

Victoria Square.

Rising Star Lodge, No. 252, I. O. G. T., of this place, is becoming a popular institution. It now has a membership of about 60. The members spend profitable and enjoyable evenings in their Lodge room, and occasionally visit their temperance friends in the surrounding localities. On Friday evening, March 9th, they paid a visit to the Lodge in Markham village where they were cordially received. They went 47 strong. Last Saturday night about the same number went to Maple and spent a pleasant time with the brethren and sisters of that place. They purpose holding a Leap Year Party in the Temperance Hall on Monday evening next, the 26th inst. Doors open at 7 o'clock. Tea will be served commencing at 7.30. Admission 25 cents. A cordial welcome is extended to all.

Several of the farmers of this neighborhood are getting in their summer supply of ice. They are evidently addicted to one kind of "Hard Drink," notwithstanding the I. O. G. T. in their midst.

Mrs. John Baker died on Thursday last in her 55th year. Her remains were interred in the Dunker burying ground on the following Saturday and the funeral was largely attended.

Mrs. Dinmie has been ill for some time and seems not to improve.

Last Thursday evening a slight accident occurred to Mr. E. Brown as he was returning home from a business call. His horse got into the deep snow and started to plunge. Mr. Brown should have pulled it to the "right" side, but being absent minded just at that time, and having his mind concentrated on another subject he said "Gee" hence the accident. The horse and driver were none the worse, but it is feared the cutter will be laid up for the winter.

Great excitement throughout the neighborhood of Richmond Hill over a very startling letter received from Wm. Turner, of Whitechurch, speaking in the highest terms of "Japanese Catarrh Cure." He says, "I have used one box, and I think one more will cure me. Mine was a very bad case of catarrh." Cures stuffing of the nose so troublesome to children, cold in the head, nose or throat. Sample box, 25 cents; large size, 50 cents. Joseph Dilworth, Chemist, 170 King St. East, next door to Nipissing Hotel, Toronto.

Oak Ridges.

From our own Correspondent. Owing to the snow blockade some of my news may be a little behind hand and some of it perhaps a little stale but I will endeavor to freshen it up as much as possible.

Mr. J. Monkman lost a valuable colt a short time ago through poisoning caused by distemper. Several farmers have had horses die from distemper this winter.

Mr. W. Thomas has purchased an excellent young team of mares from Mr. Milton Wells of Eversley. I was not informed as to the price paid but would suppose it to be somewhere in the neighborhood of \$300.

Miss L. Stephenson has had a severe attack of inflammation on the lungs, but is now convalescent.

Mrs. D. Gregory was taken seriously ill about a week ago, but was somewhat better at last report. Dr. Wilson of Richmond Hill is in attendance.

Mrs. A. Curtis has had an attack of erysipelas in her left arm.

We have been pleased to see the following familiar faces in our burgh since last we wrote to you: Mr. Geo. Cunningham from near Orillia, Miss Polly Curtis, of Toronto, Mrs. J. Fisher, of Toronto, Mr. Frank Linker, of Stonyville, Mr. J. A. Sangster, formerly teacher of Temperance public school, but now attending Medical College Toronto, and Mr. Richard Thomas jr., from Toronto.

A team from the Toronto Lacrosse club started on Thursday last for a trip to Britain. They are at present the champions of Canada, and have gone with the intention, if possible, of conquering another world. They expect to be back some time in May.

Temperance & General Life Assurance Co.

HON. G. W. ROSS, Minister of Education, PRESIDENT; HON. S. H. BLAKE, HON. ROBT. McLEAN, Esq., VICE PRESIDENTS. HEAD OFFICE - MANNING ARCADE, TORONTO.

Purely a Canadian Company

The following is a statement of the business for the year ending 31st of Dec. 1887:—The number of applications for assurance was 1050 for \$1,770,109; declined, held in abeyance and not taken up, 83 for \$164,500; leaving 967 for \$1,605,600, with an annual premium income of \$33,239 56.

Our business for the second year has never before been reached by any other Canadian Company in its second year, and with only one death claim for \$1,000, and that caused by and accident.

