In this class W. R. Proctor took 1st for 1 year old stallion, the winner being the same colt that took first money at Newmarket the same week. This colt was also sired by Hodgen. In the carriage class John Kelly won first with his bay team. In the three minute trotting race on the second day of the Fair C. Palmer took 3rd prize with Albert, and on the last day he gained 1st in the farmer's premium, and 3rd in the combination race. On the last day W. V. Palmer won 1st prize in the 3 minute trot with his black mare Phillis.

The West York & Vaughan Agricultural Society's Fall Exhibition will be held in Woodbridge on Tuesday and Wednesday next, the 20th and 21st of October, upwards of \$3,500 to be given in prizes. The race track has been improved since last year, making it one of the best in Ontario. The exhibition of speeding promises to be good. On the first day there will be a pony race, 15 hands and under, in harness; two year old single horse in harness; three year old single horse in harness; gentlemen's road horse in harness, style and speed to be considered. On the second day the speeding races will be as follows:—Single horse in harness, open to all; single horse that never beat 3 minutes; and single horse in harness the property of exhibitor solely engaged in farming, and to be driven by a farmer or the son of a farmer. The prizes are liberal in all the departments.

Magistrates' Court.

A trial was held in Richardson's hall, Maple, on Saturday, which created considerable interest. The charge, which was for collecting toll on the Vaughan Road, was laid by Andrew Russell, reeve of the township, against John Abell, President of the Vaughan Road Company, and three of the gate keepers. It will be remembered that some time ago the said road was condemned by the County Engineer, whereupon the Vaughan Council gave the Company three months to put the road in a good state of repair. This not being done notice was given the Company by the Council to collect no more toll until the road was properly repaired. The Company still collected toll from the travelling public, hence the trial on Saturday. The complaint was laid before J. C. McQuarrie, J. P., and with him sat W. H. Pugsley, B. Reddit and John McKinnon. The charge against the gate-keepers was dropped, as Mr. Abell acknowledged being the President of the road, and assumed the responsibility of the gate-keepers' action. The defendant's contention was that a magistrate's court had no jurisdiction in the case. The bench of magistrates differed with his opinion, and claimed jurisdiction under the General Road Company's Act. As there was no difficulty in proving that toll had been collected, a fine of \$3 was imposed on each count or ten days in the common goal. The defendant gave notice that he would appeal from the decision to the Divisional Court before a bench of three judges. The lowest fine that could be inflicted under the statutes is \$1; the highest \$1, and strange as it may seem the statute provides that the complainant shall pay costs. Mr. A. G. F. Lawrence watched the ease on behalf of the complainant, and Mr. Chappelle for the defendant.

You were mistaken in thinking we gave two dollars' worth for one, but we give the biggest dollar's worth in town. Atkinson & Switzer.
