Pancakes in Variety.

On cold winter mornings pan cakes of
all kinds hold an important place at the
breakfast table; the buckwheat cake the
most cherished of all. When properly
made, this is the most delicious of all the
griddle cakes, but it has been against it
when made from yeast or risen over night
that it was difficult to make light and
sweet, and that disagreeable effects fre-
quently followed its eating. It is found
that by the use of the Royal Baking Pow-
der to raise the batter these objections
have been entirely overcome, and that
buckwheat cakes are made a most deli-
cious food, light, sweet, tender and per-
fectly wholesome, that can be eaten by
anyone without the slightest digestive in-
convenience. Once tested from the fol-
lowing receipt no other will be used: Two
cups of buckwheat, one cup of wheat flour,
two tablespoons of Royal Baking Powder,
on half teaspoonful of salt, all sifted well
together. Mix with milk into a thin bat-
ter and bake at once on a hot griddle.

The purest and richest syrup is made
by dissolving sugar in the proportion of
three pounds of sugar to 1 pint of water.
Many persons prefer the flavor of syrup
made of Orleans sugar to that made of the
white.

Rice griddle cakes are very delicious.
The rice is cooked until perfectly soft,
drained dry, mashed with a spoon until
the grains are well broken up. For each
cupful of rice take two eggs, one pint of
milk, one heaping teaspoonful of Royal
Baking Powder, one half teaspoonful of
salt, and four enough to make a thin
batter.

For hominy cakes take two cupfuls of
cooked hominy, and crush it with a pota-
to-masher until it is a smooth mass. Add
one level teaspoonful of salt, two tea-
spoonfuls of Royal Baking Powder, and
one cupful of flour. Stir together; then
add six degrees one quart of milk, and
lastly three well beaten eggs. Bake in
thin cakes.

Very delicate and delicious cakes are
made by allowing two teaspoonfuls of
Royal Baking Powder and one-half tea-
spoonful of salt to one quart of milk, and
sufficient corn meal, mixing all into a
smooth, thin batter; no eggs or butter are
used for these. The cakes bake quickly
to a rich deep brown, and are extremely
tender and light.

A very delicious, sweet pancake is made
by taking one pint of sweet milk, four
eggs, two tablespoonfuls of powdered sug-
ar, two tablespoonfuls of melted butter,
one teaspoonful of Royal Baking Powder,
and four enough to make a moderately
thin batter. Beat the eggs, whites and
yolks separately, until well frothed, stir
the butter, sugar, and one cupful of flour
into which the baking powder has been
mixed, into the yolks, then add the milk.
If needed, add more flour. Bake in small
cakes, butter each one as it comes from
the fire, place four in a pile, with very
thin layers of any kind of sweet jelly be-
tween, and powdered sugar over the top.
They should be baked very thin and four
served to each person.

I am so sure that I can cure the worst
case of catarrh in the nose, head or throat
that I will forward, free of charge, a
sample box of Japanese Catarrh Cure to
any address in Canada, United States or
Great Britain, provided they will furnish
with order a letter from any reliable per-
son or clergyman. If the Japanese Cata-
rrh Cure gives satisfaction, I would ex-
pect them to forward the small amount
of 25 cents. On the other hand, if it
does not prove effectual no payment will
be expected. Joseph Dilworth, Chemist,
170 King St. East, Toronto.

Village Council.

The Village Council met in the Coun-
cil Chamber on Monday evening, March
19th.

Members present:— Messrs. Pugsley
(Reeve), Savage, Sanderson, Atkinson &
Dr. Wilson.

The minutes of last meeting were read
and confirmed.

The following accounts were read:—C.
Morrison, shovelling snow 85 cents, Wm.
Fagan 85c, John Jordan \$1.50, Thomas
Martin \$1.50, Adner Reid \$1.50, The
Rubber Co. for keys \$6.00.

On motion of Mr. Savage, seconded
by Mr. Atkinson the above bills were
ordered to be paid.

