Why soil your Pillow Shams, when you can get a holder for 75c., at Savages?

Resolution Passed.  
The W. C. T. U. of this village have asked us to insert the following resolution, passed at their last meeting:—"Resolved that the Women's Christian Temperance Union expresses its regret at the action of the License commissioners in granting a license for a hotel at the Elgin Mills."

Cut Nails all sizes, Clinch Nails, Horse Nails at the Concrete, at lowest figures.

Fire Brigade Meeting.  
The Richmond Hill Fire Brigade will hold its first practice of the season to-morrow (Friday) evening. After the practice the business meeting will be held in the Council Chamber. Members should bear in mind that two fines will be exacted from this date, from those who are absent. Let every man be at his post in good time.

Improvements.  
Post-Master Teeffy and Reeve Pugsley have commenced spring improvements. The former is having built a high picked fence between his residence and the Palmer House, and the latter has enclosed his lot on the corner of Yonge St. and Lorne Avenue. The Reeve thinks he can show us something new this summer in the line of gardening. We will not vouch for him doing the work himself, however.

All Wool Canadian Tweeds 35c. per yd., Scotch Tweeds from 57c. per yd. at the Concrete, all new goods.

The first Dividend.  
The countenance of many a one looked bright and cheerful on May-Day, not from the rays reflected from old Sol, but because the first Central dividend of 33 1/2 per cent. was waiting for them at the Bank of Commerce. Since the first of the month the Bank has been busily engaged cashing cheques for the defunct institution, and will be kept employed for some time yet dispensing cash to the, shall we say fortunate or unfortunate, depositors.

## Cheap Cash House.

Parties needing reasonable goods will do well to read carefully Mr. Neville's change of ad. which appears on another page. He has been making another large purchase of staple groceries &c. at some 65 cents on the dollar and consequently is prepared to give good bargains to his patrons. He guarantees the best of satisfaction in Tweeds and Coatings, Ready made Clothing, Hats and Caps, Boots and Shoes and every line in stock. Call and see him.

Men's, Youths' and Boys' ready made Suits in great variety at the Concrete, Nobby and cheap, Men's Suits from \$4.50.

## Directors' Meeting.

The Directors of the Richmond Hill and Yonge St. Agricultural Society meet again in the Lorne Hall on Saturday next at 2 o'clock p. m. The canvassing committee and Concert committee will then bring in their reports, judges will be appointed in the different classes, and other arrangements will be made for the holding of the fair on the 24th of May.

Dried Apples, Prunes, Raisins, Currants, Dates, Figs, Tapioca, Rice, all at lowest figures, at the Concrete.

## Repair Shop.

Messrs. Savage and Nicholls announce in another part of this paper that they have on hand a full stock of repairs for all kinds of implements manufactured at the Patterson Works, Woodstock. This is the only place in the country where repairs in every line are kept. They will also be prepared to sell to farmers plows, plow points, repairs &c., made by other firms. Their workrooms are on Yonge St., in the place formerly used as Wright's Carriage Works.

## Sale of Furniture.

Under the power of a chattel mortgage, Mr. Salem Eckardt will sell by public auction, on Saturday next, the 5th of May, all the household effects of the Grand Central Hotel in this village. There is a lot of good furniture, consisting of parlor suites, bedroom suites, sideboards, &c., in the best of walnut. As the terms of the sale will be cash, no doubt many of the articles will go cheap. Those in need of furniture should not miss this chance. Sale to commence at 11 a. m. sharp. No reserve.

## New Books.

The Library committee of the Mechanics' Institute have, during the last week, added nearly 30 new volumes to their already large list of books. Among the works of Fiction are Rev. E. P. Roe's novels which will be read with pleasure. Those who are not already members of the Institute should not think it too late in the season to join, as it is well worth the fee, 50 cents, to have the privilege of reading those books for the last half of the year.

Now is your time for Wall Papers! Over 2000 rolls and 3000 yards of Bordering sold this season, and another new stock on hand at Savages's

## Arbor Day.

To-morrow (Friday) is the date fixed by the Lieutenant Governor for Arbor Day throughout the Province. In this part of the country it seems a little early in the season, and few places are yet stirring in the matter. Arbor Day has been quite popular in this village for a number of years, and no doubt the Reeve will shortly issue his annual proclamation. If a dozen good healthy trees live from year to year and grow to maturity, one day in each year will not be spent in vain. Trees should be planted before the middle of the month.

## Immigrant Children.

Mr. John T. Middlemore, the founder of the Orphan Children's Emigration Charity, London, Ont., left Liverpool on the 27th inst. in the S. S. "Lake Ontario" with a party of 50 girls and 120 boys between the ages of 6 and 18 years, who are brought out to this country for adoption or hire, chiefly among farmers. They are expected to arrive at the Guthrie Home, near the city, on or about the 9th of May. This will be Mr. Middlemore's 15th annual visit to these shores with juvenile emigrants from Birmingham, England, since 1872. Already many applications accompanied with good references have been made for the children expected to arrive, but more are required. Further particulars may be obtained by addressing Mr. H. Gibbens, Manager of the Guthrie Home, London, Ont.

## Annual Meeting.

Next Monday, being the first Monday in May, the annual meeting of the Richmond Hill Mechanics' Institute will be held. Every ticket-holder, male or female, is entitled to be present and take part in the business, and will be made welcome. As there are over one hundred members there should be a large attendance on Monday night. The old Board of Directors have worked well, but it is to be hoped the annual meeting will be large enough to make a selection of new office bearers. We feel certain that a little new blood diffused into the Institute would add to the interest of this useful institution. The meeting will be in the Library Room, in the rear of the Masonic Hall, commencing at 8 o'clock.

