RICHMOND HILL, Thursday, July 14, '87

LOCALS.

Mr. W. Proctor advertises in another column for 1000 bushels of oats, for which he will pay the highest cash price.

The last week or two has been excessively warm and consequently the proprietors of our Ice Cream Parlors are reaping a harvest. O! how nice!

A good Find.
Found opposite the town engine house, KIRKBY'S store. Come in.

Go to the Concrete for the best value in Sugar, Spices, Fruit Jars, Raisins, Currants, &c.

Baking Powders.
On our first page to-day will be found a striking and instructive illustration of the comparative worth of the various kinds of baking powders now in the market.

Grand Lodge Meeting.
The annual meeting of the Grand Lodge of Canada A. F. & A. M., is now in session at Brockville. Richmond Lodge did not send a delegate this year.

Heavy Grey Cotton, tulle 36 inch, for 5 cents per yard at the Concrete

Notice.
We have been asked to state that the members of the Band of Hope are requested to meet in their room to-morrow (Friday) at 5 p. m., whence they will proceed to the residence of Mrs. Dr. Langstaff, who has kindly invited them to a treat on her lawn.

Fire Practice.
The village Fire Brigade had a practice on the Park on Monday evening. The business meeting which was to follow, was cut short. Some of the members are now enquiring, "What about that fifteen cents fine?"

At the Concrete: China Tea Sets for \$4.00, Ivory Dinner Sets for \$7.00, and a beautiful Toilet Set for \$2.75.

Fire Protection.
After a couple of fires woodbridge has concluded they must have some fire protection. The village council have purchased a second hand engine from Brampton, and are now putting it in a proper state of repair, as well as building an engine-house for its safekeeping.

Grain Cut.
We understand that Mr. W. H. Clubine, a short distance south of this village, commenced harvest last Friday, the 8th of July. On that day he cut a field of wheat, and on the day following he began to reap his barley. This is, no doubt, the earliest in this vicinity.

A. O. F.
The election of officers of Court Richmond No. 7046, A. O. F., took place last Friday night. The following were elected officers:—C. R. A. Coulter; S. C. R., H. F. Hopper; P. C. R., A. J. Rupert; S. W., T. Ludford; J. W., J. Sharp; S. B., C. Sotles; J. B., E. Langstaff; Sec'y, W. E. Wiley; Treas., O. Brown.

The Glorious 12th.
The 12th of July passed by without any apparent excitement in the village, the only traces being a few orange lilies and bad as worn by the followers or pretended followers of King William. The procession in Toronto was unusually large and orderly. The usual orations in reference to the "Battle of the Boyne" &c., were dispensed with.

Woodstock vs Richmond Hill.
A lacrosse match in the championship series will be played on the Park next Saturday July 16th, between the Beavers of Woodstock and the home team. The ball will be faced at 3 o'clock p. m. Admission to the grounds 25cts; ladies 15cts; Grand Stand free. This will be in all probability one of the most exciting matches of the season as many of the players are old rivals.

The Exams.
The departmental examinations here under the charge of Mr. Dickson, will close on Saturday next. For second class certificates seventeen candidates presented themselves and ten for third class. On the whole the papers set have been fair compared with past years.

The Tea sold for 30 cents per lb. at the Concrete is superior in flavor and strength to that sold to the farmers by pedlars at 50 cents per lb.

Joint Stock Company.
The annual meeting of the stockholders of the Patterson Bros. & Co. (limited) was held at Woodstock the other day. The officers elected for the year were:—President, A. S. Patterson, of Westfield, N. Y.; Vice-President, P. Patterson, of Patterson, Ont.; Treasurer, A. S. Patterson, Woodstock; Secretary, J. D. Patterson. The firm have now at work in the factory here 200 men and are paying \$6,000 a month in wages.—Times.

Big drive in many lines of imported Dry Goods at the Concrete to make room for large orders now placed in the British markets for Fall and Winter Goods.

Tonsorial Change.
Mr. B. Andrews who has been greatly troubled during the last few months with Rheumatism, was, upon the advice of his physician, concluded to give himself a rest for some time and endeavor to regain his former strength. He has engaged a tonsorial artist to manage his shaving parlor, who is giving good satisfaction. After being introduced to Lily White and his little Florence Atomizer the boys feel as proud as if they had stepped out of a bandbox.

