Watkins, of Lockport, N.Y., will occupy the pulpit. This gentleman will also preach on the previous Thursday and Friday evenings and on Saturday afternoon.

New Reading.

The following magazines and periodicals have recently been added to the library of the Mechanics' Institute—Edinburgh Review, Scribners, St. Nicholas, Lippincott, Living Age, Westminster Review, Quarterly, Blackwood's Magazine, Atlantic, Contemporary, Fortnightly, Macmillan, Good Words, Longman's, Belgravia, Nineteenth Century, Cornhill. Only 50 cents to become a member.

Kirkby's New Ad.

Mr. Kirkby advertises on another page a full line of groceries of the very best quality, and confections of all kinds. Without doubt he is showing much enterprise in his business, and his patrons find him most accommodating. Read carefully his advertisement and we guarantee that when you call to see him you will find everything as good as he represents.

Farewell to Patterson.

Mr. & Mrs. S. Savage, parents of Councillor Savage of this village, have removed to Toronto after a residence of 32 years in Patterson. During that time Mr. Savage sr. was constantly in the employ of Patterson & Bro. He has now obtained a good position in the C. P. R. works. The esteemed couple will leave their old friends and neighbors more willingly, as their sons, George, James, and Charles are already living in the city. We hope they will enjoy their new home.

Cleaning a Tank.

Yesterday morning, bright and early, the fire-engine, commanded by the Village Inspector, was seen going northward through the village. The idea was to pump the water out of the tank opposite Crosby's store. When this was done, it was found that there was still about five feet of solid mud in the tank. During the day 20 cart and wagon loads were taken out and hauled on neighboring gardens. Look out for large melons next year.

A Dyed Dog.

Dead dogs are no novelty, but dogs that are dyed are very seldom seen in those parts. Parker & Co's travellers, Toronto, had the nicest specimen of the canine race with them in the village yesterday that we have ever seen. The dog is of the Esquimaux breed, and was dyed a beautiful pink. A witty bystander remarked as they were starting from THE LIBERAL Office, that it was a walking advertisement, when the knowing animal jumped into the wagon, and crept under the robes.

No Quorum.

The Secretary of the School Board, acting under instructions from the chairman, notified the members to attend a meeting on Thursday afternoon last. No business was transacted as a quorum could not be formed. We understand it was the wish of some of the trustees to re-consider certain resolutions passed at a previous meeting. If they would re-consider the resolution, which authorized the Secretary to advertise for an Assistant in the High School at the low salary of \$500 per annum, it might be a step in the right direction, and retain the pre-ent good standing of the school. Good men must be paid good salaries.

King Plowing Match.

As we intimated last week, King Township Plowing Match will be held on the farm of Mr. Thomas Ferguson, about a mile and a half east of Springhill, on Thursday next, November 3rd. Altogether there are seven classes for plowmen. Among the specials a \$3 prize is to be given for the best looking plowman in the field, to be judged by three young ladies. It is said that the young men, and some of the older ones too, are already sprucing up, and expect to look their best by the 3rd prox. A \$2.00 whip, as a Sweepstake, will also be given by T. Woodbridge & Co., Toronto, the cars to be made known on the morning of the match. Dinner will be provided for the officers, judges and plowmen. For particulars see large bills.

Economy is Wealth.

Many persons are not aware of the extent to which dyeing and renewing of garments is practiced by the best families in our cities and towns. The old reliable firm of R. Parker & Co. dyers and cleaners of Toronto have established an agency here. So goods of all kinds may be left at any time and returned at the same price as if taken to any of their stores in Toronto, Hamilton, Brantford or London no extra charge being made for express. Ladies' Dresses, Jackets, Cloaks, &c., cleaned, dyed and finished ready made up, except Silks and Velvets, but dresses that are going to be made over in another style should be dyed in pieces before making. Gents' Clothing of all kinds, beautifully cleaned, dyed and finished ready made up. Leave your goods with W. R. Neville, here, agent, and will receive prompt attention.—Adv.

English vs. Canadian.

The second football match between the English Team and Richmond Hill's first eleven, was played on the Park here last Saturday, and resulted in an easy victory for the home team. The following are the players on each side: English—H. Porter (Capt.), C. Porter, H. Ross, H. Sylvester, R. Isaacson, W. Barry, F. Irdell, C. Holmes, —Dean, J. Clubine and —Clubine (The last two are not entered in the English register). Richmond Hill—J. A. Palmer (Capt.), Jas. McCouaghy, R. Haffey, T. McMahon, H. McCouaghy, —Ashton, C. McCouaghy, W. Munshaw, W. Atkinson, J. E. Tyndall, and Jno. Piper. Mr. C. Wright acted as referee. The strangers won the toss, and chose to play the first half time with the wind. The play from the first was exciting and apparently even, as neither side scored a game during the 45 minutes. Once the Hill boys put the ball between the poles, but the referee decided no game, as the opposite side had previously claimed a "foul." Some said the ball struck a spectator in the lower extremities, others that it bounded off Tyndall's pipe, whilst others that it was kicked from "off-side." In the second half-time the home team awakened up, and, assisted by a stout breeze, averaged a game every five minutes. Ashton, who had come on the field in his Sunday clothes, took time during the intermission to change his boiled shirt, white cuffs, silk pocket handkerchief, &c., and from that time kicked the ball all over the field whenever it came within reach of him. J. McCouaghy proved that lacrosse is not the only game he can play with perfection, and several other players on the home and visiting team did excellent work. Most of the English team are in this country for the purpose of learning the Canadian system of farming, and no doubt when they leave they will carry with them several points necessary in a football contest. After the match the home team treated the visitors to a supper at the Palmer House.

