SEEKING PROHIBITION.

The Temperance Convention held in Toronto this week seems bent on pushing matters to an issue. On Tuesday a large deputation waited on Sir Oliver Mowat and other members of the Ontario Government and by what can be learned the interview was satisfactory to the temperance party. The Government was asked to introduce at the earliest opportunity prohibitive legislation to the full extent of its jurisdiction.

During the past year it has been frequently said by those who wished to throw discredit on the Government that the Ontario Premier was not in earnest on the temperance question, and that he granted the plebiscite merely to shirk further responsibility. What he told the deputation on Tuesday should satisfy the most pronounced prohibitionists, and what he said admitted of only one meaning. The following are his exact words bearing on the question:—

"If the decision of the Privy Council should be that the province has the jurisdiction to pass a prohibitory liquor law as respects the sale of intoxicating liquors I will introduce such a bill in the following session if I am then at the head of the Government. If the decision of the Privy Council is that the province has jurisdiction to pass only a partial prohibitory law I will introduce such a prohibitory bill as the decision will warrant, unless the partial prohibitory power is so limited as to be ineffective from a temperance standpoint."

The Saturday Edition of the Toronto Daily Mail is a beautiful paper full of news of the world and special articles of interest to men, women and children. The Women's Kingdom Department, edited by "Kit," is the brightest in America. The Flaneur and Boys and Girls are both very popular departments. There are over \$250.00 worth of engravings in each issue of The Saturday Mail. You should have it. Two Dollars a year. Address, The Mail, Toronto, Canada.

Headford.

The people of this place and vicinity met in the basement of the church here last Friday night, it being the night appointed for our social. Judging from the number present, the fine weather that night was taken advantage of, it being the largest social ever remembered at this church. The proceeds amounted to something over \$22. Although we were disappointed in getting our programme for the evening, still every one seemed to be enjoying himself and herself and went home feeling well satisfied with the evening's enjoyment, after doing justice to the provisions which were so bountifully provided.

On Saturday the young people again gathered at the church to straighten up after the past. They spent a merry time, some of the young ladies trying to teach the boys the art of washing dishes, while some of the others were making taffy, which was enjoyed by all.

Miss M. Munroe, of Toronto, and Miss L. Lunau, of Unionville, formerly of this place, are around visiting their friends.

Miss A. Comisky is visiting friends in Toronto.

Mr. Edward Elson, of Toronto, spent Sunday at home.

Miss Morgan, of Davisville, has been visiting Miss Comisky.

Miss Boothby has been the guest of Mrs. J. Wellman.

RHEUMATISM CURED IN A DAY.—South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. Langstaff

An enjoyable time was spent at the Debating Club last Monday evening, all present taking a lively interest in discussing the different topics. Mr. D. James acted as time-keeper, and at the close of the programme commented upon some of the remarks he had heard during the evening. Next week there will be a debate on the subject "Resolved that there is more enjoyment in a rural district in summer than in winter." All will do well to give the subject their consideration before coming to the meeting, as the speakers will be chosen that evening. The meeting is free to all.

Our village may expect a glorious surprise before long, as one of our young authors intends publishing in THE LIBERAL a tragical story entitled "The expected murders and suicides of Langstaff."

The farmers of this locality have apparently decided to keep cool this summer, as those who have ice houses are

filling them as quickly as possible, while others are erecting buildings in which to store away a supply of this valuable article.

We would advise the young men who pass through this village Sunday evening, en route for Carrville, that they leave their dog at home, since persons seeing the animal know that its master is not far distant.

Miss H. Boynton, of Victoria Square, paid us a flying visit Tuesday of this week.

Miss Nellie Drury, of Toronto, has been home for the past few days.

Mr. and Mrs. D. Boyle, of this place, visited Mr. Morgan, of Scarboro', last Sunday.

Mr. J. O. Clubine, of Toronto University, and Mr. E. A. James, of Newmarket High School, spent Sunday last at their respective homes.

School Board Meeting

The annual meeting of the School Board was held yesterday.

Members present: Messrs. Newton, Switzer, McConaghy, Trench, Storey, Clubine, Glass, Lynet, Naughton, and Dr. Wilson.

The election of officers for the year resulted as follows:

President,—Andrew Newton;
Sec. Treas., J. A. E. Switzer;

Committee of Management,—Messrs. F. McConaghy, D. Lynet, J. N. Boyle.

Communications read showed that \$13.40 from Markham part of School Section and \$13.57 from Vaughan would be paid the trustees on application, from municipal grant.

The secretary was instructed to pay Mr. B. Edditt the sum of \$20 for insurance on the buildings.

The average attendance in the Public School for the month of January was shown to be: 1st division, 46; 2nd, 51; 3rd, 43.

A communication was read from Mrs. Wiley asking for an increase in salary.

Mr. Naughton thought that as all the teachers had been re-engaged and had accepted for the present year it would not be advisable to increase the salaries.

Mr. Switzer and Mrs. Storey thought that at Mrs. Wiley now had an extra class the salary should be increased.

Moved by Mr. Switzer, seconded by Mr. Storey, that Mrs. Wiley's salary be raised \$25, making it \$275, the same as the salary in the 2nd department.

Moved as an amendment by Mr. Naughton, seconded by Mr. Trench, that the salary remains as at present. The amendment was carried.

Dr. Wilson proposed that a bonus be granted for the time Mrs. Wiley has the extra class. This was concurred in by several of the trustees, and the matter was laid over.

The committee was instructed to procure some books for the High School.

An agent exhibited some very useful school charts, but the Board decided not to purchase at present.

Testimonials.

The following are a few of the hundreds of testimonials relative to the ability and attractiveness of Sara Lord Bailey, who will give one of her grand Dramatic Recitals in the Masonic Hall this (Thursday) evening, under the auspices of the Mechanics' Institute:

Miss Sara Lord Bailey made a decided hit with her recitations. Miss Bailey's elocutionary efforts were a revelation, and she proved herself the ablest elocutionist who has visited Canada since the days of Mrs. Scott-Siddons.—Toronto News.

The auditorium was crowded last night to hear the concert given by the management. Seldom, if ever, has Miss Sara Lord Bailey's rendering of "Life for Life" been equalled in this city. This lady possesses a voice of great range, and is especially clear in dramatic recital.—Toronto Empire.

Bond street Congregational church was crowded to the doors last night to hear Miss Sara Lord Bailey, the Boston elocutionist. Miss Bailey's elocutionary efforts were exceedingly fine. She has seldom, or ever, been excelled in Toronto. Bond street people were more than delighted, and showed it by their frequent encores.—Toronto Globe.