To enable the people of King and Vaughan Townships more fully to understand our success, we take from the returns of the leading Canadian Companies to the Superintendent of Insurance, the following facts concerning their new business:—The Canada Life for its 22nd year issued 881 policies for \$1,156,855, the Confederation for its 5th year issued 1005 for \$1,383,000, the Sun Life for its 5th year issued 324 policies for \$465,119, and for its 10th year 573 policies for \$926,370. The Ontario Mutual for its 10th year issued 427 policies for \$490,000; The North American Life Assurance Co. for its 3rd year issued 827 policies for \$1,347,088.

On making comparison with British Companies established on principles similar to our own, we find the business of the United Kingdom Temperance and General Provident Institution for its 15th year was \$1,339,250; The Scottish Temperance Life Assurance Co., recently established, in its 3rd year wrote \$732,223.

This Company has been organized by prominent men on the basis of the United Kingdom Temperance and General Provident Institution of Britain, one of the most successful of British Companies, whose experience for the last 20 years was nearly 20 per cent. in favor of total abstainers over their general class.

HEART DISEASE

The symptoms of which are "Faint spells, purple lips, numbness, palpitation, skip beats, hot flashes, rush of blood to the head, dull pain in the heart with beats, strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc." can be cured, "in many of the first stages." Send 10c. in stamps for pamphlet and full particulars. Address: M. V. LUBON, 47 Wellington St. E., Toronto, Ont.

A Positive Cure. A Painless Cure.

FACTS FOR MEN OF ALL AGES.

DISEASES OF MAN. M. V. LUBON'S SPECIFIC NO. 8, THE GREAT HEALTH RENEVER, Marvel of Healing, and Robinson of Medicines.

CURES the terrible consequences of Indiscretion, Exposure and Overwork.

YOUNG, MIDDLE-AGED AND OLD MEN

Who are broken down from the effects of abuse will find in No. 8 a radical cure for nervous debility, organic weakness, involuntary vital losses, etc. SYMPTOMS FOR WHICH NO. 8 SHOULD BE USED.—Want of energy, vertigo, want of purpose, dimness of sight, aversion to society, want of confidence, avoidance of conversation, desire for solitude, listlessness and inability to fix the attention on a particular subject, cowardice, depression of spirits, giddiness, loss of memory, excitability of temper, spermatorrhoea, or loss of the seminal fluid—the result of self-abuse or marital excess—impotency, inattention, emaciation, baronness, palpitation of the heart, hysterical feelings in females; trembling, melancholy, disturbing dreams, etc., are all symptoms of this terrible habit, oftentimes innocently acquired. In short, the spring of vital force having lost its tension, every function wanes in consequence. Scientific writers and the superintendents of insane asylums unite in ascribing to the effects of self-abuse the great majority of wasted lives which come under their notice. If you are incompetent for the arduous duties of business, incapacitated for the enjoyments of life, No. 8 offers an escape from the effects of early vice. If you are advanced in years, No. 8 will give you full vigor and strength. If you are broken down, physically and morally, from early indiscretion, the result of ignorance and folly, send your address and 10c. in stamps for M. V. LUBON'S Treatise in Book Form on Diseases of Man. Sealed and secure from observation. Address all communications to M. V. LUBON, 47 Wellington St. E., Toronto, Ont. A Man without wisdom lives in a fool's paradise. CURES GUARANTEED. HEAL THE SICK.

A Permanent Cure. A Pleasant Cure.

RUPTURE

M. V. LUBON'S RUPTURE REMEDY

For the Speedy Relief and Permanent Cure of Hernia or Rupture.

Lubon's Rupture Remedy must be applied exactly in accordance with the directions accompanying each package. The Remedy allays inflammation, separates adhesions, softens indurations, and strengthens the abdominal wall, so that in a few weeks or a few months, depending of course upon the age of the patient and the length of time he has been ruptured, the use of the truss may be entirely discontinued. A box of the Remedy for a single rupture usually lasts six or eight weeks, and in recent cases is quite sufficient to effect a permanent cure; double rupture and cases of long standing naturally require a larger quantity. Young children are often quickly cured without the aid of a truss by simply applying the Remedy morning and evening, rubbing it well in with the hand while the child is lying down. If, however, the good effects of the Remedy are not apparent after several days use, I would recommend that a truss be obtained. Trusses alone fail to cure; but Lubon's Remedy, with the aid of any good truss, never fails.
