"Larchmere" Burned.

"Larchmere," Oak Ridges, formerly the residence of Mr. Wm. Wilcox Baldwin, was burned to the ground on Sunday morning, the 19th of February. This was undoubt-7.42 edly the largest private house in this section of country. In fact it was too large a farm house for any ordinary family. Its large 8 02 and commodious rooms, however, had often been the scene of pleasant entertainment, as many of its rooms were as large us an ordinary ball room. The cause of the fire is unknown, but it is supposed that it was caused by mice igniting matches. The property is now owned by a Mr. Willalms.

As soon as the ceremony was over the company repaired to the dining room and partook of a boungful feast, after which the happy couple departed to take the 11.50 amidst showers of rice and good wishes; Friends and relations accompanied them to Richmond Hill station. They are both widely known and highly esteemed by companions and many friends. The presents were numerous, handsome and useful.

"Important Discovery."

TORONTO, Feby. 28 .- Among the surprising strides made by medical science in the last decade perhaps none is of more importance to hamanity than the discovery of a cure for Bright's Disease of the Kidneys. That this remedy completely masters this terrible dise se as well as all other disease which the Kidneys are subject to is now an established fact. Every day brings news of the most surprising cures resulting from its use The case of Mrs. Brown of Toronto, who, when about to enter the Home for Incurables, given up by the Hospital authorities as well as by fifteen prominent medical men, also that of Sam. Murray of Gravenhurst, who was given up by four doctors and who was paid his life disability claims by the Grand frunk R'y, has attracted widespread attention. Both were completely cured by Dodd's Kidney Pills.

The Weston Accident.

A serious accident happened at Weston on Wednesday evening of last week. Humber Masonic Lodge were holding au "At Home" when the upper floor of the ball in which it was being beld gave way, precipitating the brethren and their guests to the ground flat. The audience had been enjoying an entertainment in the upper hall, and had just arisen to go below for refreshments, when, without the slightest warning, the floor gave way in the centre forming a funnel into which everybody and everything in the room were thrown. About 120 people were heaped together. Fortunately the joists held to the sides of the building, which protected several people below from being crushed to death. Barn Burned.

Shortly after 10 o'clock on Sunday night last the firemen and citizens were called out by the ringing of the " fire " bell. The fire was soon located in the northern part of the village when the engine and hook-and-ladder truck immediately started for the scene. They did not reach the place, however, as it was seen that the flames came from Mr. Dobson's barn in the front field, just opposite Wright's carriage shops, and nothing could be done to save the building. In a short time it burned to the ground. It is understood there was nothing in the barn except a quantity of hay, a few oat sheaves, a fanning mill and a waggon. The latter was pulled out but was badly damaged. Fortunately there was no live stock about supplies from the firm of T. W. Ness, of I the barn except a large number of rats. Montrea!. Sara Lord Bailey.

Every person who heard the Recital by Sara Lord Bailey in the Masonic Hall on Friday evening, came away from the hall well pleased. There was a fair attendance, although the programme presented by the talented elocutionist should have been sufficient to pack the house. Every selection was well received and thoroughly enjoyed. Little surprise was it that lovers of the dance felt a difficulty in remaining quiet during her spirited and natural rendition of " Money Musk." But " The Royal Burnper Degree" convulsed the audience with laughter, as the different mitiatory steps of an alleged unfortunate canditate were minntely and deliberately explained. During the evening she give two numbers woich were extremely "heavy." The former "Life for Life," followed by "The Chariot Race," In "Life for Life" she held her audience spellbound, and the description of the hero was so real that one scarcely felt at liberty to breathe until the brave and fearless Jew escaped from the lims in the Roman amphitheatre. "The Chariot Race" was given by request, and this also was train for Toronto, Woodstock and the west, deservedly appreciated. Her interpretation of this parrative by General Lew Wallace was thrilling, although she naturally began to show fatigue after such a heavy program. So well were those two last pieces given that the audience readily bowed their acknowledgements when the chairman ventured the remark that the selections had never been given better in this section of country. The very interesting programme closed with "Baby Boy." For the success of the entertainment much credit is due to the chairman, Rev. J. C. Speer, who performed his part admirably, and rested the elocutionist by his pleasing and witty remarks between the various numbers. After singing the National Anthem, Mr. J. T. Saigeon, the popular auctioneer, of Maple, kindly came forward and auctioned off a number of old magazines for the fustitute. The bidding was spirited, and in less than an hour a large amount of useful literature was distributed among those who have a love for reading. The Mechanics' Institute, under whose auspices the entertainment of Friday night was given, is to be congratulated on the success of the whole affair.
