I will be a cold day when Richmond Hill gets left by a Brampton la-Clusse Cillu.

Carrville Items.

Although the people of this enterprising burgh are not dead, I have noticed that you have not given any news from here, and although not an adept at newspaper correspondence I will try to prove that we should not be so slighted. On Wednesday evening, 24th uit., a garden party was held at the residence of Mr. Thos. Cook, and was a great success. The first thing on the programme was a lacrosse match between the 2nd twelve of the Young Canadians, of Richmond Hill, and the Gliders of this place. This event, although the play was apparently very even, resulted in a victory for the Y. C's by three straight games. Afterwards a tea was served by the ladies in first-class style, although it was almost impossible for them to move around for the crowd which blocked up the doors and hall. After dark three large camp fires were lighted and gave the scene a far more comfortable appearance, for the night was rather cold. Some choice music was rendered by some of Richmond Hill's songsters and our best local talent. The Richmond Hill Band was in attendance and rendered some inspiring airs. The people dispersed about 10 o'clock, well pleased with their evening's entertainment. Proceeds in the neighborhood of \$50. We have had very little rain here, and so the news as well as the land is almost all dried up. - Com.

Harvest Home Jubilee. The Harvest Home Jubilee at Zion Evangelical Lutheran Church was a success in every respect. Tea was served in the basement of the church, and the palatable edibles showed that the ladies of the congregation were well skilled in the culinary art. The pulpit and altar were beautifully decorated with fruits, vegetables and grains of every description, and everything betokened a genuine Harvest Home. The speeches which followed the tea were delivered in the body of the church. Dr. Orr, of Maple, occupied the chair with credit, and introduced in turn Rev. Mr. Camelon, of Maple; Mr. E. J. Davis, of King, ex-Warden of York; Mr. Day, Prov. Sec'y S. S. Association, and Rev. Mr. Short, of Woodbridge. The addresses were of the most interesting and instructive nature, bearing on the Queen's prosperous reigu, and all bore testimony to the many virtues of Her Most Gracious Majesty, not only as sovereign, but also as maiden, wife and mother. In the early part of the evening many visited the new parsonage which is nearing completion. When finished this will andoubtedly be the finest parsonage in the county, and goes to show that the congregation are not only wealthy, but that they are most anxious to administer to the worldly comfort of their beloved pastor, the Rev. Mr. McLaughlin. Choice singing was given between speeches. The chairman closed with a stirring address. We did not learn the proceeds of the evening, but judging from the immente crowd they must have been large. As much of the provisionsewas still left, a social will be held tomorrow (Friday) evening. Jubilee services will also be conducted n xt Sabbath.

TORONTO, and more to follow-what an undertaking to supply them with CLOTH-ING. We don't do it all, but we sell our share. Our sales in this department double every year, till now, at the smallest calculation, we sell 10,000 Boys' Suits a year, and we fully expect that our sales this year will not fall short of 20,000 Suits. This seems a great deal, and some of you may reasonably doubt it-nevertheless we are prepared to prove our statements and show to the satisfaction of everyone that we do the largest trade in Boys' Clothing in Canada. Where do they all come from? We'll try and tell you : -

Those little Sailor Suits at \$1.50, that we never have enough of, come from over the sea-they could not be produced in this country for less than \$3.50; then the little Halifax Tweed Suits at \$1.50 come from the same quarter, and those parents who have bought this line from us sav that it is a real pleasure to have boys when they can be clothed so neatly and at such little cost. Again, England supplies those Corduroy Suits that never wear out, and remind old country people of their childhood, playing about the green lanes of their native village.

GERMANY is away ahead in plaited and fancy suits, and though their goods are not quite as substantial as those of English or Canadian manufacture, they excel in design and nobby styles. It is an extraordinary fact that amid the keenest competition English manufacturers have ever maintained the highest standard of durability in their fabrics-very often sacrificing style of quality-while the Germans seem to pht their entire energy into design and style, forgetting that people require a Jurable as well as a stylish garment.

FRANCE sends us some of the finest ond prettiest suits, but the difficulty with French Clothing is its enormous cost and unsuitable styles for Canadian trade. CANADA. Last, but not least, comes our own country, and let it be said to her

credit that like the mother country, England, the standard of quality is maintained in her cloth manufacturers. We make up thousands of suits ourselves, employing hundreds of hands-men and

women throughout the surrounding country-paying out in wages from \$40,000 to \$50,000, and many a little cottage in the suburbs has been paid for out of the savings of our employees, -and now a word about prices.

Boys' Blue Serge Suits, only 98c.

Boys' Brown Serge Suits, only 98c.
