Victoria Square.
The Anniversary held on Saturday in connection with the Methodist Church was very successful. The first thing on the programme for the day was a cricket match between the married and the single men. The married men went to bat first and did things up in their usual style, but only succeeded in making a score of 33. The bachelors then took their turn at batting, and somewhat rattled the fathers by making 8 runs more than their opponents.
After the cricket match a foot ball tournament took place between the junior Vics and a junior team from Bathesda. The ball was promptly kicked off, and the visitors were at once kept busy defending their goal, but at last a fine shot was made for the Square and a game secured. When time was called the Vicks were declared the victors.
Gornley and Almira were the next teams to play off. The teams promptly responded, and the ball was soon moving in various parts of the field. The ball was kept moving very lively during first half time, Almira being kept on the defensive until a good pass was made and Norman scored the first goal for Gornley. A second goal was quickly put in also on first half time. During the last half the Almira men got more on their mettle, but lost another goal. They, however, quickly followed up, and scored a goal, but it was no use, as Gornley was too strong for them. When time was called the score was in favor of Gornley by 3 to 1. A large crowd witnessed the match and much interest was manifested, which was seen by the cheering which the players received.

Tea was served from 4 to 7. Owing to the unpromising morning it was given in the basement of the church, instead of on Mr. Kluck's lawn. Croquet and other games were, however, engaged in on the lawn. The ice cream, lemonade and other delicacies, which were served from a tent by the ladies, met with a ready sale.
After tea was over an entertainment was given. Speeches were delivered by Revs. Messrs. Spear and McCulloch. These gentlemen were especially happy in their remarks, and spoke favorably of the games of the afternoon. Music was rendered by the Amphion Orchestra, of Richmond Hill, and the audience heartily appreciated the selections rendered. A song by Mr. Will D. Atkinson was encored, as was also a cornet solo by Mr. R. Glass. Without a doubt the orchestra will be a success. The closing hymn was then sung, the benediction pronounced by Rev. Mr. McCulloch, and the audience dispersed, after having spent a very pleasant day.
On Sunday, services were conducted by Rev. Mr. McCulloch, who gave two very instructive sermons. In the afternoon he preached to the pupils of the Sabbath School, and in the evening to the young people.
The following is the scores of the cricket match:—

Kleinburg
Seeing that none of the residents of this enterprising little place seem disposed to allow the outside world to know anything about what takes place within and about it, we shall endeavor to pen a few items which have chanced to come into our possession.
As usual it is all alive; Bunkum makes it noisy. When aliens enter in the hive they find them very cosy. There has been sickness and death within its confines. It is now, however, too late to report the events of the season of sorrow.
What might have been a much more serious accident occurred on the evening of the 16th inst., between Kleinburg and its western suburb, Nashville. Mr. Wm.

Jardin, of King township, had been to the station to meet his brother, Mr. David Jardin, wife and daughter, of Goderich. While on their way toward this village the horses became frightened and ran away. The driver and his friends were thrown from the waggon. All were more or less shaken up. Mr. D. Jardine was the most seriously injured, having had his face badly cut. He was brought to Mr. G. Gilmour's hotel, where, after considerable loss of blood, his wounds were dressed and stitched by Dr. T. H. Robinson. His wife also had her side and leg injured. Mr. John Woods, carpenter, of Nobleton, who was with the party, appeared at first to be hurt, but this was more fright than anything else. The runaway team was caught by Kleinburg's hero, Mr. W. Mullen. The party proceeded homeward next morning. We hope that the injured ones may soon recover.
The S. S. Institute under the direction of Vaughan S. S. Association was held in Knox church, 9th Con. Vaughan, on Tuesday, June 16th. The subjects on the programme were as assigned: "The Bible—its Epochs," by Rev. A. McLaughlin; "Divisions of the Bible," by Alfred Day, Provincial Secretary; "What is the Bible to be to us and to do for us?" by Rev. W. F. Wilmott; "The Lesson Taught," by Alfred Day. All to whom subjects were assigned were present, with the exception of Rev. W. F. Wilmott, who, we suppose, for some unavoidable reason, was prevented from attending and giving a helping hand, as he always cheerfully does. After each subject had been handled by the leading speakers, a lively discussion followed, in which a number of clergymen and others of the congregation took part. Altogether the meeting was a grand success, and, notwithstanding the unfavorable weather, the attendance was good.
The Mt. Lebanon Sabbath School purpose holding their annual festival and entertainment on the 24th inst. Mr. Edwin Hamby has kindly granted them the use of his beautiful lawn, and we anticipate a successful day. Proceeds for defraying the expenses of the S. School.
The Rev. T. Edwards, pastor of the Methodist church, being away to Conference, Mr. Atkinson, one of the local preachers, filled the pulpit on Sunday evening, 14th inst.