The clerk read several letters which he
had received in reply to those he had sent
asking for opinions and suggestions in re-
ference to building asphalt sidewalks.
Courteous letters were received from the
following gentlemen giving their opinions:
Mr. T. Mulcahy, Orillia; Mr. D. Lloyd,
Clerk, Newmarket; Mr. S. H. Lundy,
Clerk, Aurora; Mr. H. Bird, Barrie.
With the exception of Newmarket the
accounts were favorable to the asphalt
sidewalks if built properly.

Moved by Mr. Savage, seconded by
Dr. Wilson, that the report of the side-
walk committee be accepted and that the
matter be left in the hands of the com-
mittee on streets and sidewalks.—Carried.

Dr. Wilson introduced a By-Law to
establish, maintain and regulate a Lock-
up house in the village of Richmond Hill,
the name being thought necessary as a
place in which to secure breakers of the
public peace, and also as affording a shel-
ter for tramps. The By-Law was read a
first, second and third time and passed.

Moved by Mr. Sanderson, seconded by
Mr. Atkinson that the Reeve, Councillors
Savage, Wilson and the mover be a com-
mittee to get out the plan and specifica-
tions for the purpose of erecting a Lock-
up house in accordance with By-Law No.
125; also to advertise for tenders.—Car-
ried.

After a discussion on the water supply,
it was decided to meet Mr. Trench in a
few days when the question may be fin-
ally settled.

The Council then adjourned.

A strange phenomenon, which was
strangely beautiful, excited the admiration
of a large crowd standing close to
Joseph Hall's store, the heavens seemed
radiant with splendor. On a closer in-
spection it was found it was a reflection
of a number of garments on a clothes line
stretched across the lawn, which had just
been dyed with Sun-Set Dyes. Only five
cents a package. Sold at Dilworth's
Drug Store, Toronto.

Temperanceville.

From our own Correspondent

Life has been somewhat quiet in this
place for sometime past, but with the ap-
proach of spring things are beginning to
brighten up.

Mr. Wm. Lonsdale, carriage builder,
has removed with his family to Toronto.

The marriage fever has broken out a
gain in this place. Miss A. E. Cain, sec-
ond daughter of John B. Cain Esq., was
united in the bonds of matrimony a few
days ago. Your correspondent has not
yet learned the name of the happy man.

For some time past the people of this
neighborhood have thought that Mr. John
Hart was acting in a suspicious manner
but the secret has leaked out. We con-
gratulate Mr. & Mrs. Hart; they seem to
be so very happy.

Miss Lottie Stephenson has been very
ill, but she is now recovering.

Mr. J. H. Baynon is visiting relatives at
Brampton. We are inclined to think he
has a friend there who is not a relative.

The Royal Templars of this place gave
a public entertainment on Wednesday
evening last. The programme consisted
of Readings, Recitations and music. Mr.
E. J. Davis, of King, was chairman.
Several of the members of Springhill
Council R. T. T. including Mr. J. W.
Crossley, Dr. Norman, Mrs. and Miss
McDowell, Mr. & Mrs. Tillman, assisted
in the entertainment, also Mr. Campbell,
of Eversley. We believe that this was
one of the best entertainments ever given
in Temperanceville. The Royal Templars
Council in this place is progressing splen-
diddly. It has now a membership of over
fifty.

Rev. D. Idle is holding special services
in the Methodist Church.

(Too late for last issue)

PERSONALS.

Mrs. Coulter, of Barrie, is visiting relatives
in the village.

Mrs. W. Jewell, of Aurora, is making a
visit with her sister, Mrs. I. Crosby.

Miss H. H. Wiley, is spending a few days
with friends in Toronto.

Mrs. John Hopper, of Thornhill, has been
visiting friends and relatives in the village
during the week.

Mr. F. B. Denton, of the Law Office of
Reid, Reid & Knight, Toronto, was in the
village on business last Saturday.

Miss Wilson, of Holland Landing, niece
of Mrs. W. A. Sanderson, returned home
this morning, after several weeks' visit-
ing here.

Mr. Frank McConaghy jr., who has been
attending the Toronto School of Medicine
for the past term, is spending a couple of
weeks' vacation at home.

Mr. Alex. Scott, of Barrie, former prop-
rietor of the York Herald, was in the village
over Sunday last. Mr. Scott was a resident
of this place for twenty years, and always
keeps a warm spot in his heart for his friends
of former days.

