

Clean up! Clear up!

Now as Spring opens with the increasing power of the sun, and freshets dissolving and distributing the accumulations of filth and decayed vegetable matter during the winter, protect yourselves and families from Cholera, Typhoid, Diphtheria, and kindred diseases. Clean out the drains and water-ways, clear up all decayed matter, distribute freely Chloride of Lime, Carbolic Acid, Sulphate of Iron, Phenol, on all places that are polluted. Our stock in the above disinfectants is complete and now is the time to use them.
