# The Liberal.

RICHMOND HILL, Thursday, May 17, '94

The Ontario Legislature has been dissolved, and writs have been issued for a new election to be held on Tuesday, the 26th of June, the nominations to be held a week earlier.

### "TRUTH BEFORE FAVOR."

The Toronto Junction Leader of last week said:

"There doesn't appear to be much force in what the Richmond Hill LIBERAL says about Dr. Gilmour's views harmonizing with those of the Patrons of Industry, when it is known for a fact that the Hon. Sir Oliver Mowat himself is to be opposed by a Patron of Industry candidate in North Oxford!"

It is true the Patrons of North Oxford have a candidate in the field, but notwithstanding this, many of the members of that society are free to admit that Sir Oliver Mowat is one of the very best friends the farmers of this province ever had. As we pointed out in a former article the only plank in the Patrons' platform not in accordance with the Liberal policy is that which refers to the election of county officials. Will the Leader kindly publish from the Patrons' policy anything else of importance in which they differ?

In its issues previous to last week the Leader made clumsy endeavors to deceive its readers by showing its candidate—Mr. St. John—forward as a model for the P. of I. to follow. In one place it said, "So far as I can learn Mr. St. John stands upon precisely the same platform as do the Patrons of Industry," &c.

We modestly asked our cotem to point out the simile referred to, but instead of granting what we believed to be a fair request, it replies by referring to the Succession Duties as an "iniquitous measure," taunts Dr. Gilmour for supporting it, and insinuates that the Patrons are against it.

It further states, "When a farmer dies, leaving property valued at ten thousand dollars or over, Hon. Mr. Mowat insists that ten per cent. of the whole of that amount must be paid into the public treasury." In this quotation the Leader either tries to deceive, or is totally ignorant of the meaning of the Act. In the first place, why say farmer when the Succession Duties apply to all classes of people? Then again, the ten per cent. referred to only applies to estates where there are no near relatives.

Near relatives, such as father, mother, children, husband, wife, &c., pay no duties whatever, except when the estates exceed \$100,000. All property bequeathed or given for religious, charitable or educational purposes is also exempt. And here let us say that since this "iniquitous measure" was passed in Ontario, every other province in the Dominion has passed a law similar to it. We are not aware that the Patrons have ever opposed it.

The Leader evidently thinks the Patrons are easily satisfied relative to the tariff changes. It says: "The farmers have got all they asked for—what more could they want?" In another place it says that "the Dominion tariff is a tariff for revenue only." The Patrons know well that the Dominion tariff is a tariff to protect the manufacturers at the expense of the farmers.

The Leader gives several other reasons why the Patrons of Industry should follow Mr. St. John and the Conservative party, but we are bound to say they are all as misleading as those to which we have referred. When it next professes to give reasons why its candidate should receive the Patrons' support, the Leader

should take a glance at the excellent motto which stands under its head line, "Truth before Favor—Principles, not Men."

If you want to buy or sell a farm, advertise in the Toronto Weekly Mail. That paper reaches 100,000 farmers homes every week and your advertisement should meet the eye of some one who wants to purchase. Advertisements of this class are inserted in the Toronto Weekly Mail for Five Cents a word for each insertion. Twenty Cents a word for five insertions. Address The Mail, Toronto, Canada.

### House Breaking.

Last Sunday evening while the family of Mrs. Susan Doner, who live about a mile and a quarter north of Victoria Square, were at church, sneak thieves entered the house and ransacked the place from cellar to garret. The party first gained an entrance through the summer kitchen window, after which they cut the screen door into the pantry and then burst the lock of the door leading into the main part of the house. They burst open bureau drawers and left everything topsy-turvy. It was apparently money that the thieves wanted as scarcely anything else was missed. They only succeeded in getting \$2 in money belonging to Mrs. Doner, and 30 cents which they took from the trunk of the hired man, after first breaking the lock. They also carried off a watch belonging to Mrs. Doner. A suspicious looking character was seen in the neighborhood during the day, but there is a doubt as to who the party is that committed the cowardly act.

### PERSONALS.

Mr. and Mrs. P. Patterson have returned to the old home for the summer.

Mr. John Palmer is acting as a grand jurymen at the Quarter Sessions Court now being held in Toronto.

Mr. Geo. B. Tait, of Toronto, spent a few days in the village with his cousin, Mr. Geo. McDonald, and returned home on Monday.

Mr. W. H. Glass, of this village, and Mr. Comisky, of Headford, were at the last meeting of the Quarterly Board of the circuit appointed as representatives at the coming District Meeting.

Mr. Harry L. Eichinger, who succeeded this spring in obtaining his degree of B. E. at the Delsarte College of Oratory, Toronto, has returned to his home in New Cumberland, Pa., after a visit of two weeks at "Elms Lea," the residence of Mr. Wm. Marsh.

We are pleased to learn that Rev. Wesley has been eminently successful in his recent theological examinations in Toronto. He took a first-class standing in the various branches, and this completes his full course of study. Mr. Dean always preaches good sermons, but now that his examinations are over, his congregations in the future may expect even better discourses than he formerly gave.
