## The Liberal.

RICHMOND HILL, Thursday, Aug. 11, 87.

### LOCALS.

Cheap Cravat Sets at THE LIBERAL store.

Sugar at the Concrete 19, 18, 17 and 16 lbs for 1 dollar.

Good General Servant wanted at once. High wages paid. For particulars look on page 8.

Extra Fine Vostazza and Patras Currants at the Concrete, cheap.

Jumbo Watermelons and other fruits of the season at Kirkby's.

W. C. T. U.  
 The union will meet at the residence of Mr. Tyndal on Tuesday evening next, at the usual hour.

Canned Salmon, Lobster, Mackerel, Beef, Chicken, Turkey, Pigs Feet at the Concrete cheap.

Death from Typhoid.  
 Miss Birchall, aged 15 years, daughter of Mrs. Rutherford, was buried in the Presbyterian cemetery here last Tuesday. Typhoid fever was the cause. Mrs. Rutherford and many friends in this locality will sympathize with her in her sad bereavement.

Rice, Tapioca, Sago, Raisins, Currants, Spices, Oatmeal and Cornmeal at the Concrete, the best value in the trade.

Another Death.  
 Another of Mr. Ludford's children, Thornhill, has been suddenly called away by that dreadful disease Diphtheria. This time a little boy eight years old. This is the fourth child taken from Mr. Ludford in the last few weeks. Much sympathy is felt for the bereaved father.

If you want the best value in White and Grey Cottons, Check Shirtings, Twill Sheetings, Denims and Cottonades go to the Concrete.

Lacrosse Match.  
 A Lacrosse Match between Stouffville and Richmond Hill teams will be played on the Park here on Saturday next. Ball faced at 3:30 p. m., sharp. Admission to grounds 15 cents; Ladies 10 cents. An exciting time is expected. All are invited to attend.

For the best value in Black and Colored Cashmeres, Dress Goods, Linings, Trimmings, Buttons &c. go to the Concrete.

Coal Supplies.  
 Mr. W. E. Proctor intimates on page 8 that he is prepared to furnish coal in the village at Maple or surrounding neighborhoods at the lowest prices. He handles nothing but first class coal. He solicits public patronage and guarantees satisfaction in every way. Parties about Maple may order through his agent, Mr. George Folster.

See the new line of Glassware Presents given with the New Era Baking Powder at the Lorne Store, G. Trench.

Through Harvest  
 Several farmers in the surrounding neighborhoods are on the eve of finishing harvest. The first we have heard of as being through with that task is Mr. Jonathan Baker, about a mile to the south of Carrville. He completed everything in July. It is an old trick of Mr. Baker's to get ahead of his neighbors, although his farm consists of 200 acres.

Dinner Sets, China Tea Sets, White Granite Tea Sets, colored Tea Sets at the Concrete at wholesale figures.

**Foul Water Tanks.**  
 The Health Officers are looking after the water tanks in Thornhill, thinking they may be the cause of the spread of Diphtheria in that village. There are several in this village which require to be kept tightly covered else the odor is almost unendurable. There is nothing like making every endeavor to prevent disease taking root.

**New stock of Teas at the Lorne Store, Hysons, Congous and Japans. Special value. Try them. Geo. Trench.**

**2nd class Certificates.**  
 The list of successful candidates who have obtained non-professional 2nd class certificates was published in Monday's papers. It is very gratifying to see the stand taken by the Richmond Hill High School. Out of fifteen sent up eleven were successful. This gives a much larger percentage than the whole province. The result must be encouraging to the pupils themselves, and reflects much credit on both the Head master and the Assistant in the High school. The following are the successful candidates:—A. Hopper, J. Harris, N. Harris, B. Page, E. Rutherford, E. Wiley, H. Gohn, T. Page, M. Graham, F. Brackin, W. Kinck.

**Niagara-on-the-Lake.**  
 The gathering at the grounds of the Niagara assembly, on Friday next (to-morrow) promises to be an important one. The W. C. U's in various parts of the province are working the matter up and it is hoped that the magnificent amphitheatre, the finest building of the kind in the Dominion, may be filled to its utmost extent. A very interesting programme has been prepared, and a most enjoyable time is anticipated. Tickets for the round trip from this village, including admission to the assembly grounds \$1.25 and may be had on application to Mrs. Currier.

**Notes along Yonge St.**  
 August is not a desirable month to drive along Yonge St. The loose stones here and there render the road by no means smooth, and it is generally hot and dusty. The sanitary authorities in the Markham and Vaughan parts of Thornhill are endeavoring to find the cause which led to the sudden deaths by diphtheria in that village. The residents of Lansing are already making preparations for their Fall Fair which will be held there on the 28th and 29th of September next. One meeting has already been held and another will take place this (Thursday) evening in The Golden Lion Hotel. Although the society was only formed last season, their first effort last fall was crowned with success, and present indications go to show that the directors purpose making it an exhibition second to none in this part of the country. Mr. D. B. Birrid, the genial proprietor of the York Mills Hotel, has made arrangements for erecting a set of Platform Scales opposite his house for the accommodation of the farming community. This will prove a great boon for the farmers on their way to the city, as most of them prefer to know the exact weight of their hay and other loads of farm produce before arriving at the great mart of Ontario. The old relic of barbarism which formerly stood at the top of Hogg's hill is no more, and one would think that the price of farms in the immediate neighborhood has already gone up 20 per cent, so much better do they fronts appear. Property in the vicinity of Glenview Park has been laid out into village lots and considerable improvements made. There is a danger of the enterprising property holders of that part getting ahead of the times. There is a likelihood of Toll Gate, No. 1, being removed from its present position, to the top of the hill north, which is outside the city limits. In that case the city will have to buy several hundred yards of Yonge St., and bind itself to keep it in a good state of repair for all time to come. The matter will likely be taken up at the next meeting of the county commissioners. It is said Toronto has already made a liberal offer.

