinners; sometimes they talk too much "Temperance" then again it's too much "Politics," and last, but by no means least, too much "Religion." Poor teachers how is it? We are afraid that you open the windows of your rooms on the south side, and the melodious cadences of your voices disturb the Editor in his sanctum. We presume he means the H. S. teachers, for we are sure he is too gentlemanly to attack the poor unprotected "Mamas" of the Public Schools. Well, good bye MR. LIBERAL.

Yours,  
PATIENCE.

It is with pleasure that we recommend our readers to try West's Cough Syrup. You will find it especially useful at this season of the year to cure sudden colds, check coughs and lung and throat troubles. All druggists.

From our own Correspondent.

Tenders were received last week for the alterations about to be made to the Methodist Church. Those of Messrs. Martin, of Thornhill, for the carpenter work, and James Woods for the mason work, were accepted. The committee expect to expend some \$1200 in improving the church according to plans prepared by Smith & Gemmel, of Toronto, to be completed in May. Look out for the re-opening.

Mumps have been the fashionable complaint among the young people this winter; it is supposed they were introduced from Thornhill.
