MORNING—Going North, East and West, including Thornhill, Maple, Toronto, Markham, &c. 7.45
EVENING—Going south, East and West (as above) 5.35 p. m.
 N. B.—Registered Letters must be handed in at least Fifteen Minutes earlier than the above mentioned hours for closing.
 M. TEEFY, Postmaster.

The Liberal.

RICHMOND HILL, Thursday, July 21, '87

LOCALS.

Cheap Croquet Sets at THE LIBERAL store

Ask to see Atkinson's 48c. Corset

Use Royal Baking Powder, absolutely pure. See ad. on another page.

Bargains in summer Dress goods at Grennan's.

Band of Hope meeting in Temperance Hall on Friday next at the usual hour.

Rest for the weary! Only 50c for a Daisy Hammock at Grennan's.

Run in, not in lock up but opposite it, KIBBY'S for fine Teas and Coffee.

Heavy Grey Cotton, full 36 inch, for 5 cents per yard at the Concrete

New Agent. As will be seen by ad. on the last page of this paper Mr. Jesse Nunn, of Springhill, has been appointed agent for the sale of the Frank Lazarus spectacles.

Men's Fine Summer suits made to order at Grennan's! Cheap and good.

Mending their Ways. Mr. James Brownlee, village overseer, is at present engaged repairing the side-walks. Mr. Wallace Michael is also looking after the bridges and water-courses in the village, a long Yonge St. on behalf of the York Roads.

Aurora Wins. A junior lacrosse club from Aurora visited our town last Friday to cross sticks with the White Roses. It was a return match and the result showed that the northerners got up too early in the morning for our boys. They won by three straight games. If those young knights of the stick continue to practice, Aurora may in a few years boast of a first-class lacrosse team.

Clearing sale of Straw Hats at Grennan's commencing on Saturday! Don't miss it!

Vaughan Voters' List. The clerk of the Municipality of the township of Vaughan gives notice on another page that the voters' lists for 1887 have been printed and delivered to those persons entitled to receive copies. Electors are called upon to examine the said lists, and if any errors are found they are requested to make it known at once so that corrections may be made according to law.

At the Concrete: China Tea Sets for \$4.00, Ivory Dinner Sets for \$7.00, and a beautiful Toilet Set for \$2.75.

At Bond's Lake. Picnics and pleasure excursions are all the rage at Bond's Lake. Three or four picnics a week is no uncommon occurrence. Nor is this to be wondered at as this spot is a delightful place for spending the hot weather. Besides, boating is a pleasant exercise, which goes to develop muscular power. All that is wanting at Bond's Lake is the erection of suitable bathing houses for both sexes.

The Tea sold for 30 cents per lb. at the Concrete is superior in flavor and strength to that sold to the farmers by pedlars at 50 cents per lb.

Civil Service Exam. The report of the Civil Service Examinations held last March has just been published. In the list of successful candidates we were glad to see the name of Mr. H. A. Nicholls. He passed with high honors both the Preliminary and Qualifying examinations, as well as the optional subject, Precipitation. A certificate obtained from such an examination renders the holder eligible for the best positions in the hands of the Dominion Government.

Almost a Simoom.

An intensely hot wave passed over this section of country last Saturday and Sunday which was almost unendurable. The wind which blew seemed heated as if from a furnace. On Saturday the thermometer registered as high as 98 degrees in the shade. From all accounts the heat was much more severe across the lines, as from Chicago alone sixty-two deaths from sunstroke or heat prostration are reported. Philadelphia reports forty-seven deaths, and many other cities an unusually large number.

Big drive in many lines of imported Dry Goods at the Concrete to make room for large orders now placed in the British markets for Fall and Winter Goods.

A Fish Story.

