World's Fair Letter.

(Ontario Press Bureau Special.)  
WORLD'S FAIR, Jackson Park, Chicago,  
October 4th.—Chicago Day, with its  
marvellous attendance of over three-  
quarters of a million people, its gorgeous  
pageants, its fireworks and attractions  
innumerable, is now enshrined among  
other memories of the White City. Sat-  
urday next, 21st, has been set apart as  
Manhattan Day, when the citizens of  
New York are expected to come en masse,  
and rival as far as may be the birthday  
of the new Chicago, and the last day of  
all, Columbus Day, is looked forward to  
to furnish at least a million people. With  
winged feet the days are marching on to  
the close, when the turnstiles will click  
no longer to the entrance of visitors, and  
when the derrick, the axe, the saw and  
the chisel will begin to compass the des-  
truction of such of the white palaces as  
are fated to exist no longer. Just how  
far the hand of the destroyer will go has  
not yet been decided. Nothing official  
has been announced, but from the uter-  
ances of those high in authority it would  
seem as if a determined effort would be  
made to retain some of them.

Winter comes on apace. Yesterday  
morning Italian skies and the tempera-  
ture of the tropics; an hour after a damp  
chill fog, and to-day a cold bleak wind  
with indications of snow. Still the  
crowds come pouring in, more arrive  
than are departing, and it is not likely  
the admission will fall below 200,000  
henceforward, with every prospect of ex-  
ceeding that number. The Exposition  
will be officially closed October 31st, but  
the gates will remain open for some time  
longer, as the actual demolition will not  
begin immediately, and much will still  
remain to be seen.

The quantity of Ontario fruit arriving  
every day is almost overwhelming, and  
nothing but sheer lack of room prevents  
our making a display which would fairly  
paralyze all other exhibitors. Superin-  
tendent Pettit has found it impossible  
to make an exhibit of districts as he intend-  
ed, but the fruit has been brought under  
the notice of the jurors under that classi-  
fication, and awards will be so granted.

Among the notable features of the fruit  
exhibit is a sample of the Princess Louise  
or Wolverton apple, a seedling grown by  
Mr. L. Wolverton, of Grimsby, the ener-  
getic superintendent of the pomological  
department for the Dominion. Its large  
size, excellent color and fine flavor have  
been specially noted by the jurors, who  
pronounced it equal to the Fameuse,  
with better keeping qualities. It should  
come into general favor as a Christmas  
dessert apple. Another novelty was a  
basket of sweet potatoes from Brantford,  
the equal in size and quality of any from  
the Southern States. What with lemons  
and oranges, figs and sweet potatoes, all  
of which have appeared in their season  
on our tables, there is no telling what  
Ontario may do in the near future under  
the stimulus of World's Fair competition.

Quite a large party of interested spec-  
tators witnessed the boring of the big  
cheese by Prof. Robertson on Friday  
morning. Among them were W. Bissell,  
of Brockville, president of the Eastern  
Dairyman's Association; W. Ajar, ex-  
president; D. Derbyshire, D. M. Mac-  
pherson, of Lancaster; Jas. Bayside,  
M. P., Glengarry; Andrew Patullo, of  
Woodstock; Col. Patton, of Bromes, re-  
presenting the Quebec Dairy interest, and  
the dairy commissioners from the com-  
peting states. A trier 33 inches long was  
bored into the mammoth and the plug  
inspected by the judges of the regular  
exhibit, Messrs. A. F. Maclaren, of  
Windsor, G. E. PerLee, of New York,  
and A. H. Barber, of Chicago. The  
same scale was applied to the big cheese  
as to the smaller ones in the dairy barns,  
and it was rated at 95 points out of a  
possible 100. Mr. PerLee said to me  
that he considered the cheese a great  
piece of work and a credit to the maker.  
The flavor, texture, &c., were very re-  
markable for the length of time made.  
He had never tried a large cheese that  
was so good, and it is wonderful that it  
has retained its flavor in the temperature  
to which it had been exposed. Mr. Mac-  
laren said it was really marvellous how  
the cheese had come through the hot  
weather, with a temperature frequently  
of nearly 100. The texture was exceed-  
ingly good, the flavor was a little sharp  
and biting, but wonderfully fine all things  
considered. He was pleased to say as a  
Canadian that he was proud of the cheese.  
Mr. Barber concurred in the remarks of  
the other judges.

The big cheese, as most people will re-  
member, was made by Mr. J. A. Ruddick,  
at Perth, Ontario, in September, 1892,  
and it is no small feather in his cap to  
have such nice things said about it, while  
no stronger testimony could be given in  
the keeping quality of the cheese product  
of the leading province of the Dominion.

The judging of the regular cheese ex-  
hibit has been going on continuously this  
week, and is not yet finished. It is as  
yet too soon to give any particulars, but  
I am able to say that the cheese of 1892

scored very high, and that those of 1893  
will likely be away up also.

The stock barns which have resounded  
to a medley of sounds for the past two  
months, are now in possession, for the  
most part, of fowls of high and low de-  
gree. The Ontario contingent consisting  
of over 1200 birds, in seven cars, arrived  
to-day in charge of Mr. Henry Wade,  
secretary of the Ontario Commission,  
and are now installed in their cages, to  
await the decision of the judges, who  
will begin work on Monday. The On-  
tario fowls will make up nearly half the  
entire exhibit, and it needs no very ex-  
pert observer to forecast a good measure  
of success for our breeders. The poultry  
department is under the charge of Mr.  
Allen Bogue, of London, well-known as  
one of the leading poultry fanciers of the  
Province, and well qualified for the  
position.

Four car loads of thoroughbred, and  
troting horses, fat cattle, and sheep have  
also arrived, and will appear in their  
several rings next week, and give a good  
account of themselves, no doubt.

