RICHMOND HILL, Thursday, Nov. 10, '87

**JUSTICE.**

In two days more the fate of the Chicago Anarchists will be decided. Nothing now stands between them and the gallows, unless the executive power of the State of Illinois interposes its prerogative of pardon. But pardon for such abandoned wretches would be a darker crime than that of which they were proved guilty. This rebellion of scoundrelism against society must be vigorously stamped out. Anarchist, Socialist, be the name what it will, is but a cloak for one who will have without working. Their meetings should be repressed, even if it has to be done by squirting soap suds on them. And soap and water have far greater terrors for the average Anarchist than even the gallows.

**BARASA.**

Christian nations ought to succeed in imparting a European civilization to the dark African continent. They rely both on God's promises and on Satan's wiles. With the left hand they present to the benighted heathen a bible, with the right hand a rum bottle. And so it comes to pass that the missionary in Africa has to fight the demon of drink as well as the smaller demons of ignorance and superstition. The wretched natives implore the gospel lands to free them from rum. But in vain. Free Trade and Vested interests must go untouched. Alas for the rarity of christian charity under the sun!

**A HINT.**

Municipal affairs are far from dead in Aurora. In that town of latest birth, they are having a real nice time in calling each other choice exotic and native names. The fight for honors at the polls bids fair to be hot. Now herein is matter of congratulation for those most interested. We trust that the best part of the commotion may extend to Richmond Hill. We have no desire to ever see again a Council elected as was our present one. We hope that the Villagers will take sufficient interest in their affairs to make a decent endeavor to bring out their very best men. Even one nonentity is too many in a Council of five members.

**A QUERY.**

Here is a matter for the consideration of farmers. The supporters of the N. P. declare that they require a high tariff because they cannot manufacture as cheaply as in the United States. They therefore ask the farmers to be willing to pay exorbitant prices for inferior articles in order that they (the Canadian manufacturers) may rapidly accumulate fortunes. Now what is the particular advantage reaped by the farmer because the manufacturer amasses in a week as much as he laboriously puts together in a year?

A strange phenomenon, which was strangely beautiful, excited the admiration of a large crowd standing close to Joseph Hall's store, the heavens seemed radiant with splendor. On a closer inspection it was found it was a reflection of a number of garments on a clothes line stretched across the lawn, which had just been dyed with Sun-Set Dyes. Only five cents a package. Sold at Dilworth's Drug Store, Toronto.

Mr. C. E. Caiger, Advertising Agent for Toronto News, says: I was induced to try Nasal Balm for a severe and troublesome cold in the head. Once using it literally washed out the clogged secretions, and left my head as clear as a bell.

**School Board Meeting.**

The monthly meeting of the Richmond Hill School Board was held in the Council Chamber on Monday, Nov. 7th, at 2 p. m.

Members present: Messrs. Brown (Chairman), Lynet, Savage, Glass, Wilson, McConaghy, Switzer, Duncan, Russell and Naughton.

The minutes of last meeting were read and approved.

A bill from the caretaker of the schools for brooms, glass, &c., amounting to \$133, and one from J. Heise, for work, amounting to \$3 75, were read and ordered to be paid.

The Secretary read the report of Mr. Seath, High School Inspector, on his visit of the 11th of October. It showed that the school is in a flourishing condition, and much better than most schools of two teachers. Organization and discipline good, and marks given for teaching excellent. He reported the out-houses as inadequate and in a most unsatisfactory condition, and recommended several changes. Some of the library books he spoke of as worthless.

The work of selecting an Assistant for the High School, from among the applications which had been sent to the Secretary, was then taken up. Fifteen candidates applied for the situation, but probably not more than one or two were qualified for the position, and very few had much experience in High School work.

Besides the fifteen applicants at \$500 salary, Mr. Innes applied at \$600.

After the applications and testimonials had been carefully read and discussed, it was moved by Mr. Duncan, seconded by Dr. Wilson, that in case Mr. Anderson, a gentleman from Seaforth, be able to qualify, the position be offered him.

Mr. McConaghy moved in amendment that Mr. Innes be offered the position at a salary of \$550.

Several of the members objected to Mr. Innes' application being considered, as they had advertised at \$500, and thought it would be unfair to other teachers.

The original motion was then put and carried, and Mr. Switzer was instructed to telegraph to Mr. Anderson and ascertain if he had a professional certificate.

Mr. Naughton, seconded by Mr. Russell, had previously moved that the Secretary be instructed to advertise for an Assistant at a salary of \$600, and this was embodied in the original motion.

Mr. Savage suggested that Mr. Lent be offered the position at his present salary.

Re-engaging teachers for the Public School was then taken up. It was decided at the last meeting that only three teachers would be required for the coming year.

Mr. Switzer moved, seconded by Mr. Lynet, that the teachers in the three senior departments be re-engaged at their present salaries.

Mr. McConaghy moved in amendment that Miss McLaughlin, of the 4th division, be re-engaged in place of Miss Rutherford, of the 2nd division, on the ground that the parents of the former paid village taxes, and that Miss McLaughlin boarded in the village.

Mr. Naughton moved that a male teacher be engaged for the 1st division.

Neither of the last two having a seconded, the original motion was put and carried, and the meeting adjourned.