At the Annual Dinner of the Toronto Branch
of the Irish National League, held at the Ros-
sin House last Friday evening, Mr. Baldwin
Teefy, son of Post Master Teefy, of this vil-
lage, had the honor of responding to the toast
on behalf of The Ladies.

Mrs. Scott-Siddons, the celebrated eclec-
tionist is again coming to Toronto. She will
give a program of recitations, and readings
in Association Hall on the evening of Tues-
day, the 3rd of April. No doubt several from
this village will avail themselves of the
privilege of hearing this distinguished lady.

Re-Union.

The third Re-Union of this season under
the auspices of the Mechanics' Institute was
held in the Masonic Hall on Tuesday even-
ing. The programme, though not giving
much variety, was a very satisfactory one.
There was a fair attendance, although the
hall was not so well filled as should be on
such occasions. Rev. Mr. Percival occupied
the chair, and happily performed the duties
devolving upon him. He clearly stated the
object of the meeting, and gave a pleasing
address bearing on Institute work. Miss Ida
Simpson added much to the entertainment
by a couple of very pretty songs, and was
forced on her second appearance to respond
to an encore. The Harmonica Club con-
tributed their full share to the evening's
performance. On this occasion they excel-
led themselves, and the leader, Mr. W. D.
Atkinson, has reason to feel proud of his
juvenile amateurs. The chief feature of the
evening was a lecture delivered by Dr. Orr,
of Maple, on "The Origin of Civilizations."
He stated at the commencement that the ob-
ject of giving a lecture on such a subject was
not so much to enlighten his hearers by what
could be said in one evening, but to cause
them to read up the subject and think for
themselves. He began by giving a descrip-
tion of the island of Atlantis, as portrayed by
the great ancient writer Plato. This island,
which was of huge dimensions, was, he con-
tended, in the Atlantic ocean on the site of
the Azores, and was the true antediluvian
world. It possessed a great empire, but was
subsequently submerged by means of vol-
canic eruptions. The civilization of Ameri-
ca, he said, was second to none on either
hemisphere. He then gave a description of
ancient mounds which had been discovered
in different parts of the American Union.
One in Illinois in the form of a parallelogram
was 700 ft. by 500. Also one in Virginia
which showed that the mound-builders were
possessed of wonderful skill. On these
mounds the ancient worshippers built their
temples and places of sacrifice. He then
went on to picture certain ruins in Central
America, a pyramid there being greater in
dimensions than that of Egypt, which was
always spoken of as one of the artificial won-
ders of the world. This Central American
pyramid was 175 ft. high, 1,400 ft. square,
and covered an area of 45 acres. From
those and other works of art it was conclud-
ed that the ancient inhabitants must have
been possessed of much knowledge and in-
telligence, and were in a high state of civi-
lization. The lecturer then gave accounts
of Mexico and Peru at their conquest by the
Spaniards, and thought in many respects
they were equal to their conquerors in the
advancement of civilization. By the con-
quest of Peru Europe was enriched to the
amount \$800,000,000 sent from the temple
of Cuzco, which was designated "The Palace
of Gold." The drift of the Dr's argument
was to prove that the island of Atlantis was
the home of Adam and Eve, and that civi-
lizations flowed from this place. The lecturer
was listened to with marked attention, but
space will not allow of our giving further
details. At the close, a vote of thanks, moved
by Rev. Mr. Rutledge, and seconded by Mr.
Teefy, was unanimously carried, thanking
the Dr. for his able discourse, and for his
kindness in assisting the Institute. A vote
of thanks, moved by Dr. Wilson, was also
tendered the chairman and others who took
part in the evening's programme. Mrs. A.
J. Hume acted as accompanist for Miss
Simpson.

DISASTROUS.—The most intense ex-
citement is felt in the flourishing village
of Richmond Hill and its surroundings,
as facts are revealed, of numerous families
who are dyeing, in the most beautiful
colors; in fact all the colors of the rain-
bow, by using the popular Sun Set Dyes,
only five cents a package. Sold in the
city only by Joseph Dilworth, the Drug-
gist, 170 King St. East, between the
Clyde and Nipissing Hotels, Toronto.