Muskoka is a wonderful country if we may judge from its abundance of fish and fish stories, particularly the latter. The following is among the latest:—"A Muskoka camper alleges that before going to bed one night he set out a line baited with a minnow. During the night this was swallowed by a shiner, which was taken in later by a perch, which at a subsequent stage was captured by a black bass. A large muskallonge works up before the camper and swallowed the combination, and the whole outfit was hauled ashore in time for breakfast." It seems there are no whales in Muskoka waters.

Just opened at the Concrete, a splendid lot of Dinner, Tea and Toilet Sets. These goods were bought direct from the manufacturers, and are offered to the public at wholesale prices.

W. C. T. U.

W. C. T. U. Union day in connection with the Provincial Union of Ontario, will be observed this year on the 12th Aug. at Niagara-on-the-Lake. Mrs. Lathrop, of Michigan, Miss Gray, of Belgrim, Mrs. Youmans and other noted workers will take part. Other attractions, the arrangements for which are not yet complete, will be provided, and it is hoped that the Unions of York County and other western counties, will loyally respond to the invitation of the Pro. Union and make this a grand rally of white ribbon workers and their friends. A full programme will appear in Globe and Mail August 6th.

Go to the Concrete for the best value in Sugar, Spices, Fruit Jars, Raisins, Currants, &c.

Worthy of Consideration.

The Toronto Glob suggests the advisability of providing drinking troughs or fountains along the streets for the dogs of the city. Several cases of hydrophobia having recently been reported, the suggestion is an appropriate one, as want of water is said to be the principal cause for this dreadful disease in the canine race. Perhaps the suggestion may prove beneficial to the citizens of this community. We believe most people give their domestic animals food, but we are inclined to think that as far as water is concerned they are allowed to get it as best they can. Water, though a luxury, is plentiful in this part of the world, therefore give "man's faithful friend and companion" all he may desire.

See our Cottons! 27 inch grey cotton 4cts, 36 inch wide for 5, 7, 8, and 9cts a yard, check Shirtings at 8, 9, 10, 12, 14 and 15cts at Grennan's.

A Severe Blow.

Mr. John Palmer received an ugly cut on his head last Monday morning. He was standing on the floor of his new barn, which has just been erected on his farm, when a board about three feet in length by five inches wide fell from the roof and made a gash in his head right to the skull in the shape of V. A sudden gust of wind was the cause of the accident. Mr. Palmer was rendered almost unconscious for some time. Being driven home, a doctor was immediately sent for who came and dressed the wound, which required several stitches. Had the board not struck in a slanting position his skull would in all likelihood have been fractured, as the fall was fully twenty feet. This is the second accident which has occurred at the barn since it was raised a little over a week ago. Believers in the existence of phenomena produced by supernatural agencies will be looking for a third.

The Band of Hope.

On the kind invitation of Mrs. Langstaff the members of the Band of Hope to the number of about sixty, assembled last Friday afternoon on the beautiful lawn in front of the Dr's residence. The Superintendent, Mrs. G. Wiley, and several ladies who contribute their ready help to the promotion and sustaining of this little band of temperance workers, were on hand to assist in making things lively for the juveniles. The programme began by the children singing their favorite song, "Temperance Boys and Girls are We," with their usual enthusiasm, and was followed by other renditions equally appropriate to the objects of their organization. Afterwards questions relative to the nature and properties of alcohol, were put by the Superintendent, and proper answers elicited. Then came the games, when all, irrespective of age, went in for fun, the younger applauding with uproarious laughter every unsuccessful attempt of the older ones to hop around, regardless of years, with the agility of youthful days. A couple of teams of somewhat miscellaneous description were improvised for a tug of war, which resulted in a tremendous pull from east to west, to the great discomfiture of the westerners, who had allowed their visible faculties to overcome their muscular abilities as to render themselves powerless just when strength and concentrated effort was most required. It was a "draw game" in favor of the easterners, and the youngsters enjoyed the fun immensely. The hilarity was kept up until the shades of evening began to set in, when the programme was suddenly changed to a feast of raspberries and cream, with excellent substantial accompaniments, liberally supplied by the lady of the lawn. The evening was very pleasantly spent by all, and the little party broke up by singing the National Anthem and giving three cheers for Mrs. Langstaff and one for the Queen.