## Hymeneal.

We clip the following marriage notice from the *Launceston Examiner* of the 8th of March, a paper published in the far distant island of Tasmania. Though the boys may get on the opposite side of the earth it seems they cannot be trusted, and George is no exception to the rule:—"An interesting ceremony took place here yesterday, when Mr. George Milton Beynon, late of Canada, was united in wedlock to Miss Morley, daughter of the late Mr. R. Morley, of Cressy. The ceremony was performed at the church of the Holy Trinity, by the Rev. J. M. Norman, incumbent, and besides the bridal party, which was a large one, there was a goodly number of spectators present. The happy couple were afterwards driven to the residence of the bride's mother, where a large number of relatives and friends partook of the wedding breakfast, and the newly wedded pair left amid showers of rice and good wishes from assembled friends for Launceston, en route Scottsdale, where they purpose spending their honeymoon."

## Serenading.

It does not often happen that our village Band is privileged to serenade two newly-married couples on the same evening. Last Saturday evening, however, was an exception to the rule. The Band, under the management of Mr. W. Shepard, after playing a few tunes in the Lorne Hall to make sure that everything was in good order, proceeded to the residence of Mr. T. Palmer to bestow the honors due at such a time, on his second son Charles and his happy bride, who had just returned from their marriage tour. Having played several selections they turned their steps southward to Mr. Harding's mansion, where they conferred the same tokens of goodwill on Mr. & Mrs. Bowes, whose marriage we chronicled a couple of weeks ago. They were hospitably entertained at both places, and the treasurer on returning found himself in a much better condition, from a financial point of view.

## Smokers and Non-Smokers.

The following, taken from the last Annual Report of the Ontario Agricultural College, has been handed us by one of our correspondents. Put it in your pipe and smoke it:—"I am sorry to say that a number of students have still to be gazetted as smokers; but it is true now, as it was three years ago, that our best students are nearly all non-smokers. The first year students of 1887 won 131 first-class honors. Of these 19 were taken by smokers and 112 by non-smokers. The second year students won 114-4 going to smokers and 110 to non-smokers. Of the 15 first-class men in departments, 2 were smokers and 13 non-smokers; and of the 20 medallists, whose names will be found in the list of associates, 3 were smokers and 17 non-smokers.

## "Widower Jones."

We have received from the Sheppard Publishing Company a copy of Mr. E. E. Sheppard's latest novel, "Widower Jones," which has just been concluded in the *Fire-side Weekly* and *Saturday Night*. It is a story descriptive of Canadian farm life and contains many laughable passages. Widower Jones, the Deacon, is a character, true to life, which, it is to be regretted, is found in many of our christian churches. Mr. Sheppard pictures him as a man who, with seeming religious zeal, would force his wife and family to attend church, the prayer-meeting and class-meeting, under any circumstances, but whose severity and cruelty sent his faithful and sacrificing wife to an early grave, and embittered the sons and daughters against the father whom they should have been taught to honor. Though the tale is realistic in some parts of the outtaught rural districts of Canada, we fail to see its good moral effect on the rising generation, who, in many cases, are only too willing to make life uncomfortable for "the old man." If the trouble and remorse which fell to the Deacon's lot later in his life had been inflicted by others than his own family the readers of the book would certainly say he received his just reward.

## Mrs. Raymond's Death.

In our issue of two weeks ago we inserted the death notice of Mrs. Robert Raymond, who, some years ago, was a much respected resident of this village. We take the liberty of publishing the following obituary taken from the *Conservative*, of Independence, Iowa, believing it will be appreciated by the friends of the family here:—"In the death of this well known and estimable lady, which occurred Thursday Morning, April 12th, at her residence in this city, her family have sustained a crushing and irreparable loss. Mrs. Raymond, whose maiden name was Mary J. Smith, was born March 17th, 1830, in the county of Kent, England, and at a very early age came with her parents to Lawrenceburg, Indiana, where she lived until the age of 17, when she removed to Richmond Hill, Canada. October 4th, 1848, she was married to Robert Raymond, of Richmond Hill. There have been born to them six children. Anna, wife of Robert Trench, of Manitoba; Libbie, widow of the late Dr. N. J. Peck, of Independence; Kate, wife of Arch C. Smith, of Buffalo, N. Y.; Emma, wife of S. A. Hodges, of Maquoket; James C. and Frances, wife of C. F. Grant, of Independence. In 1873 Mrs. Raymond with her husband and all her children with the exception of the eldest daughter, came to live in this city, where she lived until her death, and was well known and universally esteemed and respected. Her death resulted from a very distressing affection of the heart, and for the last four years her life was one physical discomfort and painful affliction, which were borne so mildly and patiently that the anxious husband and dutiful children who surrounded her, never heard from her lips a murmur of impatience or even a sigh of pain."

# Sensible Argument REASONABLE REASONING

Persons often ask themselves the question, "Why it is that the public from the Suburbs flock to our store to buy their wares while others as favorably located are comparatively idle?" It is a well known fact that women are closer shoppers than men. It is a well known fact that your wife can invariably tell you in which store she can save in making her purchases.

We are led to this reasoning by watching the great number of ladies that have become regular customers at our establishment from adjacent places, and it has become a household proverb that the Mammoth is the
