Railway Directors' Visit.
 Mr. C. Warren, President of the Metropolitan Street Railway Company, accompanied by Messrs. Garland and Jenkins, both directors and stock holders in the same company, paid a visit to Richmond Hill on Saturday. The trip was made with a view of getting an idea of the grades along Yonge Street, and of the traffic that would likely be done by an electric railway to this place. They were met here by the Reeve and members of the village Council and other prominent citizens. By all accounts the members of the company were well satisfied with the lay of the land, and with the information elicited.

Flunked.
 The only disappointment on the civic holiday was occasioned by the failure of Newmarket's second twelve to make their appearance and play the Richmond Hill lacrosse juniors in accordance with their previous arrangement. When it was found they were not on time they were telephoned to from this place, and the answer was "not going." Perhaps no explanation of such a breach of contract is necessary, but in future the Hill boys will be a little more careful, when dealing with the same crowd, before ordering supper for the visitors.

Confusing.
 The Globe of Tuesday has the following among its literary notes:—"Miss Braadon leads a quiet and almost secluded life at Richmond Hill. Most of her leisure is spent in the saddle, and she is still in the harness as an author. But of late years she has been crowded out of the high position she once occupied in English literary circles. She has many warm personal friends who visit her in her comfortable home. She rarely appears in public, and never at any gathering where there is a crowd." We presume the writer must refer to some small town other than our own flourishing metropolis, as the once famous authoress has not recently been seen in this section of country.

Directors' Meeting.
 The Directors of the Richmond Hill Mechanics' Institute met on Tuesday evening, Sept. 8th, 1891. Members present—A. R. Innes (president), G. Robertson, W. T. Storey, J. E. Clibine, W. A. Sanderson, R. E. Law, P. G. Savage and T. F. McMahon. The Treasurer reported that he had received from the Education Department \$150.75. After a discussion on the advisability of purchasing additional books for the library the following resolution was carried:—Moved by Mr. Sanderson, seconded by Mr. McMahon, that the Library Committee be authorized and instructed to purchase library books to the amount of \$100, said books to be placed in the library, if possible, by the first of October. The meeting then adjourned.

Slight Misunderstandings.
 At the Fire Brigade meeting on Monday evening several complaints were preferred by members of one department against firemen in other departments owing to certain alleged irregularities which occurred at the fire practice on the morning of the civic holiday. After a careful investigation it was found that each and every irregularity was done "in a moment of weakness," and without "malice aforethought." The evidence also showed conclusively that certain members of the brigade had a decided antipathy to seven year old tank water, even after it had been filtered through 200 feet of hose. The "innocent" branchmen got rid of their "charge" by "throwing" it on the obedient and courageous hook and ladder men. At the next fire alarm it is expected that every man will know his duty thoroughly.

Grand Opera.
 Among the many attractions that Toronto has for visitors during the Exhibition, the Grand Opera House has always been one of the most important. Very few would care to visit that great city without going to see that great Temple of Music, Comedy, and Drama. Since it was first opened by the late lamented Adelaide Neilson, there has been presented within its walls all that has been excellent in the way of amusement. The present season promises to be a particularly brilliant one. Nearly every prominent attraction on the American continent will appear within its walls during the theatrical year, chief among which may be mentioned the famous comedy, *Dr. Bill*, which will be presented during the second week of the Industrial Exhibition, viz, the week of September 14th. Dr. Bill has been secured by Manager Sheppard at an enormous expense and comes direct from London, England, where it has been running over 500 nights. When you go to the Exhibition, don't fail to go to the Grand Opera House and see Dr. Bill.

York Mills.
 The School Festival and Harvest Home came off according to the advertisement and was in every way a success. Old people, young people and children arrayed in holiday dress graced the scene in large numbers. The programme of games was carried out with enthusiasm. The beautiful platform prepared for the Votaries of the dance was made good use of till late in the evening. The smiling countenances of the School Board beamed on every one. The genial smiles of mine host of the York Mills House, Graingers Botham and Arden, like the April sun on mother earth, warmed the hearts of the multitude. All were out for enjoyment, and they found it. The one sore spot which every one felt was the supper. It was not the creaking board of our own happy school days, where our mothers', our sisters', our cousins' and our aunts' cakes were the best on earth. But the Board are not to blame for this. They engaged a man in good faith and he went back on them, that's all. I understand one third had no tea, so that financially it was not a large success.—Com.

"Where did Cain get his wife?" has puzzled Bible students for ages. We don't know. However we do know where you can find a fresh clean and desirable stock of family supplies. A large variety of the durable, every-day kind, also Fancy Groceries, Yankee Notions, and all the newest Nick Nacks. Atkinson & Switzer.

School Meeting.
 The Richmond Hill School Board held their monthly meeting on Monday, September 7th. Members present—Messrs. Brown, (chairman) Duncan, Crosby, McConahy, Trench, Naughton, Switzer, and Wilson. Minutes of last meeting, July 13th, read and approved. The following bills were presented and, on motion, ordered to be paid:—From H. Marsh for lumber, \$8.10; T. F. McMahon, for High School Library books, purchased through Gage & Co., \$90.79. A communication was read from Miss Newton, asking re-engagement as teacher in the 2nd Department, Public School. Moved by Mr. J. Duncan, seconded by Dr. Wilson that the application be accepted.—Carried. Mr. Monroe, Head Master, addressed the Board in reference to removing the fence in front of the High School. He thought the removal of fence would improve the appearance of the place. The matter was laid over for future consideration. Moved by Mr. Naughton, seconded by Mr. Duncan, that the Annual School Meeting be held at the same time and place, and in the same manner as the municipal elections.—Carried. A suggestion was made that some remedy be devised to break the echo in the High School building, and the meeting adjourned.

Miss Abbott, of Toronto, and Mr. J. Sanderson, of Richmond Hill, were the guests of Mr. Warren, of this place, on Sunday last.—Aurora Banner.

Miss Stella Butcher, of Aurora, took a spin down to Richmond Hill on her bicycle on Monday evening, spent the night with friends, and returned Tuesday morning in time to attend to her duties as school teacher.

In accordance with a previous announcement Rev. J. C. Speer preached a sermon in the Methodist church on Sunday evening, taking for his subject, "Is it right to dance?" As might be expected his endeavor was to prove the negative. His assertions were generally supported from passages of scripture and from writings of prominent authorities in different christian churches. The rev. gentleman was listened to with marked attention for over an hour, and the congregation was unusually large. The subject was very ably handled.

We clip the following from the Vancouver World of the 3rd inst.:—"The happiest man in Vancouver to-day is Mr. R. A. Anderson, the well-known and popular real estate broker of Cambie Street. His exuberance is not in consequence of a big real estate deal but a welcome arrival this morning in his family in the shape of an heiress. His shoulders, he avers, ache in consequence of the shaking his right hand is receiving from the well-wishers of himself and wife on the happy event." Mr. Anderson, it will be remembered, is married to the daughter of Rev. W. W. Percival, of this village.