Take Warning.

Numerous complaints come to us from different parts of the village in reference to nuisances allowed to accumulate on many premises to the risk of health and the annoyance of neighbors. Unclean water-closets, neglected pig-sties, and filthy yards are exceedingly risky at this time of the year. If typhoid fever, or any other epidemic should set in, there would be nothing to hinder the germs of disease from being carried to every house through every open door or window. Many of these accumulations have been existing since the spring, through the neglect of the Council in sending out the Inspector with a warning to every household to clean up. There is no doubt of the present official doing his duty thoroughly if he is but properly authorized, and he should be authorized at once with instructions to report every delinquent who will not come to time. Many tolerate a nuisance so long that their olfactory nerves become obtuse, and they cannot discern the fact when it is right at their very door.

Another lot of 5 cent Muslin's at The Concrete.

E. Y. License Commissioners.

The Board of License Commissioners for the East Riding of the County of York met on Saturday, the 16th inst., at the Clyde Hotel, Toronto. Present, Messrs. McCaffrey, Rennie and Brown, Commissioners, and Jas. Eckardt, Inspector. Minutes of last meeting read and approved. The Inspector presented a petition from Mr. H. R. Frankland, Reeve of York, and 136 other ratepayers, praying the Board to reconsider their former decision and grant a tavern license to Mr. R. H. Crew, of the village of Norway. After a lengthened discussion their former decision was adhered to. The application of James Langston re. Milliken hotel was transferred to Richard B. Popham. Mr. Rennie presented a petition from Mr. S. Kennedy and 46 others praying the Board not to grant a license at Milliken hotel. The Board taking into consideration the travelling public and also the very flattering recommendation of Mr. Popham, from Mr. Thos. Dexter, chief Inspector of Toronto, and besides this a majority of the signatures on the petition not being according to the statutes made and provided therein, unanimously resolved to grant Mr. Popham a license. Accounts were then passed, and the Board adjourned to meet at the call of the chairman.

Lacrosse Match.

The championship lacrosse match played here last Saturday between the Beavers of Woodstock and the home team resulted in a victory for the former by three goals to one. Both teams appeared in gray suits, and but for the red caps worn by the visitors, strangers would have had a difficulty in distinguishing the players on either side. Both clubs played well, but fate seemed to be against the Young Canadians. On the whole the team play was better on the Woodstock side, besides, their men were more careful in covering their opponents who showed much carelessness in that respect. The weak point in the Y. C. club was in the home players, and it is safe to say that fully a dozen shots were fired on the goal of their opponents, and no one could tell why the ball did not go through. The play was decidedly rough, and very few escaped without scars and bruises. The whole time of two hours and a half was taken up with the match. The umpires were Messrs. J. Garvin and P. Schofield, of the Toronto Lacrosse club, and Mr. Johnston, also of the Torontos, acted as referee.

Are they Connected?

It is said that the use of tobacco often leads to the use of strong drink. So it is thought that the game of billiards goes hand in hand with the practice of using profane oaths. Of course there are exceptions to all rules. Thoughtful people are beginning to ask themselves the question, is there any connection between our national game and disgraceful fighting. Careful observers will be forced to admit there is a very close connection. Scarcely a match takes place of late, whether it be in large cities or in places of smaller dimensions, that the papers do not report serious contentions, and often hand-to-hand combats. Nor is our own village any better in this respect. Ladies are invited to witness a grand lacrosse match, and before they are on the grounds half an hour they are compelled to become eye-witnesses to free fights, and to listen to blasphemous and unbecoming language. Even among junior clubs the same kind of exhibitions takes place. At the match here last Friday two small boys on the opposing teams threw down their crosses and began defending themselves according to the "manly art." As the old cock crows, the young ones learn. So it is with boys. If men give way to their temper no more can be expected of youths. Of course every allowance must be made in the heat of a contest. Yet if lacrosse is to continue to be our national game, the rules governing it must be drawn closer.

