### Public Meeting.

In accordance with a proclamation issued  
by the Reeve, a public meeting of the  
ratepayers was held in the Council Cham-  
ber last (Wednesday) evening, March 28th.  
The meeting was called for the purpose  
of considering the advisability of procur-  
ing a better supply of water for all  
purposes.

On motion of Mr. T. H. Redditt, Mr.  
W. H. Pugsley (Reeve) was voted to the  
chair, and Mr. M. Teety was appointed  
Secretary.

The meeting was a representative one,  
there being some 70, mostly ratepayers,  
present.

The chairman, after stating the object  
of the meeting, said the present supply  
of water for fire protection was insuffi-  
cient, and besides many ratepayers thought  
that if a feasible plan could be arrived at,  
Mr. Trench should be assisted in procur-  
ing water for carrying on his carriage  
works. In answer to a question by one  
of the audience he said that if an artesian  
well were sunk to the depth of 400 feet  
it would cost \$400, exclusive of the pip-  
ing, probably altogether \$600. Of this  
Mr. Trench was willing to pay half, and  
in case of getting a sufficient supply  
would bind himself to pump the water  
from the well into the village tanks free  
of cost for fire purposes.

Mr. Bricknell was in favor of helping  
Mr. Trench as he kept quite a large  
number of men and was a very useful  
citizen for the village.

Mr. Harrison would go for getting a  
supply if it was thought probable it could  
be procured without incurring too great  
an expense on the people.

Mr. Atkinson was anxious to make an  
effort if it could be procured at a reason-  
able cost. The present tanks would be  
of no use in case of a large fire. He  
scarcely knew which was the best plan to  
propose. Water for fire and manufactur-  
ing purposes could be pumped from the  
streams, but this would necessitate the  
purchasing of an engine. The artesian  
well had so far failed, but he thought it  
was worth giving another trial. If the  
effort failed, Mr. Trench would lose dol-  
lar for dollar with the whole village.

Dr. Wilson said if water could be got  
from an artesian well it would be good for  
drinking purposes, whereas many of the  
present wells contained dirty, impure,  
surface water.

Mr. McNair was willing to assist Mr.  
Trench but thought some cheaper plan  
than the one proposed might be adopted.  
He suggested cisterns.

Mr. Redditt, Mr. Sanderson, Mr. Mc-  
Conaghy, Mr. Savage and others expressed  
their opinions in reference to some  
scheme.

The following resolution being laid be-  
fore the meeting was carried, almost un-  
animously. "Moved by Mr. H. A.  
Nicholls, seconded by Mr. W. A. Sanderson,  
that the rate-payers present consider  
it desirable to procure a better supply of  
water for all purposes."

The meeting then adjourned.

**DANGEROUS COUNTERFEITS.**—Counter-  
feits are always dangerous, more so that  
they always closely imitate the ORIGINAL  
IN APPEARANCE AND NAME. The remark-  
able success achieved by Nasal Balm as a  
positive cure for Catarrh and Cold in the  
Head has induced unprincipled parties to  
imitate it. The public are cautioned not  
to be deceived by nostrums imitating  
Nasal Balm in name and appearance,  
bearing such names as Nasal Cream, Nasal  
Balsam, etc. Ask for Nasal Balm and  
do not take imitation dealers may urge  
upon you. For sale by all druggists or  
sent post-paid on receipt of price (50c. or  
\$1) by addressing Fulford & Co., Brock-  
ville, Ont.

### King City.

William Kerr of Lot 15, Con. 4, King,  
got his arm caught in a grain crusher  
last week which inflicted serious injury.  
His great strength of resistance stopped  
the machinery and saved his arm from  
further damage. Wm. walks around  
with his arm in a sling, but is getting a-  
long nicely.

John Burrows and David Dexter spent  
last Friday evening in King City, visiting  
their friends. If we are allowed to judge  
by the outward manifestations of those  
gentlemen, we must take it for granted  
that they were enjoying themselves to the  
full; they left the town sometime after 12  
o'clock when peace and quietness once  
more reigned in our midst.

