RICHMOND HILL. Thursday, Dec. 6 '8

U. S. DEMOCRATS.

President Cleveland's message to Congress, a few days ago, clearly shows that he is still in favor of making sweeping changes in the way of tariff reform. And to say he is in favor of tariff reform means that he is opposed to the combined force of protected rings, which are filling their pockets year after year \$3.46 be paid. - Carried. from the honest toil of the laboring classes and which are fed by the protective laws of the existing governments. He is undoubtedly the friend of the working man, and might have been re-elected for a second term had the agitation for a reduction of taxes been set in motion of Mr. Duncan's land that has been asat an earlier day. Very few great reforms are brought about un il after mature considerations, and Mr. Cleveland sees now that it is no time to train soldiers while they are under the fire of the enemy. Were he, like many previous ex-presidents likely to drop out of the arena of politics, his expressions might be looked upon as those of an individual, but there is good reason to believe he is in accord with the Democratic leaders, and that he and the Democratic party will be the champions of a low tariff at the next election.

The masses of Canadians, including every true Retormer, should therefore look upon Democratic principles with favor, as every blow given, and every word uttered against a high protective tariff on the other side of the boundary line are applicable here. Similar combines and ringsters prevail in both countries, and these are encouraged a d Florence Moodie, supported by a government which Herbie Sanderson. chooses to enrich the few at the expense of the many. High tariffs | Harry Glover, mean high prices for the necessaries | Regie Storey. of life, and the sooner the honest Howard Neville. sors of toil wake up to this conclusion the better it will be for themselves and their families. Had Herold Percival, President Cleveland not gone so far as to threaten retaliation against Canada after having declared the Fisheries' Treaty to be just and honorable to the United States, his record, taken from a Canadian standpoint, might have been considered stainless.

AN IMPORTANT DECISION.

In the case of Markham Village v. Markham Township, which has occupied the attention of the legal Thomas Savage. fraternity for some time past, his honor Judge Boyd has given judgment in favor of the former. The action was brought for the recovery of certain moneys contributed by the plaintiffs over and above their just share towards a sinking fund to pay off certain debentures of the township of Markham, of which the village was originally a part.

As is well known by most of our readers, the money was raised to aid in the construction of the Toronto and Nippissing Railway. Before incorporation the tax on Markham Village was comparatively light, but of late years the rate imposed has amounted to a considerable sum owing to the increased value of the property. The village council feeling that they had sulfilled their agreement with the township, ceased paying, and when pressed for the amount the courts have shown that not only is a further tax uncollectable, but that the township Council will be compelled to refund cert in moneys overpaid by the village.

We believe that Richmond Hill has a similar agreement with the township, in which case she should also come in for a refund of taxes as we have been paying yearly since the Nippissing has been built.

School Board Meeting.

The Richmond Hill Board of Enuca tion met in the Council Chamber on the forenoon of Monday, Dec. 3rd, 1888. Mr. John Brown in the chair.

Members present: - Messrs, J. Brown, R. Marsh, Dr. Wilson, A. Russell, M. Nanghton, D. Lynett, I. Crosby, P. G. Savage and Sect'y Switzer.