Province every ring has fallen before their united influence—the salt ring, grain buyers' ring, millers' ring, merchants' ring, is a thing of the past—and the executive of the order has contracted for binding twine for the season of 1891, and it will be delivered, F. O. B., at all stations south and east of Owen Sound in Ontario. Contracts for all implements, vehicles, &c., needed by the farmers will be completed as rapidly as possible. The Patrons Commercial Union, of Michigan, saved on implements alone last year over \$300,000 for its members, and they pay off mortgages bearing a high rate of interest at a much lower rate. The farmers, laborers and mechanics of Ontario have to face monopolies and combines in every direction, and together with the high rate of interest they pay, while they have to compete with the world in the products they sell, make it utterly impossible for them to stand before the pressure. All that is needed to change materially this state of affairs is unity among farmers. Rally then around the standard of the Patrons of Industry and help to break the combines.
Mr. Cassidy, from the County of Middlesex, is pushing the organization of York County, and is holding meetings in Markham and Vaughan at present.—Com.

Fire at Thornhill.
At about half past one on Thursday afternoon last, Captain Pugsley received a telephone message from Thornhill, stating that Dr. Geo. Langstaff's outbuildings were on fire, and requesting that the fire engine and other appliances be sent down at once. The bell was immediately rung here, and in a short time nearly every fireman in the village was at his post, eager to learn the location of the fire. Two large busses were secured, one taking the engine, the other the hose reel and about 600 feet of hose. Many single rigs were also driven down and conveyed firemen to the scene of action. In less than forty minutes after the message was received a stream of water from the engine was plying on the flames, although the buildings by this time had been pretty well consumed, the fire having been kept in check by citizens of Thornhill, who must have done excellent work as a bucket brigade. The fire seems to have caught either in the roof or the hay mow, and spread rapidly. When first discovered there was not the least chance, without a fire engine, to save the driving house and other outbuildings which were attached to the stable. Dr. Langstaff's residence, which was only about 30 feet from the corner of the driving house, was also scorched, and another building known as West's store caught fire and was saved with much difficulty. Had it not been for the favorable wind and the dampness of the surrounding buildings it would have been almost impossible to save them. As it was the citizens had to work hard to prevent a very dangerous fire from spreading. The engine emptied two tanks in the vicinity, and before the Richmond Hill firemen left there was scarcely a burning ember to be seen. The citizens appreciated the efforts of our firemen who, after the fire, were treated to refreshments which were furnished by the ladies of the village. Part of the contents of the building was saved. The loss will be about \$600, partly covered by insurance. Although opinions were freely expressed as to the cause of the fire, we are not in a position to say what was the most likely source.

Maple
Seeing no items in your valuable paper from here of late I take great pleasure in sending you a few items to let your many readers know of some events that have taken place; also events that are to come off. Business in general here this spring has been good; the late rains have put a different appearance upon our farmers' faces, and crops we think will be abundant in this neighborhood this fall.
Messrs. Jackson & Gram, pump manufacturers, have been busily engaged all spring filling orders.
Mr. Colls has also been doing a rushing business in the tinsmith line.
It gives us pain to state that two of our loyal citizens received a slight stroke one day last week when working on the highway for Her Majesty, but we are glad to learn they have completely recovered again.
Mr. Wm. Holladay the grain buyer is still here and is receiving grain almost every day.
Our storekeepers have been kept quite busy of late.
Messrs. Cousins, Andres, Ham & Co.—blacksmiths, carpenters, painters, carriage manufacturers, &c.—have been exceedingly busy all summer.
Our brass band under the leadership of Mr. Wm. Porder, of Toronto, is meeting with great success this summer. On Tuesday afternoon they played at Fisherville for a church party. On July 1st they are engaged to play here for the church party; on July 11th they play in the city for an Orange Lodge there and on July 13th they play at Newmarket for the Woodbridge Orange Lodge. Any parties wanting a first class band can not do better than to engage our band if they want lots of sweet music.
Our hotel keeper has again started a zoo in connection with his other business in the shape of a crow.

Patrons of Industry.
THE ONLY EFFECTUAL ORGANIZATION OF FARMERS, LABORERS AND MECHANICS IN CANADA.
The first Association of Patrons was organized in the County of Lambton, Western Ontario, in Feb. 1890, and the organization spread rapidly over Ontario, and at present every County in the Province, except five, is either fully organized or being pushed vigorously, and by this time in 1892 the whole Province of Ontario will be solidly organized. The order was incorporated in Ontario in May, 1890. The separation from the United States took place in February, 1891, and the order has a Grand Association in Ontario. In the western part of the

SPARKS
Brother auditor appeared in a black frock coat and brier-root pipe, but neither interfered with his duties as hosenmen. Nor with his appetite.
When John Wilson got his socks burnt from his feet, he good-naturedly said, "Fare ye well brother Watkins, eh!"
The Thornhill fire engine was slightly out of repair on that day. In fact it looked so dry that a passing spark might have ignited it at once.
Honest J. Munday got his side whiskers singed, but he stuck to his post all the same.
A prominent member of the R. H. F. B. was so excited that when he hitched his horse he drove northward at a rapid pace, but soon discovered his mistake.
If you want to buy or sell a Farm, advertise in the Toronto WEEKLY MAIL. That paper reaches 100,000 Farmers' homes every week, and your advertisement should meet the eye of someone who wants to purchase. Advertisements of this class are inserted in the Toronto WEEKLY MAIL for Five Cents a word each insertion, or Twenty Cents a word for five insertions. Address THE MAIL, Toronto, Canada.
