The latest paper in styles and patterns will be found in the new stock of Atkinson & Switzer.

Avoid all Injurious Habits.

Tea drinking is an injurious habit, and nervous people should be careful in the use of it. It is not a food, it is not a tonic, and if drunk strong it may be as baneful in its effects as brandy would be. Anyone who feels as if they were a bundle of nerves should give up both tea and tobacco, and use Membrey's Kidney and Liver Cure, which will help them to exist in comfort without them.

Thornhill.

The Lawn Party at Mrs. Lindsey's last Wednesday night was quite a success. The music by the choir was suitable and thoroughly enjoyed. The piano solo by Miss Elsie B. Wilson was well executed as was also her duet with Miss Mary Macdonald. Rev. T. E. Shore, B. A., of Maple, delivered an excellent address. The ebullient of the evening, Miss Elsie Croft, B. E., of Toronto, acquitted herself very creditably and especially in her opening selection, entitled "Selling the Farm." The proceeds, clear of expenses, amount to over \$20, which will be handed over to alleviate the church debt.

We don't propose to know everything, but what we don't know about goods in our line of trade is not worth knowing and would not take a minute to tell. Atkinson & Switzer.

School-Board Meeting.

The School-Board held its monthly meeting on Monday, Sept. 4th. Members present Messrs. A. Newton (chairman), J. A. E. Switzer (secretary), R. Marsh, F. McConaghy, W. French, M. Naughton, W. H. Glass, J. Boyle, W. T. Storey, D. Lynet, Dr. Wilson. The Minutes of last meeting were read and adopted. Accounts from T. F. McMahon re. Departmental & Entrance Examinations, &c. were read, amounting to \$22.67, and ordered to be paid. Principal Clubine of the Public School drew the attention of the Board to the necessity of having the schools well cleaned, and trustee Wilson spoke of the desirability of removing the old woodshed between two of the rooms, with a suggestion that it be thoroughly cleaned. The matter of both the above was left in the hands of the committee of management. On motion of Mr. Trench, seconded by Mr. Lynet, the teachers of the High School, and the Principal of the Public School were allowed to close their rooms on Tuesday to attend the picnic in North York. The meeting adjourned.

To Excel all Others.

The Toronto Exhibition which opened on Monday and will continue until the 16th September, promises this year to excel all previous ones. Every foot of space in all the buildings has been allotted, and the exhibits are attractive and of greater importance than usual. The new horse stables and cattle sheds erected this year are the most modern on the continent, and visitors will be able to inspect the stock at all hours of the day. The grounds have been thoroughly drained, new roads constructed, new sidewalks laid, and many other improvements have been made since last year. The interest which is being taken in this year's show extends to all parts of the Dominion, and there will be many visitors from the United States and Europe. The special attractions are numerous and novel, and include a great Arabian Circus with camels and dromedaries, &c., and an exhibit of natives from the foreign villages on the Midway Pleasance at the World's Fair, a great military Tournament and Spectacle representing the battle of Tel-el-Kebir in Egypt with 300 British and Egyptians, troops, Artillery and Cavalry, &c., magnificent fireworks displays nightly by Pain & sons, of London, England, a grand Electrical Exhibition, International Dog Show, Prof. Buckley's educated horses, a troupe of wonderful dogs, and a great entertainment by specialty artists. Hungarian Gypsy Orchestra, Military and other bands selected from the best in the Dominion, exhibition drills by the Highland Cadets of Montreal, the wonderful two-headed boys known as the Tocci brothers and a host of other features interesting, educational and amusing, all of which will make an exhibition and entertainment worth going many miles to see. There is no doubt that the Toronto Fair this year will have such an attendance of visitors as the city has never seen at any one time before. Very cheap excursions have been arranged on all railways.

Two high aims—One to make our goods the standard of quality, the other to make our figures the standard of low prices. Atkinson & Switzer.