Re-Union.

The opening Re-Union in connection with the Richmond Hill Mechanics' Institute was held on Friday evening last, and a most enjoyable time was the result. By the hour appointed to open the proceedings, the lecture room of the Masonic Hall was packed to the doors. Mr. I. Crosby, President, introduced the Rev. Mr. Simpson as chairman, who, on taking the platform, gave a cheerful and interesting address, congratulating the Directors of the Institute on their efforts to place before the citizens a line of useful reading. At the commencement of the programme he asked the boys for their best attention to all that took place, and at the close of the entertainment he thanked them for so cheerfully complying with his request. He called upon the Glee Club who responded with a lively choir. Mr. T. H. Redditt then ascended the platform and defined clearly the object of the meeting. He pointed out many advantages arising from a well conducted Mechanics' Institute, and showed conclusively that it was worthy of every support. He said that one of the principal objects in having the first meeting of the season open to the public was to lay the matter fairly before them and ask all classes to become members by paying the small sum of 50 cents. An intermission of ten minutes was afterwards given, when many names were added to the list. The meeting being again called to order an amusing reading entitled "The Coffee was not Strong" was given by Mr. A. McKeanie, after which Mr. F. F. McMahon read an essay on "Youth." The most interesting part of the programme then commenced. This was a debate on the subject "Resolved that Trial by jury should be abolished." Mr. T. H. Redditt took the affirmative, and was ably supported by Mr. I. Crosby. Mr. W. Harrison led off on the opposition, and Dr. Wilson rendered him valuable assistance. The hits on both sides were remarkably clever, and the audience was kept in the best of humor for about three-quarters of an hour. The chairman complimented the speakers on their debating ability, and after weighing the points on each side decided that Trial by Jury should be abolished. Mr. W. A. Sanderson afterwards gave a reading in his inimitable style, the Glee Club sang a couple of selections, votes of thanks were tendered the chairman and the Glee Club for their valuable assistance and the meeting closed with the National Anthem. Though the entertainment was free to all, the programme was better than is often presented at 25 cent concerts. We believe it is the intention of the Institute to give similar entertainments once a month during the Winter season.

PERSONALS.

Mr. & Mrs. H. Sanderson started on Monday for a visit with friends in New York.

Mr. J. N. Stong, of Woodbridge, was in the village on Monday and gave The Liberal a friendly call.

Mr. J. Eckardt, License Inspector for East York, paid an official visit to the village hotels here on Tuesday last.

Mr. N. Davis and family left yesterday to take up house keeping in Toronto, Mr. Davis having employment in the Parkdale Stove works.

Overseer Michael has been gathering up the autumn leaves and other rubbish which had accumulated on the streets of the village in the summer.

Miss Emma Seager started this morning for Ramsgate, Kent, England where she purposes residing for a year with an aunt. She will go by the steamship Umbria, of the Cunard Line, which sails from New York on Saturday. We wish her a safe and pleasant voyage.

35,000 BOYS

TORONTO, and more to follow—what an undertaking to supply them with CLOTHING. We don't do it all, but we sell our share. Our sales in this department double every year, till now, at the smallest calculation, we sell 10,000 Boys' Suits a year, and we fully expect that our sales this year will not fall short of 20,000 Suits. This seems a great deal, and some of you may reasonably doubt it—nevertheless we are prepared to prove our statements and show to the satisfaction of everyone that we do the largest trade in Boys' Clothing in Canada. Where do they all come from? We'll try and tell you:—

Those little Sailor Suits at \$1.50, that we never have enough of, come from over the sea—they could not be produced in this country for less than \$3.50; then the little Halifax Tweed Suits at \$1.50 come from the same quarter, and those parents who have bought this line from us say that it is a real pleasure to have boys when they can be clothed so neatly and at such little cost. Again, England supplies those Corduroy Suits that never wear out, and remind old country people of their childhood, playing about the green lanes of their native village.

GERMANY is away ahead in plaited and fancy suits, and though their goods are not quite as substantial as those of English or Canadian manufacture, they excel in design and nobby styles. It is an extraordinary fact that amid the keenest competition English manufacturers have ever maintained the highest standard of durability in their fabrics—very often sacrificing style of quality—while the Germans seem to put their entire energy into design and style, forgetting that people require a durable as well as a stylish garment.

FRANCE sends us some of the finest and prettiest suits, but the difficulty with French Clothing is its enormous cost and unsuitable styles for Canadian trade.

CANADA. Last, but not least, comes our own country, and let it be said to her credit that like the mother country, England, the standard of quality is maintained in her cloth manufacturers.

We make up thousands of suits ourselves, employing hundreds of hands—men and women throughout the surrounding country—paying out in wages from \$40,000 to \$50,000, and many a little cottage in the suburbs has been paid for out of the savings of our employees,—and now a word about prices.

- Boys' Blue Serge Suits, only 98c.
- Boys' Brown Serge Suits, only 98c.
- Boys' Halifax Tread Suits, only \$1.50.
- Boys' Sailor suits, only \$1.50.
- Boys' Borduroy suits, only \$2.50.
- Boys' Fancy Plaited suits.
- Boys' Norfolk suits.
- Boys' Eaton, Harrow and Rugby suits.
- Boys' Jersey suits.
- Boys' Rubber Coats.
- Boys' Crash Coats and Vests.
- Boys' Summer Clothing.
- And 1000 Gents' Crash Coats & Vests at \$2.50.
