Yellow Sugar 14, 15, and 18 lbs for \$1.00 at the Concrete.

Consoling.  
If an epicure finds that his breakfast eggs next Sunday morning are not altogether what he bargained for, instead of flying into a passion he can console himself by taking it as an "April Fool." It is not often that Easter Sunday comes on the 1st of April.

Music & Painting.  
Miss Simpson wishes to inform all who desire instruction in music and painting, that she will be prepared to give lessons after the Easter holidays. For terms apply at the Methodist parsonage, Richmond Hill.—Adv. 38-3.

Changing Hands.  
The Grand Central Hotel is again changing hands. Mr. Gilmour, the present proprietor, has taken possession of a hotel in Kleinburg and will leave here on the 1st of May, having been in Richmond Hill something less than a year. It would seem that two hotels are as many as can be supported in this town.

Next Sunday Evening.  
On Sunday evening next Rev. Mr. Percival will continue his series of sermons to young people on "The Elements of a Successful Life" in the Presbyterian Church. The subject to be discussed next Sunday evening will be "Punctuality, Thoroughness, and Perseverance."

A beautiful white set of teeth, coupled with a clear complexion, will add beauty of appearance where the artistic features so much sought for by artists are lacking. But when you possess both and purchase your boots and shoes at Sivers' you may expect to captivate the whole community. Don't fail to read carefully his Spring ad. on another page.

An Extravagant (?) Offer.  
The Markham Economist and other of our contemporaries are offering to send their papers to new subscribers from this date to the end of 1888 for the sum of \$1.00. We would suggest that subscribers to such papers give in their names in the month of October, as the same offer would hold good from that date. We presume those papers change their clubbing rates when they do their markets—about every six months.

Temperance Duet.  
The Temperance people of the village expect to have a revival of the cause here for a week commencing next Saturday evening. Messrs. Dunnett & Stafford, of Hamilton will be here and will hold their meetings in the Temperance Hall. A mass meeting will be held in the Methodist Church on Sunday, April 1st, commencing at 2 p. m. The resident ministers will assist at the meetings, and a fresh programme may be expected every evening during next week. A collection at each meeting to defray expenses. All are invited.

Ladder Accident.  
Mr. C. Mason should almost dread the sight of a ladder, as his experience on that machine has been an unpleasant one. Less than two years ago he received a fall of some ten or twelve feet from the effects of which he has far from recovered. Last Friday when he was eave-trouching at the residence of Mr. Wood, near Newtonbrook, the ladder on which he was standing broke, and he came to the ground with force. One of his arms was badly bruised, and he has not since been able to resume work. It is to be hoped he will be more fortunate in future in his ascending and descending.

Change of Residences.  
This time of the year always finds a great many people "on the move." The migration has already started and will continue in this village and surrounding neighborhoods for some time. Mr. Wm. Munshaw is moving to Toronto, Mr. Holland takes Mr. Mansu's farm, and Mr. Gilham, of King, goes on the farm vacated by Mr. Holland. Mr. William Bricknell moves to Toronto, and has rented his late residence to Mr. H. Johnston. Mr. Wm. Palmer takes possession of his farm near Dollar P. O., and Mr. Thompson, the present tenant is coming to Richmond Hill. Mrs. Boynton is changing her residence on Arnold St. for one on Centre St. East, and her late home is taken by a Mr. Phillips. Mr. Trevethan of the "Beehive" tailoring establishment has moved into the frame cottage on Yonge St. south, recently purchased by Mr. Wm. Atkinson from Capt. McConnell. And thus the changes take place from year to year for such is life.

Young & Nethery, of Frankford, who began business only a few months ago, purchased their dry goods of Wyld, Grasset & Darling, their boots and shoes of J. McCready & Co., of Montreal, but owing to the extreme hard times were unable to meet their payments and their choice new stock was offered for sale by their creditors. Neville, of the Cheap Cash House here, bought this fine stock for less than 50c. on the \$, and is now slaughtering it. A few minutes inspection will convince you that this is no common opportunity to get cheap goods. See small bills.

