An Old-Timer.

The heavy travel to Atkinson & Switzer's store necessitated the laying of a new side walk in front.

" Men of the Movement."

" Men of the Movement," the first of the seven monthly parts of "Ten Years of Temperance," has just been issued from The Templar publishing house, Hamilton Can. Its literary and typographical excellence is in every way creditable to the publishers and cannot fail to intensify the desire of its readers to secure the succeeding numbers. Among the full photogravures are very fine likenesses of the late William H. Howland, Sir Oliver Mowat, Hon. George W. Ross, Minister of Education, Hon. S. H. Blake, Q. C., and George F.Marter, M.P.P., and others eminent in the world of letters-ministers, lawyers, editors, and of trade, thirty in all. The price of the book is only 25 cents, or one dollar pays for the whole seven parts, if remittance is made to The Templar publishing house, Hamilton, Out.

Hamlet once said, "Put money in thy purse." Had he been living on Richmond Hill to-day he would have framed this advice to read, "Trade entirely with Atkinson & Switzer."

Canada's Great Fair for 1894.

The Toronto Industrial Exhibition, which is to be held from the 3rd to the 15th of September, will no doubt be the greatest fair of the present year, and from present indications it promises to excel all others, both in point of exhibits and in attendance of visitors. The grounds have been vastly improved since last year, and already most of the space in all the buildings has been applied for. All entries close on the 11th of August. A good programme of special attractions, both novel and interesting, will be provided as usual. It is only a little over a month to the time of the fair, and our readers cannot choose a better holiday trip than this offers. Cheap excursions will as usual be run on all railroads at rates in keeping with the times. The great Fair has now become one of the best and most popular educational and entertainment enterprises on this continent, and attracts visitors each year, not only from all parts of the Dominon but from the United States as well, and those who have never been there would be surprised at its magnitude and attractiveness, being almost like a World's Fair only on a smaller scale,
