

## MR. GRUNDY HAS NO GRIEVANCE

Mr. James Stevenson, the Conservative M. P. for West Peterborough, was asked by a reporter of the Ottawa Free Press what his constituents thought of the case of Mr. Grundy, the dismissed Deputy Registrar of Peterborough, over whose case some Meredith papers have been making such a noise. "Nobody in Peterborough thinks Mr. Grundy has any grievance," responded Mr. Stevenson. "The people there are satisfied that the Registry Office is well conducted, and they would have justified the Registrar had he dismissed Mr. Grundy sooner than he did. Neither the Government nor the public know anybody in connection with the registry office except the Registrar. Mr. Grundy was not dismissed because of the evidence he gave in Toronto, but because of a letter sent to the papers after his return to Peterborough. The people of Peterborough take no stock in Mr. Grundy or his grievance, and they have no fault to find with the Registrar." The Free Press commenting editorially on Mr. Stevenson's view of the case, says: "In view of the statements made by Mr. James Stevenson, the Conservative M. P. for Peterborough, in the interview published in another column, the efforts of the Meredithites to make capital out of the case of Mr. Grundy, the ex-Deputy Registrar of Peterborough County seems extremely ludicrous. Mr. Stevenson is no doubt as anxious as any other Conservative to assist the party, but he realizes that there is nothing to be made out of the Grundy case. The residents of Peterborough, Conservatives and Liberals, who know all the circumstances, have no sympathy with Mr. Grundy, and the fact that the Tories have to endeavor to make capital out of such a matter indicates the complete absence of serious ground of attacking the Mowat Government."

Referring to the Patrons of Industry it is worthy of note that the "Farmer's Sun" expresses the opinion that the agitation for the election and payment of salaries of provincial officers in the counties "was started by land speculators," who wish thus to make other people pay for their transactions. It says: "They require the services of these officials most frequently—indeed no man who does not buy or sell land requires the aid of a registrar—and it seems right that the registrar should be paid by the person who requires his services. To abolish the fee system and put the man on salary, as some propose, would be to call upon us all to aid in the payment of an official the services of whom 900 out of every 1000 never require. This view and all other views will, no doubt, be fully heard by the commission now taking evidence from every source on the entire question of appointment and payment of public officials, and we have no doubt that in this matter, as in all other questions that he has been called upon to settle, Sir Oliver Mowat will take good care that the public interests shall be conserved."

The Protestant Protective Association has twenty-seven candidates in Ontario constituencies running for the Legislature. Of these no fewer than seventeen are, or have been, Conservatives. There seem to be no former Liberals among their candidates. Eleven of their candidates are Patrons of Industry, and one of them is an "Equal Righter." It seems, therefore, that while the Patrons of Industry are mostly Liberals, or of Liberal sympathies, the Protestant Protective Association is mostly Conservatives.—Montreal Witness.