**Magistrate's Court.**  
 Mr. F. Whitlock was brought before J. P.'s J. M. Lawrence and R. Marsh, on Saturday, August 8th, charged with an infraction of the law relating to the public health. The information laid by Mr. R. Rumble, health inspector for the township of Vaughan was as follows:—Whereas a complaint having been made to me as sanitary inspector for the township of Vaughan, that Frederick Whitlock, residing on lot No. 44, in the first Con. of the township of Vaughan, having kept his premises in such a filthy condition as to be dangerous to the public health, and having inspected the said premises and found them in the condition above spoken of, and having notified him to remove or abate the said nuisance, and he having refused and neglected to comply with said notice, I request that he be dealt with under the By-Law attached to the act making provision respecting the public health, Chap. 38, Revised statutes of Ontario. The above information having been read to the defendant he denied the charge. Mr. R. Rumble was the only evidence for the complainant. He said he visited the premises, found it in an unsatisfactory state, notified the defendant to remove the cause. This was on the 28th of July. Again visited the place on the 30th of July, and found the same offensive odors. Mr. Robert McNair was the first witness for the defence. He said he removed a manure heap from the premises in June. Found some bones but did not detect any smell which he would consider injurious. Mr. Fred. Keetch was next sworn. He said he had lived on the premises since the first of May, and did not consider there was anything to injure one's health. He generally attended to the boiling of the bones. They did not keep trifling meat or bones on the place. In answer to a question from the Inspector he said on the day the latter visited the place there was a smell, but he found it was from another cause. He removed the cause by using chloride of lime. Mr. Whitlock's statement was also taken. He contended there was no smell to hurt any person, and could not keep his place cleaner and carry on his business. He said that he was healthy and had lived in the midst of it for years. The court was then dismissed, the evidence was summed up by the justices of the peace, who inflicted a fine on the defendant of \$5.00 and costs, amounting altogether to \$8.50. The other alternative was ten days in the county jail.

### PERSONALS.

Miss Ida Simpson is visiting old friends in Aurora.

Mrs. W. Jewell, of Toronto, is visiting with her sister, Mrs. I. Crosby.

The Misses Lymburner, of Buffalo, N. Y. are the guests of Mrs. J. Palmer.

Mrs. J. Coulter is spending a few weeks in Aurora with her son, Dr. Coulter.

 THE UNION MEDICINE CO., Props., Toronto.

# 35,000 BOYS

—IN—  
 TORONTO, and more to follow—what an undertaking to supply them with CLOTHING. We don't do it all, but we sell our share. Our sales in this department double every year, till now, at the smallest calculation, we sell 10,000 Boys' Suits a year, and we fully expect that our sales this year will not fall short of 20,000 Suits. This seems a great deal, and some of you may reasonably doubt it—nevertheless we are prepared to prove our statements and show to the satisfaction of everyone that we do the largest trade in Boys' Clothing in Canada. Where do they all come from? We'll try and tell you:—

Those little Sailor Suits at \$1.50, that we never have enough of, come from over the sea—they could not be produced in this country for less than \$3.50; then the little Halifax Tweed Suits at \$1.50 come from the same quarter, and those parents who have bought this line from us say that it is a real pleasure to have boys when they can be clothed so neatly and at such little cost. Again, England supplies those Corduroy Suits that never wear out, and remind old country people of their childhood, playing about the green lanes of their native village.

GERMANY is away ahead in plaited and fancy suits, and though their goods are not quite as substantial as those of English or Canadian manufacture, they excel in design and nobby styles. It is an extraordinary fact that amid the keenest competition English manufacturers have ever maintained the highest standard of durability in their fabrics—very often sacrificing style of quality—while the Germans seem to plit their entire energy into design and style, forgetting that people require a durable as well as a stylish garment.

FRANCE sends us some of the finest and prettiest suits, but the difficulty with French Clothing is its enormous cost and unsuitable styles for Canadian trade.

CANADA. Last, but not least, comes our own country, and let it be said to her credit that like the mother country, England, the standard of quality is maintained in her cloth manufacturers.

We make up thousands of suits ourselves, employing hundreds of hands—men and women throughout the surrounding country—paying out in wages from \$40,000 to \$50,000, and many a little cottage in the suburbs has been paid for out of the savings of our employees,—and now a word about prices.

- Boys' Blue Serge Suits, only 98c.
- Boys' Brown Serge Suits, only 98c.
- Boys' Halifax Tweed Suits, only \$1.50.
- Boys' Sailor suits, only \$1.50.
- Boys' Corduroy suits, only \$2.50.
- Boys' Fancy Plaited suits.
- Boys' Norfolk suits.
- Boys' Eaton, Harrow and Rugby suits.
- Boys' Jersey suits.
- Boys' Rubber Coats.
- Boys' Crash Coats and Vests.
- Boys' Summer Clothing.
- And 1000 Gents' Crash Coats & Vests at \$2.50.

**THOS. THOMPSON & SON'S,**  
 MAMMOTH HOUSE,  
 KING STREET EAST,  
 TORONTO.