Review Lessons.  
A review of the past quarter's lessons was held in the Methodist Sabbath School last Sunday afternoon. There was a large attendance of pupils as well as quite a number of visitors present. The exercises were most interesting. Mrs. G. Wiley taught the Infant Class from the Leaf Cluster and questioned the youthful pupils on the lessons of the past quarter. The instruction given was useful to both young and old. When the collection boxes were opened it was found that the amount of money raised by the teachers and scholars during the quarter was over \$14.00. Mrs. Sivers class raised the largest amount of money, consequently it will be known during this quarter as the "Banner Class." Appropriate Sabbath School hymns were sung at various times. Mr. J. H. Sanderson presiding at the organ. Mr. Switzer gave a short address bearing on the subject of Temperance. The School appears to be in a healthy condition, and the superintendent and teachers deserve much praise for the time and labor spent in imparting moral instruction to the youthful minds. Visitors are always welcome.

Mr. Charles Augustus Morrison is corresponding with the firm of McLosky & Co., Manufacturers, Sarina, in view of purchasing a new Traction Engine and Steam Thresher. "Charlie" says this bucking wood is a slow business.

Missionary Meeting.  
The annual Missionary Meeting in connection with the Presbyterian Church took place in the church last Monday evening. Owing to the inclement state of the weather there was not so large an attendance as was looked for, but as one of the speakers put it, "it was the cream of the people who would come out on such an evening." Rev. Mr. Percival presided, and after the opening exercises apologized for the absence of Rev. Mr. Neil, of Toronto, who, on account of sickness, had been unable to leave his home. He then introduced the various schemes and mission work of the church, particularly on behalf of (1st) the "Fund for the aged and infirm Ministers." Those pioneers of the church in this land who had "roughed it" with the settler and borne the burden and heat of the day for but a trifling stipend, and who now on account of physical infirmities were compelled to retire from active service for the Master; (2nd) "The Augmentation Scheme," which helps to provide every minister with a decent income and for the building up of congregations, particularly in outlying and new districts, and (3rd) "The Mission to the Indians in the North-West." Rev. J. M. Simpson then delivered an interesting address on the "Duty of the Church towards Missions." Truly, he said, giving to Missions was a blessing to him who gives. In one way of looking at it one was not entitled to have credit given him for "giving" to the support of his local church. That, of course, was essential and was right. But in this case it was the same as building himself a barn or a residence for his accommodation, or subscribing for his newspaper, he got the direct benefit of these investments. But giving to missions was giving to those who were unable to help themselves, and for the spread of the Gospel to those who knew not its importance and its worth. In conclusion he congratulated the Presbyterian church on the great and noble work it was doing with God's blessing on the missionary field compared with similar work done by the other denominations, but when compared with her ability to work she was not entitled to much credit after all. Rev. Mr. Antoh, of Toronto, then addressed the meeting on the Home and Foreign Mission Work of the church, and did so in a manner that was instructive and interesting to his audience. The church advanced in this particular direction under direct orders from the Great Commander, "Go ye out into the world and preach the Gospel to every creature." And to carry out this command increased individual effort was essential and would accomplish great things. To show the necessity of further christian effort towards missions and the great work before the church he submitted a map showing the religions of the world as follows:—115,000,000 Christians; 84,000,000 Greek Church; 190,000,000 Roman Catholics; 8,000,000 Jews; 170,000,000 Mahomedans; 825,000,000. He dwelt at length on the College Fund, French Evangelization in Lower Canada (sub-divided into colporteur school and general evangelical work), Foreign Missions to the Indians in the North-West, New Hebrides, Central Africa, Formosa and China. To this great work there was but contributed a mere bagatelle. In closing Rev. Mr. Percival intimated that the collectors would call on the members in a few days and bespoke for them a good reception. During the course of the evening appropriate music was rendered by the choir, solos being sung in a very pleasing manner by Miss Gilmour and Mr. Coulter.

# MANUFACTURERS' FORCED SALE!

Owing to the heavy bank failures and the great stringency in the money market we have had offered to us and have completed arrangements for the purchase of some enormous lots of goods—for cash—at prices never before thought of even by the most idle dreamer. Everywhere throughout the Dominion the increased rate of discount and the scarcity of money are causing the over-gorged and plethoric manufacturers to "clamor aloud for clemency." Great firms are today almost tottering into bankruptcy. Wealthy mill-owners and manufacturers are now, for the first time since 1857, "on their knees," and unless confidence can be restored to the business community and the present apprehension of danger averted, who can tell what dire calamity may befall the country? While this state of things continues the tremendous efficacy of "hard cash," like the philosopher's stone of old, is working marvels and prodigies indeed. For the next thirty days, or while the goods last, or the manufacturers will supply goods at similar prices, we offer:
