Accident.
 Last Saturday Mrs. Jas. Robinson, Elgin Mills, started to come down stairs with a quantity of bed-clothing in her arms. Just as she started her foot became entangled and she fell headlong to the bottom. She was so seriously injured that a Dr. had to make several visits. At last accounts the patient was resting easier.

Bible Class.
 The young people's Prayer-Meeting on Wednesday evenings in the Methodist Church has been changed into a Bible class for the study of the Sabbath School lesson. The study will begin at 8 o'clock. Subject for next meeting will be "Caleb's Army"—Judges 7th Chap., 1st to 6th verse. The class is open to all who would like to attend.

For 25 cents you can buy at the Concrete each of the following:—7 Boxes good Matches, 9 lbs Gold Dust Cornmeal, 6 lbs Tilton's best Rolled Oats, 3 1/2 lbs Best Valencia Raisins, 3 1/2 lbs Best Provincial Currants.

Collision.
 A collision which might have been more serious occurred at Duncumb's corners on Tuesday evening after dark. Mrs. John Palmer was driving home from the Richmond Hill station, and on turning the corner the buggy collided with Mr. Keech's two-horse wagon which was going southward. One wheel of the buggy was crushed completely under, the raven and other parts were broken, but fortunately Mrs. Palmer was not thrown out, and she managed to hold her frightened horse. The buggy, being a two-seated Gladstone, did not upset when the wheel went down.

Do you like Stories.
 Farm and Fireside is full of the best stories written and is published once a week, 4 large newspaper pages. We will send Farm and Fireside to the end of 1889, and the Weekly Mail to the end of 1889, and our own paper for one year for Two dollars. The regular subscription price is 75 cents a year. This is a great offer.

Band Instruments.
 The Teston Band having resolved to disorganize, are offering for sale their full set of Brass Instruments, as well as their uniforms. The set of instruments consists of 14 pieces in good condition, the greater part of which have been used for less than two years. That the instruments have a sweet tone when properly handled can best be attested by the many who have heard the Teston Band play them. For particulars see another page.

Retiring from Business.
 As will be seen by the advertisement of Great Clearing Sale, on this page, Mr. Isaac Crosby has decided to retire from business. With this in view he is prepared to dispose of his well-assorted stock of Staple and Fancy Dry Goods and Crockery at cost price. Those who know Mr. Crosby will understand that he means just what he says, and his patrons may rely on getting excellent bargains for the next thirty days.

Commissioner's Meeting.
 The members of the West York License Board met yesterday afternoon at the Court-house, Dr. Cotton, of Lambton Mills, chairman. Present—Mr. Naughton, Richmond Hill; J. C. Morgan, Parkdale; Robt. Willecock, Inspector. Mrs. Alice Walton, who has been repeatedly refused, applied for a license for her hotel at West Toronto Junction on the plea that she was willing to lease the house to her brother at Sunderland. She was again refused.

Pump-Maker Wanted.
 As will be seen on another page Mr. H. Miller, owing to ill-health, wishes to sell his machinery and all tools connected with the pump business. There is everything necessary to carry on the business, and under the circumstances he is prepared to sell cheap. Without doubt this is an excellent chance for a live man, as there is no opposition in the place. A shop can also be rented for a term of years. Whoever wants such a business cannot do better than to come to Richmond Hill.

Great Scott!
 The Borealis last week points out and gives the names of the members of the Aurora Council who are cold water men, and those who indulge to a certain extent in strong drink. The list shows two of the former class against ten of the latter. We presume the Borealis does not charge for this advertising, but wonder he does not get his head punched for the exposure. The analysis was brought about by a remark in a sermon preached by one of the resident ministers whom Teddy dubs as "Brother Rankin."

There has been a great commotion around the Tweed counter at the Concrete this week and daily orders are taken for suits, Overcoats, etc., both Men's and Boys; for the people are awaking to the fact that they have a much better choice of goods their than can be had anywhere and as these Tweeds, Worsteds, Meltons, etc., are imported direct there is a saving of the Middlemen's profit.

Opening.
 The new Presbyterian Church of the 7th Concession of Vaughan will be opened by Divine Service on Sabbath the 14th day of January, 1889, by the Rev. Dr. MacTavish of Toronto. Other ministers from Toronto, and neighboring ministers are expected to be present. An excellent choir has been engaged for the sabbath services. Also on the following Monday a dinner will be served by the ladies of the congregation in the basement of the church. A good time may be expected as the committee are preparing an excellent programme for the occasion. Further notice will be given by posters.

Runaway.
 On Monday evening last about 6 o'clock a horse belonging to Mr. Ezra Clutline ran away, starting in front of Crosby's store. It was driven by Mr. Wellington Clutline, who, with his wife, had just alighted from the buggy. When the horse started Mr. Clutline made a grab for the lines but missed them, and the animal started northward. In front of Brown's Bakery it came in contact with Hopper's butcher wagon and freed itself from the vehicle. The horse must have been pretty badly frightened as instead of stopping at its own stable, it ran back the lane, and was found at Mr. F. Gibson's, near the 2nd Concession. The buggy was badly smashed.

A New Invention.
 This invention may be seen at the residence of Mr. P. G. Savage, in this village, and is in the form of a Patent Automatic Gate, which has lately been brought before the public by the inventors, Messrs. Sherwin & Tuckett, of Toronto. It is the only reliable automatic gate made, and surpasses all other inventions in the gate line. It can be opened or shut while in the conveyance by pressing backward or forward a neatly constructed lever affixed at the side at either end of the gate, and is worked so easily that a child without being shown can manipulate it as easily as a grown person. It also saves the trouble of getting in and out of vehicle, and as it opens and shuts similar to our common gate it will not frighten horses. It is also as useful in winter as in summer. It can be made in any design, and greatly adds to the appearance of the property where erected. Messrs. Savage, Nichol's and Treach have purchased the right to manufacture and sell this gate in the West and North Ridings of York and parties wishing such can be supplied on the shortest notice. Rights of Townships in the above-named Ridings for sale.

The Royals.
 A pleasant evening was spent last Tuesday by the members of the U. T. of T. in the Temperance Hall. An excellent programme was rendered by the captain and staff whose duty it was to provide for the evening. The company led off with an excellent chorus. This was followed by an instrumental duet (cornet). A well written original essay on the "Desire for Power," was read by proxy. The lodge was then enlivened by a chorus, "Jolly Old Roger." A reading came next, a pathetic selection, entitled "The Mother's Story." Another instrumental duet, this time on the harmonica. A very appropriate and well written essay on "The Duty of the Hour," was listened to with great attention and highly applauded. The programme closed with a lively chorus, "The World is Growing Better." The election of officers is to take place next night of meeting, and the rest of the evening spent in discussing the following subject:—"Resolved that we desire more information from travelling than reading."
