## Merited Appreciation.

The W. C. T. U. of Ontario evidently appreciate the work of Mrs. G. Wiley, corresponding secretary for the province. At the recent convention at Sarnia they decided to place the literary department also under her charge, and to give her a salary of \$200 a year. The work in these two departments is both heavy and responsible, but we feel satisfied that the Union could not have made a better selection in filling the position.

## King Plowing Match.

Look out for posters of the King Plowing Match, which will be held on the farm of Mr. Isaac McBride, King Station, on Tuesday, Oct. 30th. About \$400 is being offered as prizes in the various classes. The Directors are very enthusiastic over this match and are making every endeavor for its success. The championship class is open to the County. In this there are four prizes, the first being a sulky rake valued at \$26. Some of the other prizes are as follows:—Floury Plow, &c., \$20; Silver Watch, &c., \$20; Root Sifter, &c., \$24, and many others equally as good. The excellent prize list will, without doubt, draw together a fine display of plowmen.

## First and Last.

The first act in the Artesian well business was performed some months ago, when Herr Weidman pointed to the water vein with his witch-hazel rod. The closing scene may be said to have taken place this week when the pipes were being drawn up by a powerful stumping-machine. If the cavity could be sold for post-holes at a dollar a foot it would lighten the expense considerably.

## W. C. T. U. Officers.

At the Annual Convention of the Provincial W. C. T. U. held at Sarnia last week, the following were elected officers for the ensuing year:—President, Mrs. Brethour, Thorold; 1st Vice-Pres., Mrs. Fawcett, Toronto; Corresponding Sec'y, Mrs. Wiley, Richmond Hill; Reporting Sec'y, Mrs. Rutherford, Brantford; Treasurer, Mrs. Cavers, Galt. The next Annual Convention will be held at Galt.

## Re-Organized.

The Richmond Hill High School Foot Ball Club has re-organized for the season with the following officers:—President, H. M. McCuaig, B. A.; Sec-Treas., A. R. Innes; Captain, T. Mortson; Vice-Captain, Wm. McDonald; committee of management, G. Collard, E. Vanderburg, J. Byres and J. LeHeny. A new ball has been ordered, and practice will be commenced at once. The club is open for matches with neighboring clubs.

## A Large Pumpkin.

Mr. Joshua Horner, who supplies our villagers with milk seven times a week, devotes some of his spare moments to the raising of pumpkins, and other Canadian fruits. A nice specimen of the former class has been displayed in Mr. Jos. Hall's window during the past week. It weighs 125 lbs., and is one of nine, about the same size, grown from two seeds. Were it not for its great size it might be taken for a musk-melon. Josh. says they have had no extra care, but purposes growing them next summer to much larger dimensions.

## Good Work.

The Directors of the Mechanics' Institute were fortunate in securing Miss Frank Trench, Miss Ida Simpson, Miss Sadie Morgan, and Miss Sadie Eyer to canvas the village and vicinity for the sale of membership tickets. The two former were allotted the territory south of Centre St., the two latter taking the north half. They commenced work on Saturday, and already about 90 tickets have been sold. No trouble will be experienced this year in getting the number above 100. The ladies deserve the thanks of the Institute for responding so cheerfully to the wishes of the directors.

## Runaway Accident.

Last Tuesday a horse belonging to a Mr. Clubine, who resides on the town-line of Whitechurch and Markham, broke loose in Palmer's shed and started for home, having pulled the bridle off its head. An attempt was made at the Elgin Mills to stop the horse, but it was of no avail. It turned eastward, and was finally captured by Mr. M. Coleman, on the 2nd of Markham. Mr. Walter Palmer followed the runaway, and brought back horse and buggy. Fortunately nothing was broken, and the horse appeared to be none the worse, but pretty badly frightened.

## Credit Sale.

On Wednesday, Oct. 24th, Mr. Joseph Cherry, lot 2, rear of the 3rd concession of Whitechurch, will have a clearing sale of his thorough-bred Jersey cattle, horses, implements, &c. As he is giving up farming everything will be sold. The sale, which is very extensive, will begin at 9 o'clock a. m. A credit of twelve months will be given on all sums over \$10. Mr. Cherry's herd of Jerseys is two well known to need any description, as they have taken prizes wherever exhibited. Catalogues will be distributed at time of sale. Salem Eckardt and Nelson Smith, Auctioneers.