Charles Jarvis who had taken the place  
of Guard Rutledge at the Central prison  
and had fell injuring himself so severely  
that he died a few days after, was buried  
at the Wesley grave-yard, Strange, on last  
Thursday. He was the son of Jas. Jarvis  
of Lot 18, Con. 7 King, and was a fine  
specimen of a man. Poor Charles had a  
somewhat checkered history but with all  
his little imperfections he was a favorite  
with those who knew him. He leaves a  
wife and two children to battle with this  
world which we hope will not be too hard  
but lend a helping hand in this their hour  
of trouble.

### Alum Baking Powders.

Their Use Injurious to Health and their  
Sale Contrary to Law.

Two men were recently convicted in  
St. Lawrence County, New York, for viola-  
ting the food adulteration laws of that  
State by selling alum baking powders in  
imitation of pure cream of tartar baking  
powders. The law of New York is simi-  
lar to that of this province in forbidding  
the sale of adulterated and injurious  
articles of food, but the courts had not  
before construed it in so far as it related  
to the sale of alum baking powders.

The baking powder sold by the accused  
was proved to be made from alum, by  
Gillett, of Chicago, and expert testimony  
was taken to show the unwholesomeness  
of alum in baking powders, bread or other  
food.

The Court, in inflicting the extreme  
penalty of the law upon the accused, ex-  
pressed regret at not being able to im-  
pose a punishment more nearly in accord-  
ance with the seriousness of the offense.

The sale of alum baking powders is pro-  
hibited by direct statute in England. It  
should be the same here; yet our laws, if  
not so specific, are probably sufficient to  
put a stop to the business were they rig-  
idly enforced. It is said that many  
brands of alum powders are being intro-  
duced into the Dominion, and we bespeak  
the attention of our public analysts to  
the matter.

**DISASTROUS.**—The most intense ex-  
citement is felt in the flourishing village  
of Richmond Hill and its surroundings,  
as facts are revealed, of numerous families  
who are dyeing, in the most beautiful  
colors; in fact all the colors of the rain-  
bow, by using the popular Sun Set Dyes,  
only five cents a package. Sold in the  
city only by Joseph Dilworth, the Drug-  
gist, 170 King St. East, between the  
Clyde and Nipissing Hotels, Toronto.

### Wonderful Record.

The Canadian Beneficiary jurisdiction,  
R. T. of T., has had another remark-  
able period of freedom from death. The  
last death occurred on the 3rd of Dec.,  
upwards of three months ago. For the  
past eighteen months the death rate has  
not reached one third of the expectancy.

In the finances this record presents a  
practical view which is pleasant to look  
upon. Every claim on the Order is paid  
and a surplus of over \$22,000 is available  
for immediate use if needed—as the au-  
dited statement shows there was about  
\$20,000 in the Ben. Fund March 1st.  
This is equivalent to a surplus of over  
\$140,000 in the Supreme Benefit Fund,  
by membership comparison.

Thus we are making history which  
speaks eloquently and forcibly for total  
abstinence, for there can be no doubt, on  
looking over causes of death, that to the  
total abstinence habits of our membership  
is due the credit of this wonderful record.

These facts are telling protests against  
the unfair system of organizations and  
Insurance Companies, which discriminate  
against total abstainers by charging them  
equally against the inferior risks of mod-  
erate as well as immoderate drinkers. It  
will also help to open the eyes of total  
abstainers who have not the courage of  
their own convictions; men who while  
declaring that the use of alcohol is physi-  
cally wrong, meekly submit to be classified  
with tipplers in insurance companies, and  
fail to demand the advantage which comes  
from their better habits of life.

When the truth is forced upon the di-  
rectors and managers of insurance com-  
panies, and total abstainers are offered  
their just dues in reduced premiums.  
Our great temperance reform will be lifted  
up in the eyes of practical, hard-thinking  
men, as it never was before.

In this benefit feature we are working  
out one of the greatest problems of the  
temperance enterprise.—*International  
Royal Templar.*

A strange phenomenon, which was  
strangely beautiful, excited the admira-  
tion of a large crowd standing close to  
Joseph Hall's store, the heavens seemed  
radiant with splendor. On a closer in-  
spection it was found it was a reflection  
of a number of garments on a clothes line  
stretched across the lawn, which had just  
been dyed with Sun-Set Dyes. Only five  
cents a package. Sold at Dilworth's  
Drug Store, Toronto.