The swine classes were judged towards  
the end of the week. The only classes in  
which Ontario breeders were represented  
were Suffolk, improved Yorkshire, and  
Tamworth. In the former class one  
animal owned by Mr. Joseph Feather-  
stone, of Springhill-on-the-Credit was a  
first prize winner, while in the York-  
shires that gentleman and Mr. J. E.  
Bretbour, of Berford, had the field  
pretty much to themselves. In the  
Tamworth class Messrs. John Bell, of  
Auber, and James Calvert, of Theford,  
took the lion's share of the prizes.

The sheep and swine were all shipped  
home this week, except such as were  
sold, and these were pretty numerous, by  
the way. A good many orders being  
also booked for delivery from home.  
Sales were made by D. A. Campbell,  
Gibson & Walker, Wm. Walker, W. H.  
Beattie, John McGillivray, I. G. Snell &  
Bro., Jas. Snell, Wm. Oliver, John Camp-  
bell, John Jackson & Son, Peter Arkell,  
R. Miller and D. J. Jackson. In all 90  
animals were disposed of, aggregating  
\$4745. All went to U. S. breeders ex-  
cept one lot to the Commissioner for  
Salvador, in Central America, who also  
purchased some Yorkshire swine. Messrs.  
Featherstone and Bretbour sold quite a  
number of swine and arranged for the  
shipment of others.

Thos. W. Edison, the celebrated electric-  
ian, was an exceedingly interested  
visitor to the Ontario Mining Court, and  
expressed himself as highly pleased to  
Superintendent Boyle, who showed him  
about. Mr. Edison was specially taken  
with the exhibit of platinum, of which he  
uses a very large quantity. He predicts  
a great future for Ontario as a mining  
country.

The third page of the Toronto Daily  
Mail is noted for "Want" advertisements.  
If you want a situation, a mechanic, a  
business, machinery, lodging, if you have  
lost or found anything, or if you want to  
find out where anyone is, advertise in the  
Toronto Daily Mail, and read the ad-  
vertisements on the third page of that  
paper. The charge is two cents a word  
each insertion, or ten cents a word for six  
insertions. Address The Mail, Toronto,  
Canada.

Toronto Notes.

The number of our citizens who visit-  
ed Chicago during the last three weeks is  
hardly short of the marvellous.

The Trades and Labor Council have  
declared themselves in favor of a statu-  
tary half-holiday.

The question "Is higher education too  
cheap?" is being discussed. The profes-  
sional supply greatly exceed the de-  
mand.

Lord Aberdeen will preside at the  
annual meeting of the Childrens Aid  
Society to be held at the pavillion Friday,  
29th Oct.

Fault is found with the paving brick  
being used on the streets. It is claimed  
that it is not vitrified as called for.

Members of the Street Railway Men's  
Union will hereafter be able to get a  
complete outfit for \$475 less than if  
they were purchased by the company.  
They can according to the new rule pay  
for them in weekly instalments.

Mrs. Wilson, of 5 St. Vincent St., re-  
ceived \$3,000 verdict last week against  
the city on account of injuries received  
by a fall on Grenville St. last winter.  
The damages are the heaviest ever re-  
corded against the city in a case of per-  
sonal injuries.

**RHEUMATISM CURED IN A DAY.**—South  
American Rheumatic Cure for Rheuma-  
tism and Neuralgia radically cures in 1 to  
3 days. Its action upon the system is  
remarkable and mysterious. It removes  
at once the cause and the disease im-  
mediately disappears. The first dose  
greatly benefits. 75 cents. For sale by

On Tuesday as Mr. J. Kirby and Mr.  
Brooks were working at a new wind-mill  
at Mr. J. McNeil's barn, Mr. Brooks  
slipped and fell from it to the barn and  
thence to the ground a distance of about  
twenty-five feet. He had one of his  
wrists broken and was otherwise bruised  
and badly shaken up.

One night last week burglars tried to  
effect an entrance into E. Caldwell's  
tailor-shop but were heard in time to pre-  
vent them getting in.

Mr. J. Dalton and family left on Tues-  
day night for the North West where her  
husband has been preparing a home for  
her during the last few months.

Mr. T. Cousins has disposed of his  
dwelling house and a couple of lots to  
Mr. Perry, of Toronto, and intends build-  
next summer.

Miss L. Rumble is visiting friends in  
Weston.

Beech-nutting parties are quite frequent  
now, some of the ladies taking excur-  
sion to the woods to gather the nuts. They  
generally take a small boy along to shake  
the tree.

Miss Annie Browne, of Toronto Gen-  
eral Hospital spent Friday and Saturday  
with her parents here.

**RELIEF IN SIX HOURS.**—Distressing  
Kidney and Bladder diseases relieved in  
six hours by the "Great South American  
Kidney Cure." This new remedy is a  
great surprise and delight to physicians  
on account of its exceeding promptness  
in relieving pain in the bladder, kidneys,  
back and every part of the urinary pas-  
sages in male or female. It relieves re-  
tention of water and pain in passing it  
almost immediately. If you want quick  
relief and sure this is your remedy. Sold  
by W. A. Sanderson, Druggist.

**Ladies!**  
Ladies, do you know that there  
are some preparations on the market  
that are so adulterated that they are  
unsafe to use? especially in the  
preparation of the food supply, and  
no preparation can admit of adulter-  
ation so much as baking powder;  
don't use a cheap or any other kind  
of baking powder that you do not  
know what it is composed of; well  
if you use a baking powder use one  
which you can place confidence in;  
my baking powder is perfectly pure  
and mixed with the greatest caution  
and of the purest articles in the  
market, and the composition of our  
powder is no secret, you can mix it  
yourself, or I sell it ready prepared  
for twenty-five cents per pound.
