## The Liberal.

RICHMOND HILL, Thursday, Dec. 1, '92

### LOCALS.

Fire Brigade meeting next Monday night.  
 Sir John Abbott's resignation has been accepted and Sir John Thompson has been appointed Premier of Canada.  
 We never grow too old to enjoy seeing the children bappy. Atkinson & Switzer's holiday goods are arriving and that suggests Christmas cheer.  
 Mrs. Andrew Newton started on Monday for Buffalo, N. Y., where she purposes spending a week or ten days with relatives and friends.  
 THE LIBERAL will be sent to any address in Canada or the United States from this date until January 1st, 1894, for \$1.00.  
 Mr. Reuben Glass started Monday evening for Brandon, Manitoba, where a position with one of the town butchers awaits him. The Misses Kennerley also went on the same train for the same destination.  
 The Canadian Almanac for 1893 contains a store of useful and reliable information. No business man should be without it. Get a copy at THE LIBERAL book store.  
 No Globes reached the village last Friday morning. By some mistake the package went to Port Carling and the papers did not reach their readers here until Monday morning. The Globe is particularly unfortunate along this line.  
 Do we give ourselves airs? No. Do we ride a high horse? No. We talk plainly, deal plainly, act plainly, and do our best. Atkinson & Switzer.  
 The Canadian Jubilee Singers will give an entertainment, under the auspices of the Epworth League in the Methodist Church, Richmond Hill, on Friday evening, Dec. 9th, 1892. Admission 25 cents; children 15 cents. Doors open at 7:30; concert at 8.  
 The Weekly Globe or the Weekly Mail will be sent from this date to the end of 1893 for \$1. Subscribe now and get the balance of the year free. Subscriptions taken at THE LIBERAL office.

### Shooting Match.

A shooting match will be held at Temperanceville on Saturday, Dec. 3rd, when a number of geese, turkeys and ducks will be offered for competition. Ranges—Rifles, 100 and 200 yards; shot guns, 40 yards; revolvers, 25 yards. No. 5 shot to be used. Shooting to commence at 1 o'clock sharp.

The great majority of people feel happier when they have satisfied themselves that they are buying goods at the very best rates. This satisfaction they find at the Concrete.

### Back-Ache.

Back ache is caused by sick kidneys. Dodd's Kidney Pills will remove it. By their peculiar action on the kidneys, they impart activity and benefit the system by purifying the blood. You cannot have pure blood with disordered kidneys; health's existence depends upon their natural condition; they are the governors of the system, continual disorder results in kidney consumption, which is Bright's disease.

### Mutual Improvement Association.

The members of the above society held their usual meeting on Friday evening last in the school room of the Presbyterian church. The attendance was good. Subject for the evening:—"Reverence for the House of God." There were several good essays bearing on the subject. There will be a Literary and Musical Entertainment on Friday next, Dec. 2nd. All welcome.

### Oh, What a Cough.

Will you heed the warning. The signal perhaps of the sure approach of that more terrible disease Consumption. Ask yourselves if you can afford for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Squire's Cure will cure your cough. It never fails.  
 3-12-6m.

### Marketing by Electricity.

President Warren of the Metropolitan railway has a great scheme on foot, which explains why he wants that 99 year franchise to run over the portion of Yonge street between the north limit of the city and Richmond Hill. He says that the farmers of the whole section could market their produce with a fifth of the trouble now experienced if the railway were extended and a market car put on that would bring the produce down to the St Lawrence market in the city every morning.—Globe.

At the Concrete you can buy each of the following for 25 cts.—3 1/2 lbs. best off stalk new Valencia Raisins, 5 lbs. extra Granulated Sugar, 3 lbs. best Rolled Oats, 9 lbs. best Gold Dust Cornmeal, 12 bars good Laundry Soap, 4 bars Richard's Pure Soap, 8 tablets Rose Bouquet Toilet Soap, 8 tablets Assorted Toilet Soap, 8 bars fine Electric Soap, 6 lbs. good old Valencia Raisins, Atkinson & Switzer.

### A Fine Bird.

A farmer passing through the village a few days ago on his way to Toronto, having as part of his load to the market, a large eagle which he had caught in a trap a short time before, in the vicinity of Cookstown. The bird was alive and strong, and looked as if he might swoop down if at liberty, and carry away a good sized lamb. Some of our citizens pronounced it an American eagle, and thought it had come to Canada after the presidential election and the advent of Free Trade with the United States. The Cookstown farmer smiled as he said he hoped the prognostication might come true.