PERSONALS.

Miss Bertha Wilson started on Monday for London, to make a visit with her sister, Mrs. Kidd, of that city.

Mr. Pitzner, lately employed by Mr. J. Couler, merchant tailor, has returned to his home in North Bay.

Dr. and Mrs. James Langstaff and family have started on a trip to Chicago and the Western States. The Dr. intends remaining only for a short time.

Mr. J. Bassingthwaite, formerly of Patterson, but who is now Principal of the public school at Manitowaning, gave us a friendly call a few days ago. He is now visiting his relatives in Woodstock.

BIRTHS.

BRANSFIELD—At Elgin Mills, on Monday, July 11th the wife of Mr. Patrick Bransfield, of a son.

CLAFFEY—At Elgin Mills, on Monday, July 18th, the wife of Mr. John Claffey, of a son.

MARRIAGES.

JACKSON—WHITMORE—On the 13th July, at the residence of the bride's father, by the Rev. James Pearen, M. A., Mr. John Jackson, to Miss Louise, daughter of M. Ephraim Whitmore, all of Vaughan.

DEATHS.

SNIDER—At Eglinton, on Thursday, July 14th 1887 Lavinia, wife of Elias Snider, in her 70th year.

35,000 BOYS

—IN—

TORONTO, and more to follow—what an undertaking to supply them with CLOTHING. We don't do it all, but we sell our share. Our sales in this department double every year, till now, at the smallest calculation, we sell 10,000 Boys' Suits a year, and we fully expect that our sales this year will not fall short of 20,000 Suits. This seems a great deal, and some of you may reasonably doubt it—nevertheless we are prepared to prove our statements and show to the satisfaction of everyone that we do the largest trade in Boys' Clothing in Canada. Where do they all come from? We'll try and tell you:—

Those little Sailor Suits at \$1.50, that we never have enough of, come from over the sea—they could not be produced in this country for less than \$3.50; then the little Halifax Tweed Suits at \$1.50 come from the same quarter, and those parents who have bought this line from us say that it is a real pleasure to have boys when they can be clothed so neatly and at such little cost. Again, England supplies those Corduroy Suits that never wear out, and remind old country people of their childhood, playing about the green lanes of their native village.

GERMANY is away ahead in plaited and fancy suits, and though their goods are not quite as substantial as those of English or Canadian manufacture, they excel in design and nobby styles. It is an extraordinary fact that amid the keenest competition English manufacturers have ever maintained the highest standard of durability in their fabrics—very often sacrificing style of quality—while the Germans seem to plit their entire energy into design and style, forgetting that people require a durable as well as a stylish garment.

FRANCE sends us some of the finest and prettiest suits, but the difficulty with French Clothing is its enormous cost and unsuitable styles for Canadian trade.

CANADA. Last, but not least, comes our own country, and let it be said to her credit that like the mother country, England, the standard of quality is maintained in her cloth manufacturers.

We make up thousands of suits ourselves, employing hundreds of hands—men and women throughout the surrounding country—paying out in wages from \$40,000 to \$50,000, and many a little cottage in the suburbs has been paid for out of the savings of our employees,—and now a word about prices.

- Boys' Blue Serge Suits, only 98c.
- Boys' Brown Serge Suits, only 98c.
- Boys' Halifax Tweed Suits, only \$1.50.
- Boys' Sailor suits, only \$1.50.
- Boys' Corduroy suits, only \$2.50.
- Boys' Fancy Plaited suits.
- Boys' Norfolk suits.
- Boys' Eaton, Harrow and Rugby suits.
- Boys' Jersey suits.
- Boys' Rubber Coats.
- Boys' Crash Coats and Vests.
- Boys' Summer Clothing.
- And 1000 Gents' Crash Coats & Vests at \$2.50.

THOS. THOMPSON & SON'S,