A Windy Day.
Last Sunday was a most disagreeable day in this village, especially to those whose business led them out of doors. The dust blew to such an extent that the broken stones in centre of Yonge Street were perfectly bare. But by all accounts the dust found a resting place in the interior of the houses in the vicinity. Garden stuff such as tomato plants, corn &c. were also badly knocked about and greatly damaged. Had there been a rain at the same time both spring and fall grain would have been greatly injured.

Just opened at the Concrete, a splendid lot of Dinner, Tea and Toilet Sets. These goods were bought direct from the manufacturers, and are offered to the public at wholesale prices.

Accident at a Raising.
While assisting at the raising of Mr. John Palmer's barn, on Tuesday afternoon, Mr. John Burr was pretty badly hurt. He was standing on a bent about twelve feet from the ground, when he fell from the building, the girl which he was holding coming on top of him. It was almost a miraculous escape from death, as, besides the distance which he fell, the timber which fell on him must have weighed a couple of hundred pounds. He was pretty well jarred, but was able to drive home alone in the evening.

Change of Time.
By referring to the Northern Time Table on this page it will be noticed that a change has been made in the time for the morning passenger train going south. Until further notice Proctor's bus will leave the village at 7:45 sharp. The train will reach the City Hall Station, Toronto, at a quarter to ten. It is a pity the railroad authorities could not give a few days' notice before their changes take place, as for the first few mornings would-be passengers are frequently left behind.

Directors' Meeting.
The Provisional Directors of the Richmond Hill Junction Railway Company held a meeting in the Lorne Hall last Monday night. A committee composed of Messrs. W. H. Pugeley, I. Crosby, T. H. Radcliff, A. Newton, J. M. Lawrence and Dr. Wilson was appointed to wait on the Northern Railway Co., in reference to rates and other matters. Our directors are not making much headway, but we believe they are wise in acting slowly and cautiously. Building a railway, even four or five miles, is no small undertaking.

Sale of Postage Stamps.
For some reason or other the Dominion Government have seen fit to reduce the percentage given to dealers on postage stamps from three, to one per cent. Much dissatisfaction is expressed by those in the business, and several have given notice that they will discontinue the sale altogether. No doubt this will cause considerable inconvenience in many places as stamps are frequently required after the Post Office is closed. It seems strange that the Government would ask parties to handle any kind of a commodity at a profit of only one per cent. It is said that some of those who were let into the secret made a good haul just before the change took place. It is well to have the inside track.

Entrance Examinations.
The following is the result of the examination, held on the 4th, 5th and 6th days of July, 1887, for the admission of candidates to the High School at Richmond Hill. The highest number of marks attainable was 770; the number requisite to pass 385. There were 27 applicants, of whom the following were successful—

Severe Accident.
On Monday, the 4th of July, Mr. George Quantz, an old gentleman about 75 years of age, who resides on the 2nd Con. of Markham, suffered a very severe accident. He was returning to his home, from this village, in a buggy, when his horse took fright and threw him out on the hard road. One of the wheels of the vehicle passed over his head cutting his eye and almost severing one of his ears from his head, and worse than this one of his legs was broken near the ankle joint. Medical aid was at once secured, the limb was set and the wound dressed and the old gentleman is now doing as well as can be expected.

A Good Testimonial.
The following testimonial in reference to Rev. J. W. Cameron, who is about to sever his connection with the Presbyterian church here, has been handed us for publication. "The Presbytery though constrained to accept of Mr. Cameron's resignation would record their regret at the untoward circumstances which led them to take such a step. They would also express their regard for him both in his private and his public capacity, their sense of his diligence and zeal, and fidelity in preaching and enforcing the lessons of the gospel, as also in attending to his pastoral work, and the favorable impression he has made upon them in attending so regularly the meetings of the court and taking his part in the business thereof. Their good wishes will go along with him, and their hope is that in some other part of the Master's Vineyard he may soon obtain a suitable sphere for employing his talents with acceptance and success."
R. MONTEATH, Presbytery Clerk.

PERSONALS.

Miss M. Keffler is at home spending her holidays.

