Grennan's Clearing Sale. Don't miss the bargains in Crockery and Glassware.

Not Sold. The Lyon farm of 105 acres in the first concession of the Township of Vaughan, was put up by auction by Mr. Salem Eckardt, at the Lorne Hall, last Saturday afternoon. There were several bidders, but none reached as high as the reserve price, so it was not sold. The highest bid was \$5250.

Grennan's Clearing Sale. Christy and Soft Felt Hats at slaughter prices.

Football Meeting. We have been asked to state that a meeting will be called to-morrow (Friday) evening, at 8 o'clock, in the Lorne Hall, for the purpose of organizing a football club for this season. A full attendance is requested. Should the meeting be successful in organizing a good club, there will in all probability be several matches played here this Fall. A challenge has already been forwarded from the "English Eleven."

For Entrance Candidates.

The Literature paper for entrance examination to the High School in December next will be taken from the following selections, viz:—1. Oth in the Study Night. 2. Death of Little Nell. 3. The discovery of America. 4. Dora. 5. To a Skylark. 6. The Changing. 7. The two Breaths. 8. The Conquest of Bengal. 9. After Death in Arabia. The drawing books to be handed in are Nos. 4 and 5 as per curriculum of students for fourth class.

Grennan's Clearing Sale. Immense bargains in Black, Green and Japan Tea, in 5 and 10 lb. packages

Appeal Sustained. Mr. Reddit, Head Master of our High School, having appealed to the examiners in the case of Hugh McCona by, a committee appointed for the purpose to re-read the examination papers, and on Monday last a Second Class Certificate, together with the \$2.00, which had been forwarded, and which would have been kept had the appeal not been sustained, was sent the candidate. Hugh had failed by a few marks on a couple of subjects, though he had made 112 marks more than was required on the total. This makes 12 Second Class Certificates at the recent examinations.

At The Concrete the stock of Ulsters and Shavels for children and ladies is very complete ranging from \$1.25 upwards.

Painful Operation. Mr. Gerrard Wiley, who has been suffering for several months with cataract on both eyes, had an operation performed on the right one, by Dr. Ryerson, of Toronto, a couple of weeks ago, when, it is hoped, will prove successful. He has suffered considerably since, but the Dr. thinks it will not be necessary for his patient to undergo another operation, as the strength of the one eye may go to the other. We trust he may be correct in his opinion, and that Mr. Wiley may soon be restored to health again.

Grennan's Clearing Sale. Remnants of Dress Goods at less than cost.

12 O'clock Globe. The 12 o'clock and evening editions of the Saturday Globe has been raised to 3 cents a copy. This is not dear when the size of the paper is considered. Last Saturday it consisted of 20 pages, and was a very readable sheet. Many take this edition as it always contains a large amount of matter suitable for Sunday reading. But for those who have a desire for reading, and who wish to keep up with the times, it is better to take the Globe by the month. The 12 o'clock edition reaches Richmond Hill, by Proctor's bus, at 2 p. m., and is only 25 cents a month. Leave your orders at THE LIBERAL Office.

Grennan's Clearing Sale. Hosiery and Gloves at less than cost.

Shetland Ponies. Last Monday afternoon three very small Shetland ponies passed through the village northward. On making inquiry in reference to the miniature horses we learned that they were the property of Messrs. Newton Bros., of Egin Mills, who had purchased them from ex-Alderman Hallam, of Toronto. The last named gentleman recently imported them, with many others, from the Shetland Islands, in the North Atlantic Ocean, where they are raised like sheep. The trio owned by Newton Bros. consist of two mares and a stallion. They are not much for size, but are a hardy race, and when broken should do a lot of light driving.

Grennan's Clearing Sale. Fine Linen Towels going at 50c., 85c., \$1.00 and \$1.35 per doz.

Moving Northward. We learn from the Aurora Banner of last week that Mr. B. Grennan, who, for several years past, has shown much enterprise in his general store here, has rented one of the new stores in Aurora, which is to be finished early in October. We have reason to believe that Mr. Grennan has done a large business here, and have not learned why he purposes settling in our sister village, although we have heard him say time and again that his present place of business is not nearly large enough to display his goods. We sincerely hope that he does not contemplate leaving Richmond Hill altogether, but that he may use one building as a branch store. But should the Banner be correct as to his removing altogether, we are sorry to say that we will lose not only one of our most enterprising and accommodating merchants, but one of our most useful and respected citizens.

We make a specialty of Boys' Suits and show a great variety of them, handsome little suits at \$1.49. Bring the boys along and get them fitted at Grennan's.

Edward O. Graham, Nurseryman, of Rochester, N. Y., desires to make arrangements with one or two live, energetic men to take orders for his Nursery stock. He has a choice stock, including fine specialties. His inducements to beginners are particularly advantageous. He fulfills all his promises, and guarantees to furnish strictly first-class stock. He can give active, square, upright men good positions, and desires to communicate with a few such men, with a view of securing their services. Write to him as soon as you have read this for terms and particulars. Remember, only square dealing men need apply. Address, EDW. O. GRAHAM, Nurseryman, Rochester, N. Y. 89

The Concrete have received and are opening up as fast as possible the large consignment of Dry Goods imported direct from the Old Country consisting of Dress Goods, Plushes, Velvets, Mantles, Mantle Cloth, Ladies' Walking Jackets, Clouds, Wove Shawls, Hoods, Caps, Rubber Circulars, etc., all of which are much cheaper than ever and we intend to let the customers have the benefit.

The Early Bird, &c.