The room in which a number of friends pass the evening smoking either cigars or inferior tobacco will have an unpleasant odor next morning. Let the same friends smoke only the Myrtle Navy and they will find quite a difference in the room next morning. If it is reasonably ventilated, as with a fire-place for instance, no unpleasantness whatever will be found. The purity and fine quality of the leaf used is the reason of this.

### Royal Templars.

The next open Council of the Royal Templars of Temperance will be held in the Temperance Hall, Richmond Hill, on Tuesday, Dec. 6th. Chair taken at 8 o'clock. The programme will consist of solos and choruses by the Orchestra, with a collection at the close. The address of the evening will be delivered by the Rev. F. E. Fletcher, B. A., of Maple. Subject: "The Fight of our Age." The well known ability of the speaker should ensure a full house.

### The Star Almanac.

We have received a card from the managers stating that owing to the changes in the Dominion Cabinet, and the desirability of having the names of the ministers with their portfolios correctly assigned they have postponed the issue of the Star Almanac for three or four days. The sale of this 400 page book will be very large, and we predict that many will regret that they did not leave their order in time to secure a copy. Price 25 cents.

### Accident.

Mr. and Mrs. Thos. Cook, of Carrville, met with an accident as they were returning home from this village on Thursday evening just after dark. When they were opposite Mr. J. Boyle's gate a steam thrasher came along and Mr. Cook's driving mare, Maud C., became frightened. He wheeled her into the lane and might have managed the frightened horse himself, but a by-stander caught the bridle rein and turned her into the fence, pulling the cover off the buggy, and throwing the occupants out. The buggy was badly smashed, the mare was slightly scratched, but fortunately neither Mr. nor Mrs. Cook was injured.

### Fire, and Prompt Payment.

Mr. G. H. Husband, dentist, Newton Brook, had a destructive fire on Saturday morning, probably between 3 and 4 o'clock. The fire appears to have originated in the stable or outbuildings, and the contents of the buildings were completely consumed, not a thing being saved. Unfortunately a horse was in the stable at the time and was burned to a cinder. The cause of the fire is unknown. The loss is placed at \$1,500, insurance \$800. Mr. B. Redditt, agent for The Imperial, in which company Mr. Husband was insured, was telephoned for Saturday afternoon and immediately went down, after which the Inspector was notified. The claim was paid on Tuesday.

### Music.

If the Rev. J. C. Speer's lecture on the first night was a good one, his second lecture on "Music; its Power and Mystery," was a far superior one. For an hour and a half the eloquent lecturer held the undivided attention of the audience. At different periods in the course of the lecture, the rev. gentleman illustrated his points by singing. He has a musical voice, and his singing was appreciated almost as much as his lecture. All who were present enjoyed a rare treat. In his younger days, although Mr. Speer is still a young man, he was stationed in Muskoka, for a term. It was hard to realize that the eloquent and finished speaker before us last Thursday night was the same young man who preached here ten years ago. He has great natural ability, and has made the very best possible use of his opportunity, until now he is one of the popular preachers of the day, and has no occasion to fear the Stationing Committee.—Free Grant Gazette, Bracebridge, Nov. 24th, 1892.

### Curling Meeting.

A meeting of the Curling Club was held in the Lorne Hall on Tuesday evening. As usual there was a large attendance, and the deepest interest was taken in the work. The secretary reported that 40 members had joined the club. On motion the Board of Management was instructed to purchase a building from Mr. B. Brilinger, and to make arrangements with the village council to have it placed at the rink for the use of the club. \$5 was, on motion, donated by the club, for the purchase of a trophy to be competed for on the Points' system, and Messrs. Will D. Atkinson and M. Boyle were appointed a committee to manage the games. The election of ten skips then took place by ballot. The following are those selected:—M. Boyle, H. A. Nicholls, Will D. Atkinson, W. H. Pugsley, J. Palmer, D. Boyle, W. Storey, J. Morgan, W. Atkinson, C. McLean. The meeting adjourned until Tuesday night next.

