CONSUMPTION CURED.
An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all throat and lung affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe in German, French, or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. A. NOYES, 820 Powers' Block, Rochester, N. Y.—11-13

A good stable light is very much required and you can't get it with poor oil. I say now, and don't you forget it, that Dilworth's Rock Spring Coal Oil will please you to a dot, both in price and quality. I sell it at the same price you pay others for bad oil. Dilworth, the drug man. You know where to find him.

Pons Fractus vs. Barbed Wire.

To the Editor of THE LIBERAL.
Sir,—Kindly allow me space in your valuable columns by way of making reference to the letter of the previous week which bore the signature of one Maurice Corkery, of Thornhill; but having since learned that Mr. Corkery was not the author, therefore I do not consider it

worth while to compare myself, as far as truth is concerned, with the person who wrote the false statements and who had not enough manhood or principle to sign his own name, but assumed the name of Mr. Corkery.

Again, I am not a coward, nor am I in the least ashamed or afraid to face my opponent openly, and I was at home on the same day as the letter was written from Thornhill, so much for the truth of the author; and neither Mrs. Musselman nor myself is in the least thankful for the tokens of false sympathy for the loss of my horse, for the only lesson learned by this event is to avoid having barbed wire fences about a pasture field, and I hope that no one else will suffer a similar loss from the same source. And I would advise the writer of that trash to keep his eyes about home and perhaps he may find some glaring faults of his own which need mending. And since I have no desire for newspaper notoriety such as the writer intended, therefore I conclude his object was to injure our feelings by attracting public attention, and also to make a big fool of himself, which he has done in a manner which reflects well on himself; and should the writer be manly enough to come out in his true colors I shall be most happy to reply to him at any time.

Thanking you for your valuable space,
I am, yours truly,
BENJAMIN MUSSELMAN.
Thornhill, Sept. 1st, 1892.

[The above communication was not handed in until Tuesday evening of this week.—Ed.]

A beautiful light is very much to be appreciated and more so when you can get the Coal Oil that will do it at less cost than you pay for an inferior article. You can only get the Rock Spring Coal Oil at Dilworth's drug store, Toronto.

News Notes.
No less than 33,052 persons paid a quarter each to get into the World's Fair grounds at Chicago last week.

Prof. Koch gives it as his opinion that cholera cannot be transmitted through the post by means of letters or printed matter.

O'Connor and Hanlan were matched Monday to row Gaudaur and Hosmer on October 15th for the double scull championship and \$1,000 a side.

The Toronto Lacrosse Club has lost every championship match this season. On Saturday they were defeated by the Montrealers by 4 games to 3.

The one hundredth anniversary of the opening of the first Parliament of Upper Canada was fittingly celebrated in Queen's park, Toronto, on Saturday. A number of prominent members of the Local Legislature spoke.

At the annual match between Canadian cricketers and United States, played at Philadelphia last week, the Canucks were defeated by an innings and 222 runs. This is the worst defeat on record between the two countries.

A special meeting of the Provincial Board of Health was held in Toronto on Saturday, when the regulations for guarding against cholera were prepared and submitted to and approved by the Lieutenant Governor in Council.

Two visitors to the Toronto Exhibition—Frank Harper and Robert Hamilton—were found dead in their beds in a lodging house, on York street. They apparently were unfamiliar with the use of gas, and were asphyxiated in their beds.

It is semi-officially stated that Sir John Abbott will continue to be Premier, perhaps until Christmas, and that at the wish of his colleagues he will visit England as the Premier of the Dominion, instead as the retired head of the Administration.

Mr. J. D. Edgar has refused to go before the Royal Commission appointed to investigate charges about Sir A. P. Caron, formerly Minister of Militia. The reason of the refusal is that the charges are not those made by Mr. Edgar, but garbled to suit the accused.