Aurora Mechanics' Institute have already issued membership tickets for next year, which commences on the 1st of October. This is making a good start and other Institutes should copy the example. As a rule the tickets for our Institute are not ready until late in October, when some people who are not very enthusiastic, will complain that they only get the use of the library for some eleven months instead of twelve. Whether the directors succeed in establishing a Reading Room or not, they should have no difficulty in selling over one hundred tickets at their present price, 50 cents. If the public are guaranteed a good Concert or Re-Union early in the season, free to members, and an addition of popular books and magazines, the ticket-sellers will have no difficulty in disposing of a large number.

Carrville Items.

Last week as some of our amateur carpenters were shingling the church, the wind, which was rather strong, blew down their ladder, and they were left lamenting on the roof. This happened about five o'clock in the evening, and as it was cold, some of them wished they had their overcoats if they had to stay there all night. For some time the welkin resounded with their cries for help, but no one responded, as they could not see what danger there was. One suggested that his neighbor tear up one of his garments into strips, in order that they might make a rope to reach the ground, but this suggestion was very indignantly received by the neighbor. They were finally relieved from their distress by Messrs. Richard and William Rumble, who happened to be passing. They will fasten the ladder next time. We are sorry to record the death of one of our oldest residents, Mrs. Tennyson, after a lingering illness. She was about 95 years of age. Mr. Wm. Coombs, of Woodstock, is visiting his parents here.—Com.

Fire Brigade Meeting.

The Richmond Hill Fire Brigade held their regular monthly meeting on the 2nd inst. Lieutenant Wilson occupied the chair. Minutes of last meeting were read and adopted. Foreman Reddit, as chairman of a committee to wait on the Council in reference to the caretaker having the management of the hose, and also in reference to a change of place for the alarm key, said that although the Council had not met since the last meeting of the Brigade, he had seen the Reeve and other members who were willing to act on the suggestion of the committee as far as the hose was concerned, but that with reference to the key, that was entirely under the control of the trustees of the church. On motion the report was accepted. Mr. Philip Macklem was ballotted for and accepted a member of the brigade. Several persons were proposed as apprentice firemen, and the meeting adjourned.

A Pleasant Evening.

The residence of Mr. and Mrs. W. Trench was the scene of a very pleasant gathering last Friday evening, the occasion being the 33rd anniversary of their wedding, as well as the baptism of their two youngest children, Susan Hilda and Will Lawson. The baptismal ceremony was performed by Rev. Mr. Simpson, after which between fifty and sixty of their intimate friends sat down to a sumptuous supper. A few hours were then spent in singing, music and social intercourse, when the visitors withdrew after congratulating Mr. and Mrs. Trench on their happiness and pleasant surroundings, and pronouncing blessings on the baptised children. The evening was perhaps the more enjoyable from the fact that both the anniversary and the christening were a surprise to the guests until their arrival. We trust that a kind Providence will deal as gently towards the respected couple in the future as it has in the past, in which case they will be still young at the anniversary of their Golden Wedding.

35,000 BOYS

—IN—
 TORONTO, and more to follow—what an undertaking to supply them with CLOTHING. We don't do it all, but we sell our share. Our sales in this department double every year, till now, at the smallest calculation, we sell 10,000 Boys' Suits a year, and we fully expect that our sales this year will not fall short of 20,000 Suits. This seems a great deal, and some of you may reasonably doubt it—nevertheless we are prepared to prove our statements and show to the satisfaction of everyone that we do the largest trade in Boys' Clothing in Canada. Where do they all come from? We'll try and tell you:—

Those little Sailor Suits at \$1.50, that we never have enough of, come from over the sea—they could not be produced in this country for less than \$3.50; then the little Halifax Tweed Suits at \$1.50 come from the same quarter, and those parents who have bought this line from us say that it is a real pleasure to have boys when they can be clothed so neatly and at such little cost. Again, England supplies those Corduroy Suits that never wear out, and remind old country people of their childhood, playing about the green lanes of their native village.

GERMANY is away ahead in plaited and fancy suits, and though their goods are not quite as substantial as those of English or Canadian manufacture, they excel in design and nobby styles. It is an extraordinary fact that amid the keenest competition English manufacturers have ever maintained the highest standard of durability in their fabrics—very often sacrificing style of quality—while the Germans seem to plit their entire energy into design and style, forgetting that people require a durable as well as a stylish garment.

FRANCE sends us some of the finest and prettiest suits, but the difficulty with French Clothing is its enormous cost and unsuitable styles for Canadian trade.

CANADA. Last, but not least, comes our own country, and let it be said to her credit that like the mother country, England, the standard of quality is maintained in her cloth manufacturers.

We make up thousands of suits ourselves, employing hundreds of hands—men and women throughout the surrounding country—paying out in wages from \$40,000 to \$50,000, and many a little cottage in the suburbs has been paid for out of the savings of our employees,—and now a word about prices.

- Boys' Blue Serge Suits, only 98c.
- Boys' Brown Serge Suits, only 98c.
- Boys' Halifax Tweed Suits, only \$1.50.
- Boys' Sailor suits, only \$1.50.
- Boys' Corduroy suits, only \$2.50.
- Boys' Fancy Plaited suits.
- Boys' Norfolk suits.
- Boys' Eaton, Harrow and Rugby suits.
- Boys' Jersey suits.
- Boys' Rubber Coats.
- Boys' Crash Coats and Vests.
- Boys' Summer Clothing.
- And 1000 Gents' Crash Coats & Vests at \$2.50.