### Manufacturer's Life.

In another column of this issue will be found an advert of the Manufacturers' Life Ins. Co. of Toronto. The Co. in their literature set forth the following as some of the claims which have made it so popular with the people. The largest authorized capital and the largest paid up capital of any Life Company in Canada. The financial position of the Company is second to none. Each policy-holder has a security of over three dollars for every dollar of liability. He has one vote for every thousand dollars of insurance, and an equitable share in 90 per cent. of the profits. This last privilege is secured by the Act of the Dominion Parliament under which the Company was incorporated, and places the Manufacturers' Life in the unique position of being the only Company which is bound by law to return 90 per cent. of its profits to its policy-holders. In form of policy, prompt settlement of losses, equitable dealings with policy-holders, in strength of organization, and in everything which contributes to the security and cheapness of life insurance, the "Manufacturers' Life" stands unrivalled. Any one wanting insurance or information should investigate, or write their agent.

### The Delineator.

The November issue of The Delineator is the first of the three great winter numbers, and its contents are remarkable for variety and appropriateness. The winter styles are finely illustrated and fully described, and the articles on Dress Fabrics and Trimmings supplemented the information contained in the pattern pages. There is a well written paper on Fashionable Furs, and further contributions appear on Knitting, Crocheting, Tatting, Lace-Making, etc. How to Amuse Children is continued in the Child Life Series and some more Out Door Games are given; while for the elders are two excellent recipes for fun in a Witch Party and A Halloween Entertainment. A new series of Sports and Pastimes is commenced with Dancing, the Square Dances being taken up first, and the position of the dancers illustrated. Among the other papers are the second installment of Home-Making and House-Keeping in the far West, the fourth on Forming a Library, some New Sauces, Tea-Table Talks, etc., etc. Altogether the number is remarkably interesting, and the magazine a marvel at its price. A year's subscription costs One Dollar. Single copies, 15 cents. Address orders to The Delineator Publishing Co. of Toronto, Ltd., 33 Richmond St. West, Toronto.

### Masonic.

The masonic fraternity of this district always look forward to a good time on the occasion of the annual visit by the D. D. G. M. Their expectations were more than realized on Monday evening when R. W. Bro. H. A. Collins, of Toronto, paid his official visit to Richmond Lodge. Most of the home members who reside within a reasonable distance of the lodge room were in their places, and the following brethren were present from neighboring lodges:—Vaughan Lodge, No. 54: R. Rumble, W. M.; Leeds Richardson, P. M.; James Kirby, P. M.; T. A. Cousins, P. M.; C. H. Kaffer, P. M.; J. T. Saigen; Dr. Euston Sisley, J. W. Patterson Lodge, No. 265: R. C. Davison, W. M.; W. W. Bates, S. W.; D. B. Birrell, J. W.; Robt. Thompson, I. G.; Jno. Elston, J. D. John Reggin, Wilson Lodge, No. 86. After the lodge was opened in the First Degree, the distinguished officer was announced, and was introduced to the W. M. and brethren present by W. Bros. A. L. Skeele and T. Newton. After a few remarks by R. W. Bro. Collins, in which he thanked the members for the cordial reception tendered him, W. Bro. H. A. Nicholls resumed the gavel, and at once entered upon the main work of the evening, which was to raise two candidates to the degree of a Master Mason. Before leaving the room the D. D. G. M. complimented the W. M. and the other officers on the very efficient manner in which the work was done. He said he was highly pleased, and had every confidence that Richmond Lodge would continue to maintain her good position in the 11th Masonic District. Leaving the lodge room the brethren all repaired to the Dominion House where an excellent fowl supper had been prepared by the host and hostess. The first toast proposed was "The Queen and the Craft," after which the National Anthem was sung. Next came the "Grand Master and G. Lodge of Canada." This was ably responded to by R. W. Bro. Collins. He spoke in the highest terms of several of his predecessors, and made special mention of M. W. Bro. J. Ross Robertson, and the present Grand Master, Col. J. M. Gibson, of Hamilton. The "District Chaplain" was next proposed, and it is needless to say was cleverly handled by the present occupant of that honorable position, Rev. W. W. Bates, of Patterson Lodge. "The Visiting Brethren," brought forth neat responses from most of the visiting brethren. Rousing speeches were also given by W. Bro. Nicholls, Rev. W. W. Percival and others. The two candidates who had been raised to the Third Degree—Rev. J. H. Oliver and T. H. Trench—were also called upon and expressed themselves as well satisfied with what they had learned of Masonry. After the toast to the Host and Hostess, the brethren separated all feeling that they had spent not only a pleasant but a profitable evening.