## Convalescent.

About four weeks ago Mr. and Mrs. Arthur Cook and their little daughter, of Woodstock, came on a visit to Mr. McCaffrey's, Mrs. Cook's brother. Shortly after arriving mother and daughter were taken ill with typho-malarial fever. Both are now regaining their strength, but the daughter is scarcely able to yet leave her bed. Mr. Cook hopes to be able to take them home in a few days. Malarial fever has been quite prevalent in Woodstock for the past few months, and it is thought Mrs. Cook had contracted the disease before leaving home.

## Fatal Accident.

Our Temperanceville correspondent last week stated that Mr. and Mrs. Alf, Warren and family, of that place, had gone to Toronto on a visit. Unfortunately while there her little boy, James, 6 years old, son of the late Harry Payne, of Vaughan, met with a very sad and fatal accident. The little fellow accompanied some other boys to purchase wood. They commenced playing on the Esplanade, and it appears were crossing and re-crossing the railroad in front of an approaching freight train. Deceased was caught by the engine, and both legs were cut off, the one near the thigh, the other about the knee. One hand was also partially cut off. He was immediately removed to the residence of his grandmother, Mrs. Trieker, formerly of this village, and although two doctors were called in, they could not do anything for the little sufferer. He died in the course of a few hours. On Saturday a coroner's inquest was held. The jury exonerated the train-men from all blame, but urged the necessity of greater precaution being taken to prevent children straying along the railway tracks.

## Methodist Church.

The Free Will Offering Services in the Methodist Church last Sunday were very successful. Rev. W. F. Wilson, of Toronto, preached two very excellent sermons. In the morning he took his text from St. John's gospel, which he said he considered one of the most profound in the Holy Book, and which he characterized as the gospel of Light, Life and Love. In the evening a very large congregation greeted the Rev. gentleman. He preached from Proverbs xxii, 1st verse: "A good name is rather to be chosen than great riches." In a practical sermon which lasted over an hour, he clearly illustrated the different parts of his text, and dwelt at length on the value of a good name and a well-spent life. In speaking of money he contended that it could be made either a blessing or a curse. If secured honestly and used properly money will improve our advantages, increase our usefulness, and will be a source of general happiness. The choir sang several beautiful selections, which were especially prepared for the occasion, and were complimented by Rev. Mr. Wilson. The voluntary subscriptions for the day amounted to \$92.00.

## Re-Union.

The first Re-Union of the season in connection with the Mechanics' Institute was held in the Masonic Hall on Monday evening. The hall was comfortably filled and a pleasant evening was spent. Rev. W. W. Percival kindly acted as chairman, who, in an appropriate speech, referred to some of the objects of the Institute, and recommended all who could possibly do so to avail themselves of its privileges. The programme was perhaps a little monotonous, from the fact that the committee had failed in securing any local talent, but Mr. Will E. Burgess in his funny recitals, quaint mimicry and marvellous ventriloquism, was a host in himself, and kept the audience in laughter for over an hour and a half. His selections were mostly light and amusing, but an Irish reading, "Patrick Connor," stilled the audience so that he might have been heard in a whisper. In impersonating Sol Smith Russell he was most successful. He endeavored to give "The Charge of the Light Brigade" as recited by himself at an entertainment when a little boy. This attempt was well executed, but no doubt many in the audience wondered why it was that so many boys have taken this selection in making their debut on the public platform. As a humorist Mr. Burgess excels, many of his stories and anecdotes being very rich. But the most amusing part of the entertainment consisted in his ventriloquial sketches, which were remarkably clever. Though wooden-headed, his incorrigible "Joe" made a witty and lively companion. Many interesting dialogues and discussions took place between "father and son," the former always coming out second best. If "Joe" did not do the talking himself, ventriloquism must be quite an art as well as a gift. Before closing, the performer gave imitations of the buzzing of a bee, the voice of a chicken, &c., and after each attempt he received merited applause. The performance of the evening closed with the National Anthem.

The third page of the Toronto DAILY MAIL is noted for "Want" advertisement. If you want to buy or sell anything. If you want a situation, a mechanic, a business, machinery, lodgings, if you have lost or found anything, or if you want to find out where anyone is, advertise in the Toronto DAILY MAIL and read the advertisements on the third page of that paper. The charge is Two Cents a word each insertion. Address THE MAIL, Toronto, Canada.