Mr. Wm. Mulock, the popular M. P., for North York, is on a trip to England.

Mr. Baldwin Teefy, of Toronto, spent last Sunday with his parents here.

Mr. Herbert Barker, of our High School having completed his examinations, left for his home in Streetsville, on Tuesday.

Miss Kirkpatrick started on Monday morning for New Haven, Michigan, where she purposes spending a couple of months.

Miss Gvulet, who has been employed as milliner at the Concrete House for several months past, has returned to her home in Gananoque.

Mr. Frank Turner, C. E., of Toronto, was in the village on Monday enquiring about matters in reference to the building of the Richmond Hill Junction Railway.

Hon. Alex. Mackenzie, M. P. for East York purposes leaving in a few days for Banff Springs, in the Rocky Mountains, where he will spend several weeks for the benefit of his health.

Mr. James McConaghy, of the Brockville lacrosse club, while playing against the Capitals of Ottawa last Saturday, was accidentally struck by an opponent and received a severe cut in the head.

We were pleased to receive a call yesterday from Mr. Frank Lazarus, the renowned optician of this continent. He is at present making a tour through the county establishing agencies in different places previous to his starting for England, where his goods are manufactured on a very extensive scale. For many years he was connected with the firm of Lazarus & Morris, Hartford, Connecticut, whose wares were always spoken of as the best in the world. His manufactures have been before the public so long, and his success as an optician is so widely known, that his name seems as inseparable from spectacles and eye-glasses as does Glodstone's from Home Rule. We have handled his goods for several years, and we have reason to believe they have given unqualified satisfaction. He seems to have made such a special study of the eye and its requirements that he can select a pair of glasses for a person of any age without the use of an optometer. We congratulate Mr. Lazarus on his success in this line, and trust he may be long spared to administer to the wants of that most precious member—the human eye.

Winter has passed and now comes summer with all the terrors of cholera, bowel complaint, flux, cholera infantum. Provide for emergencies by purchasing at once a bottle of West's Pain King. 25c. All druggists.

35,000 BOYS

TORONTO, and more to follow—what an undertaking to supply them with CLOTHING. We don't do it all, but we sell our share. Our sales in this department double every year, till now, at the smallest calculation, we sell 10,000 Boys' Suits a year, and we fully expect that our sales this year will not fall short of 20,000 Suits. This seems a great deal, and some of you may reasonably doubt it—nevertheless we are prepared to prove our statements and show to the satisfaction of everyone that we do the largest trade in Boys' Clothing in Canada. Where do they all come from? We'll try and tell you:—

Those little Sailor Suits at \$1.50, that we never have enough of, come from over the sea—they could not be produced in this country for less than \$3.50; then the little Halifax Tweed Suits at \$1.50 come from the same quarter, and those parents who have bought this line from us say that it is a real pleasure to have boys when they can be clothed so neatly and at such little cost. Again, England supplies those Corduroy Suits that never wear out, and remind old country people of their childhood, playing about the green lanes of their native village.

GERMANY is away ahead in plaited and fancy suits, and though their goods are not quite as substantial as those of English or Canadian manufacture, they excel in design and nobby styles. It is an extraordinary fact that amid the keenest competition English manufacturers have ever maintained the highest standard of durability in their fabrics—very often sacrificing style of quality—while the Germans seem to put their entire energy into design and style, forgetting that people require a durable as well as a stylish garment.

FRANCE sends us some of the finest and most prettiest suits, but the difficulty with French Clothing is its enormous cost and unsuitable styles for Canadian trade.

CANADA. Last, but not least, comes our own country, and let it be said to her credit that like the mother country, England, the standard of quality is maintained in her cloth manufacturers.

We make up thousands of suits ourselves, employing hundreds of hands—men and women throughout the surrounding country—paying out in wages from \$40,000 to \$50,000, and many a little cottage in the suburbs has been paid for out of the savings of our employees,—and now a word about prices.

- Boys' Blue Serge Suits, only 98c.
- Boys' Brown Serge Suits, only 98c.
- Boys' Halifax Tweed Suits, only \$1.50.
- Boys' Sailor suits, only \$1.50.
- Boys' Corduroy suits, only \$2.50.
