 Idleness is the badge of gentry, the bane of body and mind, the nurse of naughtiness, the stepmother of discipline, the chief author of all mischief, one of the seven deadly reposes, and a great cause not only of melancholy, but of many other diseases; for the mind is naturally active, and if not occupied about some honest business it rushes into mischief or sinks into melancholy.

WILL NOT LEAVE LOUISIANA.

What President Conrad Has to Say About the Big Lottery.

NEW ORLEANS, Aug. 26.—President Paul Conrad of the Louisiana Lottery Company, was interviewed to-day about the despatch regarding the company's attempt to purchase a location in the Sandwich Islands. He said: "It is a 'fake' sensation pure and simple, or a malicious concoction, designed, perhaps, to prejudice the company in the minds of the people of the United States by creating the impression that our business is to be removed from the legal restrictions and accountability it is now under by virtue of the laws of Louisiana. Were the Louisiana State Lottery Company to become a Hawaiian instead of a Louisiana concern, of course it would be practically an impossibility to enforce claims against it; whereas, being a duly chartered corporation of this State, it is amenable to the laws. Obligations can be enforced through the courts against it the same as against any lawful and responsible company.
 "But what are the company's plans for the future? Might not their negotiations be carried on without your knowledge?"
 "Scarcely, such vast sums as are talked of are not carried in one's vest pocket nor expended by one member of a concern without consulting his associates. The owners of the Louisiana Lottery are now scattered over the globe seeking peace or pleasure, according to their condition or taste. Mr. Morris, with friends, has been for weeks cruising about on his yacht, and I doubt if any one has communicated with him on business of any description. Certainly he is not giving himself any concern about lottery business, and I repeat there is simply nothing in this alleged San Francisco story except idle gossip, so far as I know, and I think I know all the facts. The Louisiana Lottery Company will live out its allotted time as fixed by its vested rights, say a couple of years longer, doing its business here as it always has, and abiding by the popular decision in the recent contest."—[New York Times, Aug. 27th.

Queer world! Queer people! Here are men and women by thousands suffering from all sorts of diseases, bearing all manner of pain, spending their all on physicians and "getting no better, but rather worse," when right at hand there's a remedy which says it can help them because it's helped thousands like them. "Another patent-medicine advertisement," you say. Yes—but not of the ordinary sort. The medicine is Dr. Pierce's Golden Medical Discovery, and it's different from the ordinary nostrums in this:—

It does what it claims to do, or it costs you nothing!

The way is this: You pay your druggist \$1.00 for a bottle. You read the directions, and you follow them. You get better, or you don't. If you do, you buy another bottle, and perhaps another. If you don't get better, you get your money back. And the queer thing is that so many people are willing to be trick when the remedy's so near at hand.

A OLD SOLDIER'S STORY.

After U. S. Medical Men Fall Relief Comes from Canada.

The following letter tells the tale of one released from suffering, and needs no comment:—

Michigan Soldier's Home,
 Hospital Ward A.,
 GRAND RAPIDS, March 27, 1892.
 Dr. Williams' Medicine Co.

GENTLEMEN,—I have your letter of the 24th, asking me what benefit Pink Pills for Pale People, and it gives me unbounded satisfaction to reply. Within ten days after I began taking Dr. Williams' Pink Pills, those terribly excruciating pains I had experienced in my limbs, heart, stomach, back and head, began to leave me, becoming less severe and less frequent and before I had taken all of the second box they were gone. At times since I have experienced aches, but they are nothing compared to the pains I had formerly suffered. For months I could get no sleep or rest, only from the use of morphine, two, three and five times daily. Soon after I began taking the Pink Pills I discontinued the morphine and have taken it but once since, and I am now only taking my fourth box of the pills. Before I began taking Pink Pills I had no passage from my bowels except from the use of cathartics. Very soon after taking the pills my bowels moved regularly and naturally,—constipation was entirely gone. Previous to commencing the use of Pink Pills my urine was milky in color and after standing resembled a jelly substance. Now it is clear and perfectly natural, and shows no sediment whatever. I had lost the use of my legs and could not bear the weight of my body on them. By the use of Dr. Williams' Pink Pills and cold baths and rubbing with a crash towel prescribed with them, my limbs have steadily gained in health and strength until I can now bear my full weight upon them. I have been gaining slowly, but surely, ever since I began the use of the Pink Pills and am perfectly confident that I will be able to walk again and be comfortable, and this after doctoring for years with the best physicians and specialists who said my disease could not be cured but only relieved temporarily by the use of hypodermic injections of morphine. I would not do without Dr. Williams' Pink Pills under any circumstance, even though they cost ten times what they do, and I strongly recommend them to persons afflicted with locomotor ataxia, paralysis, kidney troubles, nervous diseases and impurities of the blood. I have recommended the Pink Pills to a number of old comrades, and in every instance they have proved beneficial, can I therefore do less than warmly recommend them to all who read this letter?

Yours very gratefully,
 E. P. HAWLEY.

Pink Pills are a perfect blood builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus' dance, nervous headache, nervous prostration and the tired feeling therefrom, the after effects of the grippe, diseases depending on humor of the blood, such as scrofula, chronic erysipelas, etc. Pink Pills give a healthy glow to pale and sallow complexions, and are a specific for the troubles peculiar to the female system, and in the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of any nature.

These pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50 cts. a box, or six boxes for \$2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

Breeding Pearls.

The pearl hunters of Borneo and adjacent islands have a peculiar superstition.

When engaged in opening shells in search of pearls they take every ninth find, whether it be large or small, and put it into a bottle, which is kept tightly corked with a dead man's finger.

The pearls thus kept are known as "seed pearls, or breeding pearls," the natives of all the islands mentioned firmly believing that they will reproduce their kind.

For every pearl put into the phial two grains of rice are put in for the pearl to "feed" upon.

Some whites in Borneo believe as firmly in the superstition as the natives do, and almost every hut along the coast has its "dead finger" bottle with from nine to fifty "seed pearls" and twice that number of rice grains, carefully and evenly stowed away among them.

Seen in the Flesh.

HAMILTON, Oct. 15.—Our readers will no doubt have read the article which has recently appeared in the leading papers describing the case of SAM MURRAY, of Gravenhurst, who was so utterly prostrated, that not only physicians gave him up, but thoroughly medical examination instigated by beneficiary insurance companies passed all claims for life disability. This week Mr. Murray was in town and called at our office and personally fully substantiated every statement made in regard to the surprising results produced in his case by Dodd's Kidney Pills. From a subject of frequent falling sickness, blood poisoning, rheumatic pains, extreme weakness, primarily caused by kidney disorders, he is now a strong, hearty and active man with every appearance of perfect health. This change, he states, was brought about solely by a three months' use of Dodd's Kidney Pills. It is a remarkable case, but in this age of remarkable progress and discoveries, we must expect medical science to keep pace with the times.—[Hamilton Herald.

Worst Case of Scrofula the Doctors Ever Saw

Completely Cured by HOOD'S SARSAPARILLA.

"When I was 4 or 5 years old I had a scrofulous sore on the middle finger of my left hand, which got so bad that the doctors cut the finger off, and later took off more than half my hand. Then the sore broke out on my arm, came out on my neck and face on both sides, nearly destroying the sight of one eye, also on my right arm. Doctors said it was the
